19TH YEAR. NO. 274 EAST LIVERPOOL, O., WEDNESDAY, NOVEMBER 19, 1902. TWO CENTS.

RIGHT OF WAY GRANTED IN CALIFORNIA HOLLOW

Work on the Youngstown and Southern Street Railway Is to Be Commenced Without Delay.

VISIT HERE OF CHIEF OFFICERS OF THE ROAD

The hopes cherished by the people of East Liverpool for years that a cross-county railroad would finally be built, have at last been realized, and work upon the construction of this line will be commenced within a few months.

Accounts have appeared in the News Review from time to time to tell of the progress being made by the Youngstown & Southern railway in the matter of securing rights of way from Youngstown to the Ohio river at this point. It would seem that these reports have not been exaggerated in the least, and that even more headway had been made than the general public had any idea of. There has never been a better example of the fact that a company of this character which means business, and has the capital to back it up, can accomplish its aims in a remarkably short time.

J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department, arrived in the city yesterday morning, as was exclusively announced in the News Review, for the purpose of securing rights of way and special privileges from the city for an entrance and southern terminal of the Youngstown & Southern electric railroad.

Agents of these officials had been here previously, and reports to their superiors tended to show that when the real powers arrived they would meet with encouragement for their project from the people of the Crockery City. They had not been misinformed, for shortly after landing it was apparent that anything within reason which might be asked would be freely given.

Preparations were made for the securing of the right of way down California hollow, but had not progressed far when it was discovered that a right of way from a point out in St. Clair township to Sheridan avenue in this city was already in possession of a land company of East Liverpool, and could be had for the asking.

Some time last spring the Bloomfield Land company, composed of George H. Owen, N. G. Macrum, J. W. Gipner, O. C. Vodrey, Phil Morley and W. H. Vodrey, all men of excellent business judgment, conceived the idea of obtaining if possible this right of way. The main object at that time was to gain an entrance to the city from the loca-

FURIOUS BATTLE BETWEEN BROTHERS

The Woolleys of the Shantyboat District Engage in a Fierce Conflict.

ONE OF THEM BADLY USED

Stones Were Used And Dave Woolley's Head Showed Their Effect—His Brother Found Hiding in Bed When Officer Sought Him.

Shantytown broke loose again yesterday afternoon when the Woolleys, after spending a few hours in resorts on Smoky row, started in for a free-for-all mixup at their house boat, located near the old flint mill. Although "Slick" and Dave Woolley, brothers, were the principals in the melee, their mother and several others had a hand during the clashes and it has been many weeks since more excitement prevailed in the vicinity.

In stature Dave excels his brother, but as a fighter he will have to take a back seat. They came together on the beach a few yards from the boat and the battle that followed is perhaps without a precedent among brothers in this locality. Slick became very much enraged, it is said, because Dave had been abusing their mother, and as he always detested anything brutal, thought that nothing but a sound thrashing should be administered. If the face of Dave is proof he without doubt carried out his idea.

No ring was marked off for the two combatants, but they stayed within a circle of 20 feet. Ungloved but armed with large stones they fiercely struck at each other and many blows were landed. However, one landed on Dave's right cheek bone and put an end to the scrimmage. Like a water soaked log he dropped to the ground and Slick scampered away to the boat with the bout to his credit.

The fight was over and everything was quiet on the banks of the Ohio when Officer McDermott was called. The big and handsome cop had no trouble in laying hands on Dave. In the same spot where he had fallen he still rested. But Slick had gone into hiding. Mrs. Woolley came to the officer's rescue and told him that her beloved offspring was in the boat, feigning sleep. Into the boat dashed the officer and for a moment hunted in vain. He could see nothing but a big bundle of bed clothing stacked on a bed. He was about to leave when he noticed a slight movement of the blankets. Throwing them aside he found the fugitive cramped into a knot and apparently sleeping soundly.

It did not take the officer long to awaken him and in a short time the brothers were talking the matter over in a cell. When arraigned this morning Dave had an awful face. It looked as if fresh from a sausage mill. The fact was so evident that he had been in a fight that he hesitated not a moment in pleading guilty. He was fined $7.60. A like dose was tendered Slick.

WHITECAP CASE AGAIN IN COURT

Howard Kelly Is Prosecuting the McPhersons, Seeking $10,000 Damages For His Arrest.

NUMBER OF WITNESSES

Who Are Rehearsing to the Jury the Tales of the Reign of Terror in the Inverness Neighborhood Over a Year Ago.

Lisbon, November 19.—(Special.)—The jury resumed its sitting yesterday after a recess of about two weeks.

Nearly 60 witnesses are here in the case of Howard Kelly, of Inverness, Washington township, versus Sumner McPherson and the latter's father and mother, Mr. and Mrs. John McPherson, also of Inverness. Kelly having sued for $10,000 damages for malicious prosecution. The case grew out of some neighborhood troubles in which the McPherson family seems to have been annoyed considerably by the night depredations of persons who destroyed farm implements, posted white cap notices and committed other offenses evidently designed to make trouble to the McPhersons, John Clazer and others in the vicinity.

One night Sumner McPherson stood guard with a gun near his home and alleges that about 2:30 in the morning a man rode up on horseback and was in the act of fastening a paper to an oak tree on which white cap notices had frequently been fastened. McPherson called to him, but he made no reply, but hurriedly commenced to tear the paper from the tree. McPherson again hailed him as he ran toward the spot, crying, "What are you doing there?"

Still there was no answer, and when he came near the man on horseback drew a revolver and commenced shooting at him, at the same time closing in and engaging him at close quarters. McPherson says he managed to back away far enough to level his musket at the breast of his adversary and pulled the trigger, but the weapon missed fire. He then clubbed his gun and was wielding it to deal his antagonist a blow when the ramrod came out, interfering with his aim. The ramrod was left in his hand as the only means of defense.

Meantime the night marauder had fired several shots, two bullets going through McPherson's hat and cutting his scalp. He said he struck the fellow several times across the face and breast with his ramrod before the horse wheeled and galloped away with its rider.

McPherson followed some distance down the road toward the Kelly farm, and in his testimony yesterday said he recognized the horseman in the moonlight, and that he was Howard Kelly. McPherson caused Kelly's arrest, but the case was dismissed when it came up for hearing in Justice Lodge Riddle's court in Lisbon.

The events of the night that McPherson stood guard occurred a year ago the latter part of last August. Young Kelly, who is about 20 years old, was living with his little brother, Frank, alone on their father's farm in the vicinity caring for the place, their father, Rev. J. M. Kelly, being a Presbyterian preacher stationed at Clintonville, Pa. In his petition for damages Kelly says that though the case against him was dismissed he was subjected to the ignominy of being taken to jail in the sheriff's custody, meeting numerous people along the road, and to confinement in one of the cells, where he says he had to sleep in a musty, ill-smelling bunk. Particulars of the case were widely circulated, and when Kelly returned to college it was cast up to him, which was one of the many reasons for the case. He denied having been away from home on the night of McPherson's encounter and denied possessing any fire-arms that were fit for use.

Kelly told a straightforward story during the four hours he was on the witness stand, and his testimony remained unshaken through a severe cross-examination. His father and brother were also on the stand.

Fred Whitaker, a brother-in-law of McPherson's, who is not on good terms with his wife's people, having ceased to live with her, was also on the stand. He scaid the morning after the occurrences which brought the affair into court, he tracked the horse ridden by the white hap horseman to the Kelly premises. Whitaker said that Howard Kelly gave him an apple a few days before the occurrences of the night McPherson stood guard, which made him very ill when he commenced to eat it.

Court adjourned until 9 o'clock this morning with Sumner McPherson, the second witness for the defense, on the stand.

This is one of the most peculiar cases that has been in court here for many years. Inverness is a Scotch Presbyterian settlement, and is said to have been a veritable Eden before these happenings came to cause trouble in the vicinity. Whether or not anything shall be determined by the present trial as to the author of the trouble, certain it is that there has been some queer doings in that neighborhood.

A number of the white cap letters were exhibited in court this morning. John Hagenfeld found the first letter seen in the neighborhood, and identified those exhibited. They all contained profane and threatening language, and most of them were signed: "The Unknown Boy." The sentiment of some of them was to the effect that if the neighbors did not keep quiet about the white cap outrages, the writer would plunge a knife into some of them. Several of the letters were addressed to Sumner McPherson.

NEW COMPANY FORMED WITH A MILLION CAPITAL

The Object Being to Develop the Newell Tract As a Site For Potteries and Other Plants.

INTERESTED PARTIES RETICENT AS TO PLANS

That the big Newell tract of land situated on the opposite side of the river below Chester, recently purchased by Louis I. Aaron, Joseph G. Lee, Col. John N. Taylor, W. E. Wells and others, will be developed fully within the next few months, there is now no doubt. Yesterday a charter was issued to the company by the West Virginia state authorities at Charleston. The capitalization is placed at $1,000,000, and the company will, it is said, begin actual operations just as soon as the weather and other conditions will permit.

The company incorporated at Charleston bears the title of the North American Manufacturing company, of Chester, Hancock county, W. Va. The capital stock is given as $1,000,000, of which $100,000 has been subscribed and $96,000 paid in.

The incorporators are: L. I. Aaron, C. I. Aaron, of Allegheny, Pa.; Marcus Aaron, of Pittsburg; W. E. Wells, E. M. Knowles, Colonel John N. Taylor, G. W. Clark and Joseph G. Lee, of East Liverpool.

The purpose of the company, as stated in the charter, is to "mill, mine and manufacture articles incident to or connected with the glassware, brick, porcelain and pottery business."

"Our plans are not matured," said Joseph G. Lee, a member of the company, when seen by a News Review reporter this morning. "The parties associated with me in the purchase of this land made the deal some time ago, and not until yesterday was the concern chartered. Yes, you can say the territory will be developed without delay, but what form that development will take we are not now able nor disposed to give out. As I said before the plans of the company are not completed. Our purpose of incorporating was in order that we would be in shape to do business in a business way."

In answer to a query as to what would likely be done with the land, and whether a scheme was not on foot for the establishment of a mammoth pottery manufacturing concern on the land, Mr. Lee said:

"It may be a manufacturing concern. However, that is a part of the question I do not wish to discuss. No officers have been elected, but this will be attended to within a short time."

W. E. Wells also said that the plans of the company were not fully matured.

TERRIBLY USED UP IN A FIERCE FIGHT

William Boyd and Charles Funkhouser Contended and Boyd's Shoulder Was Dislocated.

SCRAPPED ABOUT DRINKS

Funkhouser Had Treated Twice And Boyd Thought He Should Do So Again—Injured Man Confined to Bed—The Other Fined.

With his right shoulder dislocated and bruises too many to enumerate, about his face and body, William Boyd, a character of much local noteriety, was given a bed at Stella Mears' place on Broadway yesterday afternoon as the result of a terrific fight in and about the bar room.

To Charles Funkhouser, late of Rochester and a conspicuous resident of Shantytown, is due the credit for Boyd's present unhappy condition. Funkhouser turned over a new leaf a week or more ago and started out in quest of a job. There are many of them in East Liverpool and he had no difficulty in finding one. Yesterday about noon he became weary of his situation and asked for a short loaf. He also drew $5 of the $11.25 which was coming to him at the office. He went down toward the river and was spending his money fast in the saloon. He recognized all of his friends and treated.

When Boyd had already had two big drinks off the philanthropic gentleman and asked for another one Funkhouser was ready to scrap. He says that he ordered Boyd away and that instead of moving he returned the rebuke with a stiff punch straight from the shoulder. Funkhouser's ire was up in a second and the fight was started in all fury. From the barroom to the alley at the rear the pair battled, exchanging blows at extremely short intervals. The alley was muddy and in the course of events the biggest portion of the dirt was wiped clear by the men's clothing.

After Funkhouser had disabled his fearful opponent, leaving him stretched out on the ground, he made himself scarce. Officer McDermott was told of the affair and when he went to make the arrests he found Boyd confined to a bed and allowed him to remain there. He captured Funkhouser shortly afterwards and placed him in jail. This morning he pleaded guilty to the charge of fighting and gave an order for the remainder of the $11.25. Boyd will be arrested as soon as he is able to navigate and will likely receive a fine of $7.60.

A POSSIBLE CLUE

TO THE WHEREABOUTS OF THE MISSING M'GILLIVRAY.

Man of Similar Name Arrested At Lorain—Officers Are Investigating.

The wheels of justice are slowly grinding out facts that will in a short time result in the capture of George P. McGillivray, the alleged wife deserter and maker of counterfeit money, who left the city on Tuesday, November 11.

As a result of the account published exclusively in the News Review the officials of cities for hundreds of miles around are and have been on the lookout for the man and it is now thought that he has been located. From Lorain, O., there came a message yesterdy stating that a man registering his name, George B. McGillivray, had stopped at a hotel in that city. The only difference in the two names is the middle initial and it is thought that the wanted man may have made the mistake through nervousness or possibly purposely. The officials of Lorain were advised to hold the man and a photograph of McGillivray was sent them yesterday. If the man under arrest tallies with the photograph he will be brought to this city for trial.

Mrs. McGillivray, wife of the alleged criminal, with her baby, left this afternoon for Salineville where she will live in the future with her parents. She is yet very anxious that her husband be captured and states that she will do anything that is within her power to that end.

MANY CHARGES MADE

Against Her Husband By a Butler Township Wife, Who Gets Divorce.

Lisbon, November 19.—(Special.)—Mrs. Margaret Myers, of Butler township, yesterday afternoon was granted a divorce from Joseph Myers on grounds of habitual drunkenness, extreme cruelty, gross neglect of duty and unfaithfulness. They were married in Salem eight years ago, but have not been living together for three years. Her maiden name, Margaret Haley, was restored.

Married Last Evening.

Miss Edna Rue and Harry Alton, of Fifteenth street, Wellsville, were married last evening by the Rev. Charles E. Clark, pastor of the First M. E. church.

VIOLATION REPORTED

Of Clerks' Union Rules, For Which the Erring Member Was Roundly Fined.

Eight male members were taken into the membership of the Retail Grocers and Butcher Clerks' union last night at the regular meeting of that organization. The session was one of the best attended and most enthusiastic ever held.

But one violation of the new rule was reported, and in this case the member was not only reprimanded but heavily fined for the offense of working after 11 o'clock.

By an agreement endorsed last night allstores in the city will remain open until 11 o'clock on the night before Thanksgiving in order that the holiday be enjoyed by the members.

A report was received from the committee having in charge of the arrangements for the reception to be given at Columbian park next Thursday night. The details have been completed and a delightful time is promised all who attend. The membership of the union now numbers 100.

Entertained Friends.

Mr. and Mrs. M. F. Davis entertained last evening for a few of their most intimate friends at their home on Vine street. The evening was most pleasantly whiled away with ping-pong and other games. Delightful refreshments were served.

ROAD TO CANFIELD

Promoters Say That Trolley Line to That Point Is Certain.

Youngstown, November 19.—The road which is being surveyed by F. L. Krause from this city to Canfield will be a connecting link between Youngstown and the Ohio river. It has no connection with the Mahoning Valley system, according to the statements of those who are behind the deal and that it will be built is assured.

A number of the men who are interested in the building of the line were in the city Sunday, looking over the ground. Among them was Max Goodman, attorney for the projectors. Mr. Goodman was formerly a councilman of Cleveland, and is one of the most prominent attorneys of Cleveland.

The promoters of the line will say nothing about their plans, except that the line is surveyed as far as Canfield. What their plans are for the future, they have not given out. They claim to have sufficient money behind them to guarantee the building of the line which will be done within a few months. One of the men asked whether the line was ready between here and Canfield and that was all that he had to say.

Licensed to Marry.

Lisbon, November 19.—(Special)—A marriage license has been granted to H. C. Farbles, Wayne township, and Lydia Miller, Clarkson.

GETS HIS CHILD AFTER TROUBLE

Girard Man Followed His Erring Wife and a Man to Youngstown.

HAD THEM BOTH ARRESTED

The Woman Giving the Deputy Sheriff a Severe Tussle — Wife Abandons Claims on Child And on Her Husband's Property.

Lisbon, November 19.—(Special)—J. C. Augustine, of Girard, who brought action in this county to get possession of his minor child, Clyde, aged 2 years, has secured a settlement with his wife Elizabeth, whereby he gets possession of the boy.

Mrs. Augustine last week left her home in Girard and went to her parents at Columbiana. Her husband followed and complained to the Columbiana county officials. Deputy Sheriff Davidson went to Columbiana Saturday to apprehend the woman but she had gone to Youngstown. Davidson seized a trunk, which she had left at Columbiana. Augustine followed her to Youngstown, and she was found with Al Young at the Park hotel in that city Sunday night. The movements of the man and woman with the little child had not attracted attention from the hotel people and they suspected nothing until the husband appeared there with the deputy sheriff of Mahoning county.

Young and his companion were arrested, but not until the deputy sheriff had a struggle with the woman, who, it is said, scratched his face. Mrs. Augustine surrendered all claim to the child, and signed a paper relinquishing all interests in her husband's property. Augustine is said to be well to do and has provided a good home for his family.

CUT HIS THUMB

Bad Accident to an Employe of the Dawson Cooper Shop.

J. E. Hawkins left yesterday for his home in East Rochester, where he will remain for some time. Mr. Hawkins was employed at the W. F. Dawson & Son cooper shop and on Monday while engaged upon a circular saw his left hand came in contact with the rapidly revolving teeth.

His thumb was almost severed from the hand, and the member was otherwise badly lacerated.

After Funkhouser had disabled his fearful opponent, leaving him stretched out on the ground, he made himself scarce. Officer McDermott was told of the affair and when he went to make the arrests he found Boyd confined to a bed and allowed him to remain there. He captured Funkhouser shortly afterwards and placed him in jail. This morning he pleaded guilty to the charge of fighting and gave an order for the remainder of the $11.25. Boyd will be arrested as soon as he is able to navigate and will likely receive a fine of $7.60.

A POSSIBLE CLUE

TO THE WHEREABOUTS OF THE MISSING M'GILLIVRAY.

Man of Similar Name Arrested At Lorain—Officers Are Investigating.

The wheels of justice are slowly grinding out facts that will in a short time result in the capture of George P. McGillivray, the alleged wife deserter and maker of counterfeit money, who left the city on Tuesday, November 11.

As a result of the account published exclusively in the News Review the officials of cities for hundreds of miles around are and have been on the lookout for the man and it is now thought that he has been located. From Lorain, O., there came a message yesterdy stating that a man registering his name, George B. McGillivray, had stopped at a hotel in that city. The only difference in the two names is the middle initial and it is thought that the wanted man may have made the mistake through nervousness or possibly purposely. The officials of Lorain were advised to hold the man and a photograph of McGillivray was sent them yesterday. If the man under arrest tallies with the photograph he will be brought to this city for trial.

Mrs. McGillivray, wife of the alleged criminal, with her baby, left this afternoon for Salineville where she will live in the future with her parents. She is yet very anxious that her husband be captured and states that she will do anything that is within her power to that end.

MANY CHARGES MADE

Against Her Husband By a Butler Township Wife, Who Gets Divorce.

Lisbon, November 19.—(Special.)—Mrs. Margaret Myers, of Butler township, yesterday afternoon was granted a divorce from Joseph Myers on grounds of habitual drunkenness, extreme cruelty, gross neglect of duty and unfaithfulness. They were married in Salem eight years ago, but have not been living together for three years. Her maiden name, Margaret Haley, was restored.

Married Last Evening.

Miss Edna Rue and Harry Alton, of Fifteenth street, Wellsville, were married last evening by the Rev. Charles E. Clark, pastor of the First M. E. church.

VIOLATION REPORTED

Of Clerks' Union Rules, For Which the Erring Member Was Roundly Fined.

Eight male members were taken into the membership of the Retail Grocers and Butcher Clerks' union last night at the regular meeting of that organization. The session was one of the best attended and most enthusiastic ever held.

But one violation of the new rule was reported, and in this case the member was not only reprimanded but heavily fined for the offense of working after 11 o'clock.

By an agreement endorsed last night allstores in the city will remain open until 11 o'clock on the night before Thanksgiving in order that the holiday be enjoyed by the members.

A report was received from the committee having in charge of the arrangements for the reception to be given at Columbian park next Thursday night. The details have been completed and a delightful time is promised all who attend. The membership of the union now numbers 100.

Entertained Friends.

Mr. and Mrs. M. F. Davis entertained last evening for a few of their most intimate friends at their home on Vine street. The evening was most pleasantly whiled away with ping-pong and other games. Delightful refreshments were served.

ROAD TO CANFIELD

Promoters Say That Trolley Line to That Point Is Certain.

Youngstown, November 19.—The road which is being surveyed by F. L. Krause from this city to Canfield will be a connecting link between Youngstown and the Ohio river. It has no connection with the Mahoning Valley system, according to the statements of those who are behind the deal and that it will be built is assured.

A number of the men who are interested in the building of the line were in the city Sunday, looking over the ground. Among them was Max Goodman, attorney for the projectors. Mr. Goodman was formerly a councilman of Cleveland, and is one of the most prominent attorneys of Cleveland.

The promoters of the line will say nothing about their plans, except that the line is surveyed as far as Canfield. What their plans are for the future, they have not given out. They claim to have sufficient money behind them to guarantee the building of the line which will be done within a few months. One of the men asked whether the line was ready between here and Canfield and that was all that he had to say.

Licensed to Marry.

Lisbon, November 19.—(Special)—A marriage license has been granted to H. C. Farbles, Wayne township, and Lydia Miller, Clarkson.

GETS HIS CHILD AFTER TROUBLE

Girard Man Followed His Erring Wife and a Man to Youngstown.

HAD THEM BOTH ARRESTED

The Woman Giving the Deputy Sheriff a Severe Tussle — Wife Abandons Claims on Child And on Her Husband's Property.

Lisbon, November 19.—(Special)—J. C. Augustine, of Girard, who brought action in this county to get possession of his minor child, Clyde, aged 2 years, has secured a settlement with his wife Elizabeth, whereby he gets possession of the boy.

Mrs. Augustine last week left her home in Girard and went to her parents at Columbiana. Her husband followed and complained to the Columbiana county officials. Deputy Sheriff Davidson went to Columbiana Saturday to apprehend the woman but she had gone to Youngstown. Davidson seized a trunk, which she had left at Columbiana. Augustine followed her to Youngstown, and she was found with Al Young at the Park hotel in that city Sunday night. The movements of the man and woman with the little child had not attracted attention from the hotel people and they suspected nothing until the husband appeared there with the deputy sheriff of Mahoning county.

Young and his companion were arrested, but not until the deputy sheriff had a struggle with the woman, who, it is said, scratched his face. Mrs. Augustine surrendered all claim to the child, and signed a paper relinquishing all interests in her husband's property. Augustine is said to be well to do and has provided a good home for his family.

CUT HIS THUMB

Bad Accident to an Employe of the Dawson Cooper Shop.

J. E. Hawkins left yesterday for his home in East Rochester, where he will remain for some time. Mr. Hawkins was employed at the W. F. Dawson & Son cooper shop and on Monday while engaged upon a circular saw his left hand came in contact with the rapidly revolving teeth.

His thumb was almost severed from the hand, and the member was otherwise badly lacerated.

WITH THE WORKMEN IN THE CLAY PLANTS

BIG SHIPMENTS.

Six cars of ware will be the record of shipments of ware this week at the Smith & Phillips pottery. Four of these cars have already gone out, and the other two will follow as soon as they can be packed. This record is almost unprecedented in the history of the plant and goes to show what an enormous business it has been doing of late. These shipments will not begin to clean up all the orders on the files, and there will be no abatement of the rush for the present. As is the general rule in these days the heavlest demands is for decorated goods in both dinner and toilet sets. The gilders have been working overtime to keep up with the shipments. Asked about the trade outlook for January and February, Mr. Smith stated that it was too early to make a forecast. "Some customers are going to be disappointed in not getting their orders filled in time for the holiday trade," he said, "and then the manufacturers will have to contend with countermanded orders. In most cases the dealers will be pretty well stocked up, so it is hard to tell what will be doing until spring trade opens up. The dull period, if there is one, I believe will be very short."

ALWAYS TAKES A LOOK.

"I never sit down at the table when I'm on the road," said a well known pottery salesman to a News Review reporter today, "but that what I am prompted by curiosity to turn over a plate or cup to see the name of the maker. I have often seen ware from my own home in far away places and have wondered to what remote points of the earth the products of the East Liverpool plants penetrate. Years ago when I was an operative I would ponder over the destination of the plates my jigger was making and in my imagination I followed them to all sorts and conditions of places. Those were good old days," he added reflectively, "and though the work was hard, I enjoyed them."

ENCOURAGED THE ART.

A recent biographer of Madame de Pompadore places that much abused woman in a new light. Heretofore she was regarded merely as a great beauty. Her late biographer points out that if we turn from politics to other aspects of French civilization, we can but recognize the imprint of her hand. It is to her that France is indebted for the manufacture of Sevres porcelain, an industry that promoted the potters' art in France until it enjoys an international prominence. She established the Ecole Militaire, which, in the 2 7 years of its experience, gave to the country so many distinguished officers, Napoleon among the number. In her also men of letters and artists found a generous and appreciative friend.

READY FOR MOULDMAKERS.

The new pottery plant at Salineville, in which W. H. Deidrick is hevily interested, is nearing completion and the mould makers will be started to work this week. The plant will be equipped with improved and modern machinery and a printing machine, an invention of Mr. Deidrick will be installed. Hotel specalties and vitrous china, among other things, will be manufactured. The personnel of the operatives, so far as has been announced, includes several well known East Liverpool people. W. C. Peterson is to be the manager of the clay departments and Mrs. McGally forelady of the warerooms.

BROKEN HAND.

Glayde Coleman, of the packing department at the Thompson, is suffering with a badly swollen hand, the result of an accident that befell him Tuesday evening. Several of the small bones are broken and he will be una to wor for a number of days.

CANTON A WITNESS.

Pat Canton, of the kiln crew at the Smith & Phillips, is at Lisbon this week in attendance upon the common pleas court. He is a witness in the suit of William Lawson against the East Liverpool Railway company.

FORELADY INSTALLED.

Miss Belle Easterday has taken charge of the glost warehouse at the Smith & Phillips pottery, having severed her relations with the Laughlin No. 1 plant. Heretofore the warehouse has been run without a forelady, so it is entirely a new departure. Miss Easterday is thoroughly qualified by experience for the situation.

NEW SLIP PUMP.

A new slip pump has recently replaced the old one at the Smith & Phillips pottery. It did not work satisfactorily the first day but the difficulty was soon found and remedied. It is the Patterson make, the style in general use in the potteries.

A CURIOSITY.

Charles McKinnon, mould runner for George Gibson at the Smith & Phillips, has constructed a wheelbarrow of a unique pattern. It is made entirely of rails with the exception of the wheel, and is quite a curiosity. He will place it on exhibition.

TOOK A DAY.

Quite a number of the clay hands at the Smith & Phillips took a day Monday on account of the failure of the slip pump to work properly. Several of the boys spent the day in Wellsville.

AMONG THE POTTERS.

Burt Bennett, one of the decorators at the Smith & Phillips, has resigned his position.

Miss Ella Hutchinson, of the glost warehouse at the Smith & Phillips, has resigned her position and will leave in a few days for Hookstown where she will visit relatives.

PROGRESS OF EDUCATION

FAST BANISHING ILLITERACY FROM UNITED STATES.

Facts That Should Encourage Every Friend of the Schools.

In regard to the progress made in education and the great work it is accomplishing, Prof. R. E. Rayman makes an interesting statement as follows:

"It is a great social blessing to have ignorance stamped out of our fair land by substituting therefor Christian education. The statement is some times made by public speakers and others that the schools are falling far short of what they should do.

"This no doubt is true, but where are the parents who do as much for their children as they desire to do? The public school is driving illiteracy from our beloved land at a very rapid pace. We should bring the combined strength of the home, the schools and the churches to bear upon the great barrier of ignorance found in our country."

The foregoing statement is strongly supported by the last report of the census bureau. This report gives the percentage of children between the ages of 10 and 14 years of age who can read and write, as compared with the conditions 10 years previous. Who is not gratified at this report?

The statistics show that in no northern state, east or west, is there any appreciable illiteracy. In 20 there is less than 1 per cent. In several of these it is less than one-half per cent, and this need not and probably does not represent lack of school attendance, except from serious ill health, mental incapacity, or recent arrivals from Lower Canada or Europe. In 33 states it is no more than can be accounted for by these reasons. The improvement in the south is nothing less than remarkable. In the three states that are very low, the gain for the better has been greater than in any other states. Illiteracy has no place in the United States. It is as much out of place as darkness at midday. Illiteracy is passing.

WABASH EXTENSION

Toronto Sees Indications of It And a Prospective Boom at an Early Date.

Toronto, November 19.—All indications point to a big boom for Toronto in the next few months. The oil excitement is now on in earnest and already the business done, the large influx of strangers and oil men having stimulated all lines of trade. Now comes the news of the early completion of the extension of the Wabash railroad to Toronto. The contract for the section between Steubenville and this city is to be let in a few weeks, according to reports from well informed men, and then work is to be rushed until the line is completed. It is hoped to have trains running by next spring. Most of the right of way has been secured and what has not will be taken by condemnation proceedings.

Along with the oil boom and a new railroad will come new industries and there also promises to be a great deal done in the building line. Several new business houses are projected and a number of residences will be erected. Houses now are very scarce and with the constantly growing population more dwellings will be an absolute necessity.

Re Elected Old Directors.

Cincinnati, Nov. 19.—The stockholders of the Cincinnati, New Orleans and Texas Pacific Railway company yesterday re-elected the old directors. C. & P. SHORT LINE

Cut-Off Will Make It the Shortest Line From Cleveland to Pittsburg.

The new Pennsylvania short line betwen Pittsburg and Cleveland is soon to become a fact. The latest announcement made last week was that the company now has four gangs of men at work on the cut-off that will shorten the route between Hudson and Ravenna. When that cut-off was announced it was said that it would give the Cleveland & Pittsburg the shortest route between Cleveland and Pittsburg, and the figures o nthe new route have shown that such is the case.

From Hudson to Ravenna it will be an air line, which will make a straight track between Cleveland and Alliance. The peculiar advantages of this new service are many. It means that the road will be low grade almost its entire length, thus facilitating the movement of freight between Cleveland and Pittsburg. It means also that the Pennsylvania will be on the same footing with the Erie for passenger business between the two points.

C. & P. SHORT LINE

Cut-Off Will Make It the Shortest Line From Cleveland to Pittsburg.

The new Pennsylvania short line betwen Pittsburg and Cleveland is soon to become a fact. The latest announcement made last week was that the company now has four gangs of men at work on the cut-off that will shorten the route between Hudson and Ravenna. When that cut-off was announced it was said that it would give the Cleveland & Pittsburg the shortest route between Cleveland and Pittsburg, and the figures o nthe new route have shown that such is the case.

From Hudson to Ravenna it will be an air line, which will make a straight track between Cleveland and Alliance. The peculiar advantages of this new service are many. It means that the road will be low grade almost its entire length, thus facilitating the movement of freight between Cleveland and Pittsburg. It means also that the Pennsylvania will be on the same footing with the Erie for passenger business between the two points.

COMPLAIN OF SEWER

Health Officer Bprgess Notified This Morning That Trouble Must Be Remedied at Once.

A complaint was made to Health Officer Burgess this morning about the condition of the eswer on Palissey street, near the township line. The manhole at this point has been clogged up for several days and has been giving forth an awful stench, much to the disgust and annoyance of the people of that neighborhood. It is claimed that the trouble is caused by the sewage from the township which overtaxes the capacity of the sewer. The township trustees will be appealed to and asked to provide some method of caring for their waste.

Complaints are also being heard about the condition of Lake Run. It is stated that it has become filled with all kinds of filth and trash and that it is a menance to the health of the community.

COULDN'T SPELL "AERIE"

Three Contestants at the P. H. C. Spelling Bee Failed on the Word.

The initiation of twenty-five candidates and the old fashioned spelling bee attracted a large number of members of the Protected Home circle, to the quarters of Eureka court, No. 86, in Larkin & Ferguson hall last evening. The invitation extended to neighboring courts was liberally responded to and the Wellsville, Calcutta, East Liverpool and Chester courts were well represented. After the regular order of business and the initiation were disposed of Miss Odessa Owens and Attorney J. E. Davis, who had been selected as captains divided the house for the spelling bee. Attorney W. E. Warren was selected to pronounce the words. There were about twenty contestants on each side when the first word was announced.

Mrs. M. E. Mowen was the first to mispell a word and was awarded the consolation prize, a small piece of statuary. The word was "cuckoo." The side chosen by Att'y Davis was victorious and after the enemy had been vanquished he and two of his soldiers, Mrs. William Baird and S. S. Carnahan, remained. All three failed on the word "aerie," but as it was given to Mrs. Baird last, she was declared the winner and awrded the prize, a handsome picture. Refreshments of sandwiches and coffee were served.

Those present will long remember the evening as one of the pleasantest they ever spent and will unanimously agree that the members of Eureka court know how to provide the best entertainment for their guests.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

WORK COMMENCED TODAY

Street Railway Company Installing Derailing Switches at the Street Crossing.

A force of men from the East Liverpool Street Railroad company started to work this morning at the Mulberry street crossing to make the necessary excavations for laying the derailing device that is to be used in connection with the safety gates erected by the C. & P. Most of the rails, frogs, etc., are on the ground, and it is likely that the work will not be delayon by lack of material.

The force is large enough to complete this part of the work in three or four days. The tower from which the gates will be operated has not yet been completed at the Wellsville shops.

Will Meet Tonight.

The second meeting of Hoyt Court No. 1101, of the Orient, will be held tonight in the P. H. C. hall. Since the meeting a week ago the work has been improved, the degree team has been hard at work and tonight those who ride the goat will get their "bumps" in the most approved style. There are at least thirty applications in for membership, which includes a number from down town.

Quarantine Removed.

The quarantine was lifted from the home of Mrs. J. T. White, on Ohio avenue, this morning by Health Officer Burgess. The house has been isolated since November 5, on account of the illness with scarlet fever of Mrs. White's little daughter. Only three houses are now under quarantine in the East End and they are all from scarlet fever.

Fine Game Cocks.

Messrs. Robert Larkin and William Ferguson received two coops of fine game roosters yesterday from F. E. Grist, of Fort Gaines, Ga., who is quite famous for his fighting birds. Both gentlemen are fanciers of fine fowls and they will not be used in the pit.

EAST END AFFAIRS.

Mrs. A. Mountford, of Ohio avenue, is a visitor to Pittsburg today.

E. J. Owens left this morning on a business trip to down the river points.

Otis Robey went to work today in the biscuit kiln crew at Laughlin No. 2.

Miss Mary Williams has returned to her home in Steubenville after a pleasant visit with her brother Fred, of Calhoun addition.

Harry Huff, a turner at the National pottery, is not able to be at work on account of illness. He is threatened with an attack of fever.

The Headlight club has announced a dance for Thursday evening in Larkin & Ferguson hall. The Calcutta orchestra will furnish themusic.

Flora, the little daughter of Captain and Mrs. William Terrance, who has been very ill for the past week with catarrhal fever, is not so well today.

Marian, the little daughter of Mr. and Mrs. J. T. Lacey, of Pennsylvania avenue, who has been threatened with pneumonia, is reported better today and will likely escape the dread disease.

The Nonpariel club will hold another one of its pleasant dances this evening in Larkin & Ferguson hall.

Meetings Grow in Interest.

The evangelistic meetings in progress at the McKinley avenue union chapel draw large crowds nightly. Rev. A. A. Steele, who has charge of the services, each evening has met with extraordinary success, and many persons have been converted. The meeting last night was in the form of a praise service. Oliver Johnson sang a solo in a pleasing manner and the other musical numbers were fine. Five accessions were made at last evening's meeting. The services will continue indefinitely. It is understood Rev. Mr. Steele will continue in the evangelistic field.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

Nobody need be alarmed over the tariff war against the United States which an element of the German people is trying to start. Under the leadership of the agrarians, the reichstag in Berlin has passed, by a vote of 192 to 71, a provision in the new tariff bill authorizing the German government to retailiate upon any country discriminating against German goods. The agrarians are old enemies of this country, but they are not able to shape the tariff legislation of their own land, let alone interference with ours.

Under the new apportionment Pennsylvania will have no congressman-at-large, and it is probable that the venerable Galusha A. Grow, who first entered congress in 1851 and afterward served as speaker of the house, will be retired to private life. If Pennsylvania were as particular about giving good men positions as she is about finding a place for politicians, she would continue to elect Grow to congress. His faithful service deserves the reward.

By no possible combination of politics is there anything left in national contests for the solid south idea. It is played out, and the sooner the people of the south realize its utter vanity the better for themselves and their material interests and general affairs. Thirty of the forty-five states are Republican.

Some of the students of international affairs claim to see the source of danger to American interests in the establishment of a German naval squadron in the West Indies and another on the Pacific coast. There is no occasion for alarm. The kaiser has had the Monroe doctrine thoroughly explained to him.

Under a new Maryland law employers are compelled to insure their workpeople against death by accident. Employers are thus free from direct liability at the cost of about $2.40 a year on each employe. The first payment out of the insurance fund has been made, indicating that the plan works.

The manufacturers of the United States are sending abroad each day an average of $1,153,000 of their products and this field for their activties is steadily expanding. Ten years ago the demand for American manufactured articles was only one-third as great as now.

No matter who is elected speaker of the house, he is sure to be a man who is well-equipped for the position. The Republicans in congress will not select any other kind, knowing full well that the office is one of the most important under the government.

Over 60,000 persons were examined for civil service positions in the United States last year and over 40,000 were found competent. With this number to select from incompetents ought to be conspicuous by their absence from public positions.

Over in West Virginia the women also have gone hunting. Every time a woman aims at a quail the farmers take to their heels. The ammunition dealers and the quail, however, are happy.

A crusade has begun in some of the Ohio cities against the sale of intoxicating liquor to minors. Any saloonkeeper guilty of this practice deserves the severest penalty the law can give him.

Editor Watterson, of Louisville, wants Gorman nominated by the Democracy as its presidential candidate. This settles it. The man Watterson wants is never nominated.

Democratic newspapers which, a few weeks ago, were insisting on Tom Johnson running for the governorship or the presidency are now strangely silent upon that theme.

OBITUARY

David McDevitt.

David McDevitt, one of the oldest and most highly respected pioneer residents of Columbiana county, died at his home near Lisbon yesterday morning from an attack of pneumonia. Mr. McDevitt was 73 years of age, and with the exception of three years spent in Michigan has been a resident of this county all his life. He died upon the farm which his father owned before him, and on which he was born. Mr. McDevitt was held in high esteem by all, being respected and loved by his family and friends for his many excellent traits of character. Besides his immediate family Mr. McDevitt is survived by one brother, John McDevitt, father of David McDevitt, of this city, and Mrs. Elizabeth Carlisle, of Salem, mother of Al Carlisle. Of his family his wife, six sons and two daughters survive. Three sons, Burton, Elmer and Isaac, reside in this city. James is a resident of Canton, while David lives near the old home just out of Lisbon, and Reuben, whose home is in Lisbon. The daughters are Mrs. Oscar Birch, of Calcutta, and Miss Millie McDevitt.

Funeral services will be held at the late home at 2 o'clock tomorrow afternoon and interment will be made at Pleasant Grove cemetery.

Joseph Kinney.

Joseph, the 4-year-old son of Mr. and Mrs. Thomas Kinney, of Chester, died this morning at about 12:30 o'clock from dropsy. The funeral and burial will take place at Steubenville and the body will be taken to that city tomorrow on the noon train.

Will Get an Export Drawback.

Ogdensburg, N. Y., Nov. 19.—Seventy-three all iron flat cars have arrived here for transfer through Canada to Newfoundland. They were made at Berwick, Pa., the iron for their manufacture being imported from Newfoundland in pigs, paying a duty of $4 a ton. Now that this iron has been made into iron cars the manufacturers are entitled to an export drawback of $3.96 a ton.

General Wright Welcomed Home.

Memphis, Tenn., Nov. 19.—The homecoming of General Luke E. Wright, after three years' absence in the Philippines, was made memorable last night by the citizens of Memphis. Cannon boomed a salute of 17 guns, bonfires were lighted on the principal thoroughfares and the streets were lined with people, who shouted an enthusiastic welcome to the vice governor

FRATERNAL VISIT

Of East Palestine Sons of Veterans Paid to Garfield Camp in This City.

Captain R. C. Taggart camp No. 106, S. of V., of East Palestine, paid a fraternal visit to its sister organization in this city last night and a very enjoyable social session was held.

Addresses were made by a number of members of both camps, and in addition a most pleasing vocal solo was rendered by Albert Kapp, one of the visitors. When the business meeting had been concluded a fine luncheon, such as only Garfield camp is able to spread, was enjoyed. This with a goodly supply of cigars made the hours pass very pleasantly.

A committee representing the Salem, East Palestine and East Liverpool camps was appointed to make arrangements for a reunion and outing which will be held as soon as the weather permits.

Among the visitors from East Palestine were: E. J. Davis, Dr. C. E. Johnson, Dr. G. W. Rowland, Charles Rowe, Paul Wallace, L. F. Keys, William Ward, O. L. Butts, William Tennis, Frank Smith, W. H. Bowen.

AT THE THEATER

The Chicago Stock company presented "Carmen" at the Grand last evening, and the audience, which was a large one, was more than pleased. It had not been expected that the company could handle the piece as it should be done, as so many companies have made woeful failures wth it, and the admirable way in which it was presented and the clever acting was a pleasing surprise. Norbert E. Dorente as Don Jose Libengoa and Clara Prae Dorente as Carmen were excellent in their heavy parts. They are both players of unusual ability and merited the applause so freely accorded them last night.

The play of "Jesse James" will be presented at the opera house tonight. The first act opens in a saloon in Kansas City and shows several very exciting scenes wherein Jesse James shows some of the good side of his character. The second act is the famous railroad hold-up, while the third act shows the cave of the Quantrell gang and the battle for supremacy between the rival forces. The last act depicts the famous shooting of Jesse James and is a melodramatic climax of deepest interest. The comedy element is said to be strong throughout the play.

WELLSVILLE

TWENTIETH CENTURY GIRL

Theme of Dr. Tracy Drew a Great Crowd to the Opera House.

One of the best lectures that Dr. N. W. Tracy has given during his stay in this city was that of last evening when he discussed the topic "Twentieth Century Girls." The opera house was packed, the crowd being chiefly composed of young ladies who were anxious to hear what the noted evangelist had to say about the girls of today.

The music furnished by the selected choir was greatly appreciated. Miss Everson is winning laurels by her careful handling of this very important part of the program.

Dr. Tracy will only be in the city six more days and those who have not already heard him should take advantage of the opportunity. His lectures are all very instructive. They are all illustrated with his stereopticon apparatus.

Dr. Tracy will talk this evening upon the subject "The Mississippi of Intemperance."

NOTES OF THE UNIONS

Potters Arrange for Another Entertainment—Other Meetings Tonight.

Local union No. 24, N. B. of O. P., held their regular meeting last evening in Potters' hall. Aside from the routine order of business the report of the entertainment given by the local Monday evening was read and approved. Arrangements were also made to give the second of the series of musical and literary entertainments to be given by the local this winter. The date of the next entertainment has not been fully decided upon.

Local union No. 384, Brotherhood of Painters, Decorators and Paper Hangers of America, will hold its regular meeting this evening in the same hall. No special business will be brought up.

The Carpenters' and Joiners' local union, No. 405, will hold their meeting Friday evening.

THAT SMALLPOX BILL

Columbiana County Can Only Escape It By Proving Hall a Non-Resident.

Since the announcement of the board of health of Steubenville that it intended to call upon the commissioners of Columbiana county to pay the expense of keeping and treating Clarence T. Hall in the Steubenville pest house while he was sick with smallpox there has been considerable talk locally concerning the matter. It seems that none are positive as to the outcome.

A city official said last evening that there will be but one way for this county to escape paying the bill, which amounts to nearly $400. If it can be proven that Hall was not a legal resident of the county before going to Steubenville, the county cannot be held responsible. But if the fact cannot be proven there will be no way out of it. Columbiana county was once defeated on a case very similar to this one and it seems evident that if a fight is made that the same result will occur.

When the dispute arose over the payment of a bill from Beaver county the case was hotly contested but Columbiana lost upon a ruling of the supreme court. It has not yet been definitely announced when the commissioners of this county and Jefferson will meet to hold a conference on the subject but it will not be many weeks. It has been rumored that the case will be taken to the courts, but upon good authority it is stated that if possible the two boards of commissioners will arbitrate.

The law governing the case was made in order that county authorities would not send the indigent sick into adjoining counties for the latter to assume the care and protection of them. In the minds of the people in general it is an excellent law, and there will be no howl raised if the Jefferson county officials furnish sufficient proof of Hall's residence prior to his landing in Steubenville.

THE FEDERATION OF LABOR.

Special Committee to Settle Dispute Between Gompers and Shaffer Selects Fifth Member.

New Orleans, Nov. 19.—The salary of the president of the American Federation of Labor yesterday afternoon was increased from $2,100 per annum to $3,000, and the salary of the secretary from $1,800 to $2,500.

The special committee having before it the dispute between President Gompers and President Shaffer, of the Amalgamated association, finally organized yesterday afternoon by selecting E. A. Tangueray, of the telegraphers, as the fifth member.

It spent the entire afternoon in taking testimony, but does not expect to be able to present a report before Thursday morning. It is considered almost a foregone conclusion that the report will be in favor of President Gompers.

A large number of resolutions pertaining to labels were submitted and matters of like importance were transacted, and at 6:30 the convention adjourned until today.

Died at Age of 102.

Birmingham, Ala., Nov. 19.—"Charity" Wiggins, the mother of Blind Tom, the negro musician, is dead here, of dropsy of the heart. She was 102 years old.

THANKSGIVING SERVICES

Of the Jr. O. U. A. M., of West Virginia to Be Observed Nov. 30.

State Councilor O. O. Allison, of the Jr. O. U. A. M., of West Virginia, has issued his proclamation to the subordinate councils throughout the state. In accordance with the usual custom of the order in each year is to select and observe a day of Thanksgiving and praise, he calls upon the members of the order to assemble in such places of worship as they may select on Sunday, November 30, 1902, and there render thanks to Him whose care has been over them as an order and a nation, and pray for even greater blessings and prosperity in years to come.

The services of the Chester council will be held in the M. E. church, Carolina avenue, at 11 a. m. The order will first assemble at the hall and go in a body to the church.

A HEARTLESS HOG

Porker Lived Without the Necessary Organ Until a Butcher Killed It.

Talk about your East End freak calf! It is not in it with the Southside heartless hog. J. W. Owings was butchering some porkers yesterday. James Prosser was engaged to do the work. Upon dressing one of the hogs no heart could be found by Mr. Prosser. A number of men were called to testify to the fact.

Mr. Prosser insists that a hog may live without a heart and that the animal was short that organ in his anatomy.

Trying to Locate the Line.

Workmen are engaged in trying to locates the corner stone between the W. P. Gardner and Pusey property on the river beach. As there has been some dispute as to the original location of this line, it becomes necessary to have it settled permanently, since sand from the river bed has long since covered up the mark. The parties are now trying to find the mark by excavating in the vicinity. Mr. Gardner is now making preparations to plot this tract for building.

Progress With Paving.

Contractor Freshwater's paving gang made fair headway yesterday, and if nothing happens will reach Second street today. They had got as far as the postoffice on Virginia avenue last night. Mr. Coates, contractor for the street railway company, laid off yesterday on account of not having brick. The full force will be at work today.

CHESTER NOTES.

C. W. McLane is having a water well drilled on his property on Montana street.

Austin Stewart, conductor on No. 6, has been on the sick list for the past few days.

Elmer Hoskinson, of Virginia avenue, is quite sick, threatened with typhoid fever.

Chas. M. Evans has purchased a fine lot on Adolphus street in the McDonald addition.

E. C. Baxter purchased three lots from J. E. McDonald yesterday on Adolphus street.

Denver Coulter's new house on Indiana avenue and Fifth street, is now ready for the roofing.

H. C. Stewart and Col. Andy Shetter, of New Cumberland, were visitors in the city yesterday.

A number of Chester citizens attended the Barnes sale yesterday. Justice W. C. Johnston was the auctioneer.

B. I. Hilliard has just returned from a pleasure trip, having visited Philadelphia, Harrisburg, Baltimore and other eastern points.

Next Sunday has been selected as rally day at the M. E. church. The young people of the congregation are preparing special exercises for that day.

AN ALLEGED ANARCHISTIC PLOT

Woman, Supposed to Be Mentally Unbalanced, Tells of Danger to President.

New York, Nov. 19.—Mrs. Lena Doxheimer, who says that until she became a member of the First Methodist Episcopal church at Hoboken, two years ago, she was associated with an anarchistic society of that place, and whose mental balance is questioned, is reported to have related to the Mothers' club and the pastor of her church a story of alleged anarchist plottings against the life of President Roosevelt. According to Mrs. Doxheimer, there have been in the last 14 months three persons asigned to the task of "removing" the president. One of these, a Frenchman named Melov, she says she persuaded to return to Paris, where he was killed by a street car. Next, according to Mrs. Doxheimer, the assassin's task was assigned to a man named Mueller, living in Avenue B, this city, who a few days later died of poison, self-administered. The last of the three designated for the murderous work, Mrs. Doxheimer alleges, was a Mrs. Schroeder, of Harlem, who also ended her life by means of poison.

Mrs. Doxheimer asserts that among the plotters were several millionaires. Her conception of what constitutes a millionaire is indicated by her statement that these men "owned houses."

Rev. Charles L. Meade, Mrs. Doxheimer's pastor, will make no statement regarding the so-called confession.

WELLSVILLE

TWENTIETH CENTURY GIRL

Theme of Dr. Tracy Drew a Great Crowd to the Opera House.

One of the best lectures that Dr. N. W. Tracy has given during his stay in this city was that of last evening when he discussed the topic "Twentieth Century Girls." The opera house was packed, the crowd being chiefly composed of young ladies who were anxious to hear what the noted evangelist had to say about the girls of today.

The music furnished by the selected choir was greatly appreciated. Miss Everson is winning laurels by her careful handling of this very important part of the program.

Dr. Tracy will only be in the city six more days and those who have not already heard him should take advantage of the opportunity. His lectures are all very instructive. They are all illustrated with his stereopticon apparatus.

Dr. Tracy will talk this evening upon the subject "The Mississippi of Intemperance."

NOTES OF THE UNIONS

Potters Arrange for Another Entertainment—Other Meetings Tonight.

Local union No. 24, N. B. of O. P., held their regular meeting last evening in Potters' hall. Aside from the routine order of business the report of the entertainment given by the local Monday evening was read and approved. Arrangements were also made to give the second of the series of musical and literary entertainments to be given by the local this winter. The date of the next entertainment has not been fully decided upon.

Local union No. 384, Brotherhood of Painters, Decorators and Paper Hangers of America, will hold its regular meeting this evening in the same hall. No special business will be brought up.

The Carpenters' and Joiners' local union, No. 405, will hold their meeting Friday evening.

BLACKER THAN EVER.

Prospects of the Inhabitants of the Island of St. Vincent Are Dismally Discouraging.

REFUGEES ARE SHORT OF WATER.

Georgetown Will Have to Be Abandoned, and It Is Doubtful if Any Part of the Island Is Out of Danger From La Soufriere.

London, Nov. 19.—The governor of the Windward islands has sent a dispatch to Colonial Secretary Chamberlain, in which he says the prospects of the inhabitants of the island of St. Vincent are blacker than they have ever been. He believes that Georgetown will have to be abandoned, while it is doubtful if any part of the island is out of the range of danger of La Soufriere, which he describes as "this terrible volcano."

The dispatch adds that the southeastern end of the island to which the inhabitants of the district around La Soufriere have fled in the hope of safety is badly off for water, and "if more people are crowded there they will not be able to exist. No term can be fixed to the action of the motion, and the people cannot go on like this indefinitely."

Old Volcano Breaks Out.

FOURTH DAY ON STAND

President Mitchell Is Showing Signs of Weariness From Long Cross-Examination.

IS STILL BEING QUESTIONED.

Arbitrators Growing Restless In Consequence of Long Proceedings and Urge Attorneys to Confine Proceedings to New Features.

Scranton, Pa., Nov. 19.—President Mitchell, for the fourth successive day, occupied the witness stand during the two sessions of the strike commission and was cross-examined by three attorneys for as many coal companies. While a considerable amount of information for the enlightenment of the commissioners was brought out, the day was a rather quiet one, compared with those which have preceded it. The arbitrators are growing restless in consequence of the long cross-examination, which apparently does not bring out the facts as quickly as the commission would like to have them presented. Several times during the course of the day's session Chairman Gray reminded the attorneys of the value of time and suggested that cross-examination be limited to new features of those questions that have already been gone over. Mr. Mitchell has been on the stand since last Friday morning, and is showing signs of weariness from the strain of four days' cross-examination.

The commissioners yesterday for the first time entered into the discussion with the lawyers and the witness over disputed points which arose from time to time.

Mr. MacVeagh, who began his cross-examination of Mr. Mitchell on Saturday, concluded at 11 o'clock yesterday.

The recognition of the union is looked upon as the most important question before the commission, and it is quite evident from the trend of the questions thus far that the companies will oppose it to their utmost ability.

Mr. Gowan and Mr. Ross questioned Mr. Mitchell principally regarding conditions existing at the collieries of the companies they represent.

In the afternoon Mr. Ross' line of examination was for some time directed toward testing Mr. Mitchell's knowledge of bituminous mine working, the number of men employed, the wages paid and a comparison of these with the wages paid in the anthracite fields.

At the request of counsel Mr. Mitchell gave a history of his connection with organized labor.

Mr. Mitchell reiterated his former statement that the minimum wage should be $600 a year. "We might want to go to the seashore," said he.

Speaking with a little sarcasm, Mr Mitchell said that the company had some employes who had visited Philadelphia once in 24 years and that they thereby had an important event in their lives to relate to their grandchildren.

At this point Mr. Ross took occasion to call attention to the fact that his company owned 284 houses, which were rented to the miners on an average of $5 a month.

"So you see," remarked Mr. Ross, "we haven't very many houses for the number of employes, upwards of 12,000."

"You charge enough for the ones you do have," was Mr. Mitchell's dry response, which caused merriment among the miners in the court room.

After securing an expression from the miners' president that the company paid to stockholders 26 per cent on their capital stock, Mr. Ross inquired if he was not incorrect. "I think the earnings were that," said Mr. Mitchell. "There are a good many methods for putting profits away in a railroad," he added.

Here followed a long list of questions on the subject of the demand for an eight-hour day, nothing new being developed.

Giving as a reason for the miners preferring to be paid by weight rather than by measure, Mr. Mitchell said that persons buying coal wanted it weighed, as do sellers of coal.

"What benefit is there," asked Mr. Ross, "to the miner by being paid by the ton instead of by the car?"

Mr. Mitchell said that there had been general discontent among the miners because of disagreements arising from docking, not only for impurities, but account the "topping."

"You do not know," said Mr. Ross, "that it is necessary to discipline a man?"

"Is that the reason," asked Mr. Mitchell, for impurities or because their car did not have enough in it?" He insisted that he knew of instances where the docking amounted to 3 or 4 per cent, although Mr. Ross had stated that it was eight-tenths of a cent.

Answering Judge Gray, Mr. Mitchell admitted that about 10 per cent of the total production of anthracite coal was put on the weight basis.

At 4 o'clock the commission adjourned until 10 o'clock today, Mr. Mitchell being on the stand.

THANKSGIVING GAME

Steubenville And East Liverpool High School Teams to Contest in Former City.

The high school football team, which has not been defeated during the present season, will go to Steubenville on Thanksgiving day for a game with the team representing the high school of that city. The local team believe they can win from the Steubenvilles, and also that they will be able to carry off the championship of the high schools of this neighborhood for the season.

The very best material in the schools of the city is being picked. Practice is indulged in every evening, Coach Young and Captain Rigby arguing that this is the only proper course in attaining that degree of efficiency which can but result in winning football.

The management has selected the following players for the Thanksgiving game:

G. Caston, right end; C. Smith, right tackle; H. McBane, right guard; Evans, center; Cochran, left guard; Gardner, left tackle; Thompson, left end; Davidson or Smith, quarterback; Cripps or Mountford, right half; Rigby, left half; Young, full back. Subs, Powell and Smith.

WARM CONTEST EXPECTED

Brunos, of Wellsville, And Oaklands, of This City, to Play Saturday.

Arrangements are being made between the Bruno Athletic club foot ball team of Wellsville and the Oaklands of East Liverpool for a return game to be played on the fair grounds in the West End, Wellsville, Saturday afternoon. The last game played between these teams was played at East Liverpool, and the Oaklands defeated the Brunos by a score of 5 to 0. This was the first instance in which the Brunos have been scored against this season. A warm contest is expected Saturday. The Brunos will line up as follows:

Fraser, center; Kirkwood, right guard; Fairman, left guard; Heakin, right tackle; Culbertson, left tackle; Berg, right end; Murphy, left end; Bunting, quarterback; Estep, right halfback; McConnell, left halfback; Blue, fullback; Lee, Stubbins and Aten, substitutes.

BASKETBALL GAMES

To Be Arranged Between the Y. M. C. A. And Teams of This Vicinity.

Physical Director Stephens is in correspondence with the managers of a number of basket ball teams in this section of the state with a view to securing games for his team.

It had been arranged to have another game with Steubenville this week, but satisfactory plans could not be made. However, it is thought a contest can be had next week.

With the increased seating capacity, the Y. M. C. A. gymnasium is in much better shape than ever before, and it is thought the attendance at future games will be larger.

CRESCENTS WON

In a Bowling Match With the Eclipse. 439 Pins Ahead.

The Crescent and Eclipse bowling teams played an interesting match on the Imperial alleys last evening. They played a series of three games, the Crescents winning the series by 439 pns. Following are the individual scores:

Crescents—Clark, 156, 219, 180; Eagan, 132, 125, 113; Blind, 182, 149, 159; Litton, 117, 168, 164; Schultz, 192, 132, 117.

Eclipse—Dawson, 142, 150, 109; Logan, 96, 135, 102; Rose, 115, 102, 120; McNicol, 157, 151, 128; Williams, 131, 141, 87.

Boxing Bouts at Akron.

Akron, November 19.—The bout last night between Mike Collins, of Boston, and Jack Palmer, the local 118-pounder, was stopped in the fourth round to save Collins, who was being badly pummeled. Gus Ruhlin refereed. Ruhlin went three rounds with Moore, formerly of Chicago. Moore caught one of Gus's taps and went to the floor, but got up quickly. Mayor Doyle was present. There were other bouts between locals. The entertainment was given by the North End club.

For Thanksgiving Day.

A report in circulation last evening that a foot ball team will be organized for the purpose of giving East Liverpool people the opportunity of witnessing a game on Thanksgiving day was heard with satisfaction. Prof. William Dorff is said to be at the head of the project, and it is rumored that the majority of the members of the disbanded East Liverpool team will be signed for the game. Steubenville or some team from Pittsburg will be the attraction.

Will Play Against W. & J.

Alex W. Stevenson left this morning for Washington, Pa., where he will play with the Western university foot ball team against the Washington and Jefferson team. Mr. Stevenson has made quite a reputation as a right guard man and will play that position in the game.

No Game Tomorrow Night.

Manager Craig, of the East Liverpool bowling club, states that the series of games scheduled for tomorrow evening at Sebring with the crack team of that town have been cancelled. The games will likely be played some evening next week.

Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse; but I have never known of a case of female weakness which was not helped when **Lydia E. Pinkham's Vegetable Compound** was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and nervous attacks due to the severe strain on the system by some organic trouble, and for women of advanced years in the most trying time of life, it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E. Pinkham's Vegetable Compound is a household reliance in my home, and I would not be without it. In all my experience with this medicine, which covers years, I have found nothing to equal it and always recommend it."—MRS. LAURA L. BARNES, 607 Second St., N. E., Washington, D. RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Ohmansen and Hollis E. Grosshans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 29th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

Miss Ida M. Snyder.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Georgetown Will Have to Be Abandoned, and It Is Doubtful if Any Part of the Island Is Out of Danger From La Soufriere.

London, Nov. 19.—The governor of the Windward islands has sent a dispatch to Colonial Secretary Chamberlain, in which he says the prospects of the inhabitants of the island of St. Vincent are blacker than they have ever been. He believes that Georgetown will have to be abandoned, while it is doubtful if any part of the island is out of the range of danger of La Soufriere, which he describes as "this terrible volcano."

The dispatch adds that the southeastern end of the island to which the inhabitants of the district around La Soufriere have fled in the hope of safety is badly off for water, and "if more people are crowded there they will not be able to exist. No term can be fixed to the action of the motion, and the people cannot go on like this indefinitely."

WARM CONTEST EXPECTED

Brunos, of Wellsville, And Oaklands, of This City, to Play Saturday.

Arrangements are being made between the Bruno Athletic club football team of Wellsville and the Oaklands of East Liverpool for a return game to be played on the fair grounds in the West End, Wellsville, Saturday afternoon. The last game played between these teams was played at East Liverpool, and the Oaklands defeated the Brunos by a score of 5 to 0. This was the first instance in which the Brunos have been scored against this season. A warm contest is expected Saturday. The Brunos will line up as follows:

Fraser, center; Kirkwood, right guard; Fairman, left guard; Heakin, right tackle; Culbertson, left tackle; Berg, right end; Murphy, left end; Bunting, quarterback; Estep, right halfback; McConnell, left halfback; Blue, fullback; Lee, Stubbins and Aten, substitutes.

BASKETBALL GAMES

To Be Arranged Between the Y. M. C. A. And Teams of This Vicinity.

Physical Director Stephens is in correspondence with the managers of a number of basket ball teams in this section of the state with a view to securing games for his team.

It had been arranged to have another game with Steubenville this week, but satisfactory plans could not be made. However, it is thought a contest can be had next week.

With the increased seating capacity, the Y. M. C. A. gymnasium is in much better shape than ever before, and it is thought the attendance at future games will be larger.

CRESCENTS WON

In a Bowling Match With the Eclipse. 439 Pins Ahead.

The Crescent and Eclipse bowling teams played an interesting match on the Imperial alleys last evening. They played a series of three games, the Crescents winning the series by 439 pins. Following are the individual scores:

Crescents—Clark, 156, 219, 180; Eagan, 132, 125, 113; Blind, 182, 149, 159; Litton, 117, 168, 164; Schultz, 192, 132, 117.

Eclipse—Dawson, 142, 150, 109; Logan, 96, 135, 102; Rose, 115, 102, 120; McNicol, 157, 151, 128; Williams, 131, 141, 87.

Boxing Bouts at Akron.

Akron, November 19.—The bout last night between Mike Collins, of Boston, and Jack Palmer, the local 118-pounder, was stopped in the fourth round to save Collins, who was being badly pummeled. Gus Ruhlin refereed. Ruhlin went three rounds with Moore, formerly of Chicago. Moore caught one of Gus's taps and went to the floor, but got up quickly. Mayor Doyle was present. There were other bouts between locals. The entertainment was given by the North End club.

For Thanksgiving Day.

A report in circulation last evening that a foot ball team will be organized for the purpose of giving East Liverpool people the opportunity of witnessing a game on Thanksgiving day was heard with satisfaction. Prof. William Dorff is said to be at the head of the project, and it is rumored that the majority of the members of the disbanded East Liverpool team will be signed for the game. Steubenville or some team from Pittsburg will be the attraction.

Will Play Against W. & J.

Alex W. Stevenson left this morning for Washington, Pa., where he will play with the Western university foot ball team against the Washington and Jefferson team. Mr. Stevenson has made quite a reputation as a right guard man and will play that position in the game.

No Game Tomorrow Night.

Manager Craig, of the East Liverpool bowling club, states that the series of games scheduled for tomorrow evening at Sebring with the crack team of that town have been cancelled. The games will likely be played some evening next week.

RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Olnhausen and Hollis E. Grosshans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 29th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

MISS IDA M. SNYDER,
Treasurer of the Brooklyn East End Art Club.

Miss Ida M. Snyder.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

Sample bottle—enough for trial, free by mail.

THE TOTAL VOTE IS NOW COMPUTED

It Shows That Kirtley Led the Republican Ticket and Had 95,209 Plurality.

A POPULAR VETERAN DEAD

Col. Owen J. Hopkins the Victim of a Street Car Accident—Important Ruling of Supreme Court—Application of Cole Law.

From a Staff Correspondent.

Columbus, November 19.—The compilation of the vote cast at the recent election was completed at the office of the secretary of state late Tuesday afternoon. The total vote cast for secretary of state was 811,467 and the plurality of Secretary of State Laylin was 90,465. The total vote was 830,131. The vote for secretary of state was as follows:

Lewis C. Laylin, Republican, 436,171; Herbert S. Bigelow, Democrat, 345,706; Max S. Hayes, Socialist, 14,270; Andrew L. White, Prohibitionist, 12,336; Theodore Adams, Socialist-Labor, 2,983; scattering, 1.

The plurality of William B. Crew, Republican, to fill a vacancy on the supreme court bench was 93,921, and for the long term his plurality was 93,939. William J. Kirtley, for member of the board of public works, received a plurality of 95,209, the greatest plurality received by any candidate on the Republican ticket. Horace Ankeny, Republican, for dairy and food commissioner, received the smallest plurality, 86,135.

Samuel Borton, of Valley, near Salem, Columbiana county, who was a candidate for judge of the supreme court on the Socialist-Labor ticket, received 2,983 votes. Last year there were three candidates from Columbiana county nominated on minor tickets.

The supreme court yesterday decided a number of motions to dismiss cases brought under the Royer act, which was repealed at the special session of the legislature. The decision of the court in these cases was as follows: "All cases decided by the circuit court, but not yet filed in supreme court on error prior to May 12, may come into court now, under the regular rules. In all cases decided by the courts between the first and second acts the judgment of the circuit court is final." The decision makes the circuit court the court of last resort in the cases it decided during the period that the Royer act, which took away power from the highest court, was in effect.

As a result of a shocking accident which occurred in this city last night the state house has been plunged into gloom. As Colonel Owen J. Hopkins, a member of the adjutant general's department and inspector general of the National Guard of Ohio, was crossing North Highland street, this city, he was struck by a street car and injured so badly that he died in a short time. He was a veteran of the civil war and served three years in Garfield's regiment, the Forty-third Ohio. He also served as lieutenant in another Ohio military body. He has been connected with the Ohio National Guard for about 20 years and possessed splendid military attainments. He was a man of high character and was very popular. His death is greatly deplored. The state officials will meet and adopt suitable resolutions on his death. He leaves a wife and several children.

Attorney-General Sheets has ruled that public service companies must pay 1 per cent on their gross receipts under the Cole act, from May 1, 1901, to May 1, 1902. Some companies were of the opinion that they were only required to pay from the time between the passage of the act and May 1, 1902. Were this the case they would only be required to pay for a little over two weeks of the year ending May 1, 1902. The attorney general's construction of the law will make a difference of a half a million dollars under it.

John C. Walsh, of East Liverpool, will be one of the speakers at a banquet which will be held in this city by the retail liquor men of Franklin county on December 9. Leading liquor men of the state will be present, and plans will be discussed in the interest of the traffic.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like.

SALINEVILLE

Salineville, November 18.—Stewart Robinson, of Scroggsfield, who was recently shot by some unknown person, was taken to a hospital last Thursday and had the bullet extracted from the wound in the head. The missile had split and part of it was found under the skin near the outer edge of the opening. Dr. Walker returned home from Cleveland Saturday and reports him resting easily.

Mrs. John Thompson, of Oneida, Carroll county, and her sister, Miss Jennie Graham, of Malvern, were guests of their uncle and aunt, Mr. and Mrs. H. H. Thompson, over Sunday.

Mrs. Hozell, of Wooster, is the guest of her daughter, Mrs. W. A. McBane, wife of the cashier of the Citizens Banking company.

Mr. and Mrs. J. C. Lewton, of Wattsville, Carroll county, were at the wife's parental home Sunday at the bedside of her sister, Mrs. F. S. Bunn, who is prostrated with an attack of typhoid fever.

Mrs. W. A. Thompson, of Lisbon, accompanied by her little son, Master Bruce, and a Mr. Carter, of Mansfield, and his newly wedded wife, Miss Bessie Devery, of Cleveland, a younger sister of Mrs. Thompson drove over to this village last Saturday and were guests of their friends H. H. Kirk and Mr. McPherson.

Struble Goddard, one of the miners of the new shaft, had one of his legs injured by a fall of slate.

Mrs. Fred S. Bunn, late of Youngstown, is at the home of her parents, Mr. and Mrs. R. G. Thompson, prostrated with a serious attack of typhoid fever. Mr. Bunn arrived from Youngstown on the night train and is now at the bedside of his wife.

Studying Cleveland's Taxation.

Cleveland, Nov. 19.—For the past two days four New York tax experts have been in this city studying the system of taxation in practice in Cleveland. The results of the investigations are to be laid before Mayor Low, of New York city, although the experts are not carrying on their investigations in the capacity of a commission. The party returned to New York last night.

Shot Wife and Self.

Cleveland, Nov. 19.—Charles Benning, of No. 430 Wert street, Youngstown, shot his wife in the back and himself in the head, late yesterday afternoon. The couple had separated and jealousy on the husband's part is believed to be the motive for the crime. Benning and his wife are in the hospital, with the outcome of their wounds problematical.

Accidentally Killed Sister.

Pittsburg, Nov. 19.—While attempting to remove a cartridge from his rifle, Edward Horstman, 11 years old, shot and killed his sister Mary, 20 years old, in their home at Bridgeville yesterday afternoon. The small bullet entered her neck and severed an artery. She died in five minutes. Her brother is nearly distracted.

BEAR HUNT IS ENDED.

Last Day of Chase Was Simply a Repetition of the Three Preceding Ones.

BRUIN EVADED THE PRESIDENT.

Roosevelt Enjoyed Outing and Speaks In High Praise of Hospitality Shown Him—Special Train Left Smedes For Memphis at 9:30 Last Night.

Smedes, Miss., Nov. 19.—President Roosevelt's bear hunt in Mississippi is ended and he has not had even a shot at a bear. The last day of the chase was simply a repetition of the three preceding days, so far as his luck was concerned. Try as the hunters would, they could not get a bear within range of the president's rifle.

The dogs got a fresh trail early yesterday morning and the president and Holt Collier followed it half a dozen miles to the Big Sunflower river. The bear crossed a mile below the ford. They went to this point, and believing he was making for the canebrake on the other side, they endeavored to head it off. When they got into the brake, however, they were disgusted to find that the bear had doubled on his track and crossed the river still further down. It was then 1 o'clock, and as arrangements had been made to break camp at 2:30 o'clock, the president was reluctantly compelled to abandon further pursuit of the elusive quarry.

While the president was out after bear Major Helm, Dr. Lung and Secretary Cortelyou had a more successful deer drive on this side of the Great Sunflower river. They jumped up a buck and a doe. Major Helm killed the latter from his horse, at about 40 yards.

Although the president has failed to kill a bear on this expedition, he has enjoyed his outing and speaks in high praise of the hospitality that has been accorded him. He philosophically attributed his ill-fortune to the traditional hunter's luck, and says the next time he goes after bear he will arrange to stay long enough for the luck to change.

The deer killed yesterday and the bear killed Monday will be taken to Washington on the special train.

When all was in readiness the president and the members of the party mounted their horses and rode into Smedes, leaving the wagons to follow. The president is a hard rider, and the pace was rapid in spite of the bad trails. The distance, which is fully 12 miles, was covered in less than an hour.

Upon the president's arrival here he found fully 500 people, practically all the negroes from the surrounding plantations, assembled to greet him. He thanked them for their demonstrations, but made no remarks. They waited around his car on the siding until dark, hoping he would make a speech.

Mr. Fish last night gave a dinner in his private car to the president and members of his party.

At 9:30 o'clock the special train started for Memphis, having added the record of a presidential bear hunt to the fame of Smedes, which first became known to the outside world through the story that here the experiment of teaching monkeys to pick cotton was to be tried.

MASTER BUILDERS EXCHANGE

Directors Adopt Stringent Measures Looking to Protection of Contractors From Strikers.

Philadelphia, Nov. 19.—The directors of the Master Builders' Exchange, at a meeting yesterday, decided to adopt stringent measures looking to the protection of contractors whose employes resort to strikes to gain their demands. All of the 23 members of the board of directors were present and the vote to lock out striking workmen was unanimous.

There was a heated discussion over the question of full recognition of labor unions in the building trades, and final action on this subject was referred to the members of the exchange at the next quarterly meeting, Tuesday. To meet the demands of the council of allied building trades, which is the parent body of all the building trades unions, it was decided that a similar organization of bosses be formed on substantially the same basis as the council of allied building trades. In the event of a dispute the bosses will appoint a committee of five to meet a committee of workmen. Should the meeting fail of results a committee of five from the builders' exchange is to act as a court of last resort. If this committee should be unable to solve the difficulty and a strike be ordered by the labor union the bosses will order a general lockout, which will be continued until the employes' unions are willing to make concessions.

Charged With Larceny.

Harrisburg, Nov. 19.—The repeated disappearance of valuable packages from the local warehouse of the Adams Express company led to an investigation, which terminated in the arrest yesterday of Joseph J. Sanson and W. Dean Pierce, clerks in the company's employ, on a charge of larceny. Watches and jewelry consigned to a Harrisburg jeweler are alleged to have been found in the lockers of the accused men at the company warehouse in this city.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. **OUR NEW METHOD TREATMENT** is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 250,000 Cured.**

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

THE TOTAL VOTE IS NOW COMPUTED

It Shows That Kirtley Led the Republican Ticket and Had 95,209 Plurality.

A POPULAR VETERAN DEAD

Col. Owen J. Hopkins the Victim of a Street Car Accident—Important Ruling of Supreme Court—Application of Cole Law.

From a Staff Correspondent.

Columbus, November 19.—The compilation of the vote cast at the recent election was completed at the office of the secretary of state late Tuesday afternoon. The total vote cast for secretary of state was 811,467 and the plurality of Secretary of State Laylin was 90,465. The total vote was 830,131. The vote for secretary of state was as follows:

Lewis C. Laylin, Republican, 436,171; Herbert S. Bigelow, Democrat, 345,706; Max S. Hayes, Socialist, 14,270; Andrew L. White, Prohibitionist, 12,336; Theodore Adams, Socialist-Labor, 2,983; scattering, 1.

The plurality of William B. Crew, Republican, to fill a vacancy on the supreme court bench was 93,921, and for the long term his plurality was 93,939. William J. Kirtley, for member of the board of public works, received a plurality of 95,209, the greatest plurality received by any candidate on the Republican ticket. Horace Ankeny, Republican, for dairy and food commissioner, received the smallest plurality, 86,135.

Samuel Borton, of Valley, near Salem, Columbiana county, who was a candidate for judge of the supreme court on the Socialist-Labor ticket, received 2,983 votes. Last year there were three candidates from Columbiana county nominated on minor tickets.

The supreme court yesterday decided a number of motions to dismiss cases brought under the Royer act, which was repealed at the special session of the legislature. The decision of the court in these cases was as follows: "All cases decided by the circuit court, but not yet filed in supreme court on error prior to May 12, may come into court now, under the regular rules. In all cases decided by the courts between the first and second acts the judgment of the circuit court is final." The decision makes the circuit court the court of last resort in the cases it decided during the period that the Royer act, which took away power from the highest court, was in effect.

As a result of a shocking accident which occurred in this city last night the state house has been plunged into gloom. As Colonel Owen J. Hopkins, a member of the adjutant general's department and inspector general of the National Guard of Ohio, was crossing North Highland street, this city, he was struck by a street car and injured so badly that he died in a short time. He was a veteran of the civil war and served three years in Garfield's regiment, the Forty-third Ohio. He also served as lieutenant in another Ohio military body. He has been connected with the Ohio National Guard for about 20 years and possessed splendid military attainments. He was a man of high character and was very popular. His death is greatly deplored. The state officials will meet and adopt suitable resolutions on his death. He leaves a wife and several children.

Attorney-General Sheets has ruled that public service companies must pay 1 per cent on their gross receipts under the Cole act, from May 1, 1901, to May 1, 1902. Some companies were of the opinion that they were only required to pay from the time between the passage of the act and May 1, 1902. Were this the case they would only be required to pay for a little over two weeks of the year ending May 1, 1902. The attorney general's construction of the law will make a difference of a half a million dollars under it.

John C. Walsh, of East Liverpool, will be one of the speakers at a banquet which will be held in this city by the retail liquor men of Franklin county on December 9. Leading liquor men of the state will be present, and plans will be discussed in the interest of the traffic.

SALINEVILLE

Salineville, November 18.—Stewart Robinson, of Scroggsfield, who was recently shot by some unknown person, was taken to a hospital last Thursday and had the bullet extracted from the wound in the head. The missile had split and part of it was found under the skin near the outer edge of the opening. Dr. Walker returned home from Cleveland Saturday and reports him resting easily.

Mrs. John Thompson, of Oneida, Carroll county, and her sister, Miss Jennie Graham, of Malvern, were guests of their uncle and aunt, Mr. and Mrs. H. H. Thompson, over Sunday.

Mrs. Hozell, of Wooster, is the guest of her daughter, Mrs. W. A. McBane, wife of the cashier of the Citizens Banking company.

Mr. and Mrs. J. C. Lewton, of Wattsville, Carroll county, were at the wife's parental home Sunday at the bedside of her sister, Mrs. F. S. Bunn, who is prostrated with an attack of typhoid fever.

Mrs. W. A. Thompson, of Lisbon, accompanied by her little son, Master Bruce, and a Mr. Carter, of Mansfield, and his newly wedded wife, Miss Bessie Devery, of Cleveland, a younger sister of Mrs. Thompson drove over to this village last Saturday and were guests of their friends H. H. Kirk and Mr. McPherson.

Struble Goddard, one of the miners of the new shaft, had one of his legs injured by a fall of slate.

Mrs. Fred S. Bunn, late of Youngstown, is at the home of her parents, Mr. and Mrs. R. G. Thompson, prostrated with a serious attack of typhoid fever. Mr. Bunn arrived from Youngstown on the night train and is now at the bedside of his wife.

BEAR HUNT IS ENDED.

Last Day of Chase Was Simply a Repetition of the Three Preceding Ones.

BRUIN EVADED THE PRESIDENT.

Roosevelt Enjoyed Outing and Speaks In High Praise of Hospitality Shown Him—Special Train Left Smedes For Memphis at 9:30 Last Night.

Smedes, Miss., Nov. 19.—President Roosevelt's bear hunt in Mississippi is ended and he has not had even a shot at a bear. The last day of the chase was simply a repetition of the three preceding days, so far as his luck was concerned. Try as the hunters would, they could not get a bear within range of the president's rifle.

The dogs got a fresh trail early yesterday morning and the president and Holt Collier followed it half a dozen miles to the Big Sunflower river. The bear crossed a mile below the ford. They went to this point, and believing he was making for the canebrake on the other side, they endeavored to head it off. When they got into the brake, however, they were disgusted to find that the bear had doubled on his track and crossed the river still further down. It was then 1 o'clock, and as arrangements had been made to break camp at 2:30 o'clock, the president was reluctantly compelled to abandon further pursuit of the elusive quarry.

While the president was out after bear Major Helm, Dr. Lung and Secretary Cortelyou had a more successful deer drive on this side of the Great Sunflower river. They jumped up a buck and a doe. Major Helm killed the latter from his horse, at about 40 yards.

Although the president has failed to kill a bear on this expedition, he has enjoyed his outing and speaks in high praise of the hospitality that has been accorded him. He philosophically attributed his ill-fortune to the traditional hunter's luck, and says the next time he goes after bear he will arrange to stay long enough for the luck to change.

The deer killed yesterday and the bear killed Monday will be taken to Washington on the special train.

When all was in readiness the president and the members of the party mounted their horses and rode into Smedes, leaving the wagons to follow. The president is a hard rider, and the pace was rapid in spite of the bad trails. The distance, which is fully 12 miles, was covered in less than an hour.

Upon the president's arrival here he found fully 500 people, practically all the negroes from the surrounding plantations, assembled to greet him. He thanked them for their demonstrations, but made no remarks. They waited around his car on the siding until dark, hoping he would make a speech.

Mr. Fish last night gave a dinner in his private car to the president and members of his party.

At 9:30 o'clock the special train started for Memphis, having added the record of a presidential bear hunt to the fame of Smedes, which first became known to the outside world through the story that here the experiment of teaching monkeys to pick cotton was to be tried.

MASTER BUILDERS EXCHANGE

Directors Adopt Stringent Measures Looking to Protection of Contractors From Strikers.

Philadelphia, Nov. 19.—The directors of the Master Builders' Exchange, at a meeting yesterday, decided to adopt stringent measures looking to the protection of contractors whose employes resort to strikes to gain their demands. All of the 23 members of the board of directors were present and the vote to lock out striking workmen was unanimous.

There was a heated discussion over the question of full recognition of labor unions in the building trades, and final action on this subject was referred to the members of the exchange at the next quarterly meeting, Tuesday. To meet the demands of the council of allied building trades, which is the parent body of all the building trades unions, it was decided that a similar organization of bosses be formed on substantially the same basis as the council of allied building trades. In the event of a dispute the bosses will appoint a committee of five to meet a committee of workmen. Should the meeting fail of results a committee of five from the builders' exchange is to act as a court of last resort. If this committee should be unable to solve the difficulty and a strike be ordered by the labor union the bosses will order a general lockout, which will be continued until the employes' unions are willing to make concessions.

MERIT SYSTEM IN THE NEW CODE

Important Regulations Applying to the Appointment of Police and Firemen.

CHIEFS HAVE HIGH POWER

But the Mayor Is Above Them in Authority—Several Causes Which Disqualify Men from Service in Either Department.

Among the numerous provisions made by the Nash code which are attracting much attention and discussion in the city at the present time is that pertaining to the merit system of appointing officers under the two heads, the fire department and the police department.

Chief of Police Thompson and Fire Chief Morley state that they think the system a model one, and that it will give general satisfaction when placed in vogue. According to the provision of the act on the question, the men best qualified for the several positions will receive the appointments. This will not only give the public better service under all heads of protection, but it will be an incentive to the city officers to strive for the highest position.

Under the code it is the duty of the police to preserve the peace, protect persons and property and enforce all ordinances of council and all criminal laws of the state and the United States, and the fire department will be required to protect the lives and property of the people in case of fire. Both the police and fire department are to perform such other duties as council by ordinance may prescribe.

The requirements are the same as have been in vogue, but when the code goes into effect, it will be the duty of the officials having jurisdiction over the police and firemen to see that they do as prescribed or stand liable to suspension.

Both the chief of the fire department and police will have exclusive right to suspend any of the deputies, officers or employes in his respective department and under his management and control, for incompetence, gross neglect of duty, gross immorality, habitual drunkenness, failure to obey orders given him by the proper authorities or for any other reasonable or just cause. The power of the chiefs is almost unlimited. However, the suspension will not hold good unless acted upon by the mayor in their favor. To the mayor the chiefs will be compelled to look for the safety of their official heads. The mayor will have the exclusive right to suspend the chiefs for the same offenses designated for the police and firemen. The board of public service will act upon the mayor's ruling.

The number of police and firemen to serve in this city will be decided upon by council, but the directors of public safety shall classify the service each shall take and shall regulate the rules of such departments.

Section 160 provides that no person habitually using intoxicating beverages to excess shall be appointed to or be retained in any office, appointment or employment to which the provisions of the merit system are applicable, nor shall any vender of intoxicating liquors be appointed or retained.

DRUNKS DEALT WITH

Mayor Imposes the Usual Fines Upon a Trio of Inebriates.

James Wilson, who for many months was star boarder at the hotel run by Simon Haught and his estimable wife, Sarah, the janitress at the city hall, and who received his walking papers on account of arrearages claimed to be due them, was arrested last evening by Officers Mahoney and Aufderheide. Jim was merely drunk, but this morning the mayor caused him to shudder and wish that he had never been born when he told him there was a charge of attempted murder against him. The inebriate thought over the charge a moment and said: "I always knew that my drinking would lead me to something terrible." When he was told that his fine was only $5.60 a great load was taken from his mind.

George Randall, a potter, who has been working at Peoria and Sebring for some time, arrived in the city yesterday and got drunk much sooner than usual. The only explanation that he could give Officer Betteridge was that East Liverpool champagne is stronger than what he has been accustomed to. He was fined $1 and costs. A man giving his name as Hokey Pokey was arrested by Officer Saulsberry for being drunk. He will remain an inmate of the city jail until he liquidates $5.60.

THE NEW YORK STOCK MARKET.

Time Money Scarce and Loaning at 7 to 8 Per Cent For 60 and 90 Days—Bonds Heavy.

New York, Nov. 19.—The most noteworthy feature of yesterday's market was the steady and persistent, though moderate, liquidation.

Aside from the scarcity of time money, which is loaning at rates practically equal to 7 and 8 per cent for 60 and 90 days, there was no very unfavorable news. Call money was easy and in very moderate demand, and gold exports seemed no nearer than they have been for weeks past. Opening prices were irregular and rather under the London level.

tion of their land in St. Clair township to the city proper, in order that residents of that locality might reach the city conveniently and without encountering the steep grades and dangerous curves of the hill districts.

The Youngstown capitalists were not long in securing an audience with the officers of the company, with the result that a meeting was arranged for last night, at which time it was thought that General Asa W. Jones, president of the Youngstown & Southern, would be present. General Jones was delayed, however, and did not arrive until this morning. A meeting was held in the office of the company this forenoon, and an agreement reached whereby the right of way held by the Bloomfield Land company will be turned over to the railroad company within the next 48 hours. The land company made one stipulation, it being that assurance must be given that the railroad people meant business and really wanted the rights for the purpose of constructing the line. General Jones promptly satisfied all present of the good faith and abundant capital behind the project, and the deal was closed.

The right of way secured includes the privileges from a point at the northerly edge of the Bloomfield Land company's possessions, and extending 1,600 feet through that tract. From there the route follows the course of California hollow to the city and ends at Sheridan avenue. It represents two-thirds of the foot frontage between the points named.

Papers providing for the transfer will be made out at once, and it is thought the Youngstown men will be in possession of the privileges sought within the next two days at most.

So far as the preliminaries are concerned there will be no drawback from this course. The promoters of the enterprise have met with remarkable success in the securing of their rights of way, and while they are not giving information to the public concerning the exact route, it is known that in every locality privileges have been granted without hesitation, on account of the thorough reliability of the projectors. It is the intention of the company to commence the erection of its power plants at once, and if the plans as now formed do not miscarry as many of these buildings as are necessary to furnish all the power needed will be completed by next spring. This will clear away one of the largest obstacles in the way of an early completion of the road, as the preparation of the road bed and the laying of track may be commenced and finished early next year.

An ordinance granting the privilege of traversing city streets will likely be prepared and presented to the council at an early date, and from the expressions of those members of council who have been interviewed there will be no difficulty in securing its passage.

MERIT SYSTEM IN THE NEW CODE

Important Regulations Applying to the Appointment of Police and Firemen.

CHIEFS HAVE HIGH POWER

But the Mayor Is Above Them in Authority—Several Causes Which Disqualify Men from Service in Either Department.

Among the numerous provisions made by the Nash code which are attracting much attention and discussion in the city at the present time is that pertaining to the merit system of appointing officers under the two heads, the fire department and the police department.

Chief of Police Thompson and Fire Chief Morley state that they think the system a model one, and that it will give general satisfaction when placed in vogue. According to the provision of the act on the question, the men best qualified for the several positions will receive the appointments. This will not only give the public better service under all heads of protection, but it will be an incentive to the city officers to strive for the highest position.

Under the code it is the duty of the police to preserve the peace, protect persons and property and enforce all ordinances of council and all criminal laws of the state and the United States, and the fire department will be required to protect the lives and property of the people in case of fire. Both the police and fire departments are to perform such other duties as council by ordinance may prescribe.

The requirements are the same as have been in vogue, but when the code goes into effect, it will be the duty of the officials having jurisdiction over the police and firemen to see that they do as prescribed or stand liable to suspension.

Both the chief of the fire department and police will have exclusive right to suspend any of the deputies, officers or employes in his respective department and under his management and control, for incompetence, gross neglect of duty, gross immorality, habitual drunkenness, failure to obey orders given him by the proper authorities or for any other reasonable or just cause. The power of the chiefs is almost unlimited. However, the suspension will not hold good unless acted upon by the mayor in their favor. To the mayor the chiefs will be compelled to look for the safety of their official heads. The mayor will have the exclusive right to suspend the chiefs for the same offenses designated for the police and firemen. The board of public service will act upon the mayor's ruling.

The number of police and firemen to serve in this city will be decided upon by council, but the directors of public safety shall classify the service each shall take and shall regulate the rules of such departments.

Section 160 provides that no person habitually using intoxicating beverages to excess shall be appointed to or be retained in any office, appointment or employment to which the provisions of the merit system are applicable, nor shall any vender of intoxicating liquors be appointed or retained.

DRUNKS DEALT WITH

Mayor Imposes the Usual Fines Upon a Trio of Inebriates.

James Wilson, who for many months was star boarder at the hotel run by Simon Haught and his estimable wife, Sarah, the janitress at the city hall, and who received his walking papers on account of arrearages claimed to be due them, was arrested last evening by Officers Mahoney and Aufderheide. Jim was merely drunk, but this morning the mayor caused him to shudder and wish that he had never been born when he told him there was a charge of attempted murder against him. The inebriate thought over the charge a moment and said: "I always knew that my drinking would lead me to something terrible." When he was told that his fine was only $5.60 a great load was taken from his mind.

George Randall, a potter, who has been working at Peoria and Sebring for some time, arrived in the city yesterday and got drunk much sooner than usual. The only explanation that he could give Officer Betteridge was that East Liverpool champagne is stronger than what he has been accustomed to. He was fined $1 and costs. A man giving his name as Hokey Pokey was arrested by Officer Saulsberry for being drunk. He will remain an inmate of the city jail until he liquidates $5.60.

Time Money Scarce and Loaning at 7 to 8 Per Cent For 60 and 90 Days—Bonds Heavy.

New York, Nov. 19.—The most noteworthy feature of yesterday's market was the steady and persistent, though moderate, liquidation.

Aside from the scarcity of time money, which is loaning at rates practically equal to 7 and 8 per cent for 60 and 90 days, there was no very unfavorable news. Call money was easy and in very moderate demand, and gold exports seemed no nearer than they have been for weeks past. Opening prices were irregular and rather under the London level.

Features of the early trading were Erie, United States Steel issues and Colorado Fuel, all of which showed improvement. On the other hand, Reading, Union Pacific, Canadian Pacific and St. Paul were heavy, though not to a marked degree.

19TH YEAR. NO. 274 EAST LIVERPOOL, O., WEDNESDAY, NOVEMBER 19, 1902. TWO CENTS.

RIGHT OF WAY GRANTED IN CALIFORNIA HOLLOW

Work on the Youngstown and Southern Street Railway Is to Be Commenced Without Delay.

VISIT HERE OF CHIEF OFFICERS OF THE ROAD

The hopes cherished by the people of East Liverpool for years that a cross-county railroad would finally be built, have at last been realized, and work upon the construction of this line will be commenced within a few months.

Accounts have appeared in the News Review from time to time to tell of the progress being made by the Youngstown & Southern railway in the matter of securing rights of way from Youngstown to the Ohio river at this point. It would seem that these reports have not been exaggerated in the least, and that even more headway had been made than the general public had any idea of. There has never been a better example of the fact that a company of this character which means business, and has the capital to back it up, can accomplish its aims in a remarkably short time.

J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department, arrived in the city yesterday morning, as was exclusively announced in the News Review, for the purpose of securing rights of way and special privileges from the city for an entrance and southern terminal of the Youngstown & Southern electric railroad.

Agents of these officials had been here previously, and reports to their superiors tended to show that when the real powers arrived they would meet with encouragement for their project from the people of the Crockery City. They had not been misinformed, for shortly after landing it was apparent that anything within reason which might be asked would be freely given.

Preparations were made for the securing of the right of way down California hollow, but had not progressed far when it was discovered that a right of way from a point out in St. Clair township to Sheridan avenue in this city was already in possession of a land company of East Liverpool, and could be had for the asking.

Some time last spring the Bloomfield Land company, composed of George H. Owen, N. G. Macrum, J. W. Gipner, O. C. Vodrey, Phil Morley and W. H. Vodrey, all men of excellent business judgment, conceived the idea of obtaining if possible this right of way. The main object at that time was to gain an entrance to the city from the loca-

FURIOUS BATTLE BETWEEN BROTHERS

The Woolleys of the Shantyboat District Engage in a Fierce Conflict.

ONE OF THEM BADLY USED

Stones Were Used And Dave Woolley's Head Showed Their Effect—His Brother Found Hiding in Bed When Officer Sought Him.

Shantytown broke loose again yesterday afternoon when the Woolleys, after spending a few hours in resorts on Smoky row, started in for a free-for-all mixup at their house boat, located near the old flint mill. Although "Slick" and Dave Woolley, brothers, were the principals in the melee, their mother and several others had a hand during the clashes and it has been many weeks since more excitement prevailed in the vicinity.

In stature Dave excels his brother, but as a fighter he will have to take a back seat. They came together on the beach a few yards from the boat and the battle that followed is perhaps without a precedent among brothers in this locality. Slick became very much enraged, it is said, because Dave had been abusing their mother, and as he always detested anything brutal, thought that nothing but a sound thrashing should be administered. If the face of Dave is proof he without doubt carried out his idea.

No ring was marked off for the two combatants, but they stayed within a circle of 20 feet. Ungloved but armed with large stones they fiercely struck at each other and many blows were landed. However, one landed on Dave's right cheek bone and put an end to the scrimmage. Like a water soaked log he dropped to the ground and Slick scampered away to the boat with the bout to his credit.

The fight was over and everything was quiet on the banks of the Ohio when Officer McDermott was called. The big and handsome cop had no trouble in laying hands on Dave. In the same spot where he had fallen he still rested. But Slick had gone into hiding. Mrs. Woolley came to the officer's rescue and told him that her beloved offspring was in the boat, feigning sleep. Into the boat dashed the officer and for a moment hunted in vain. He could see nothing but a big bundle of bed clothing stacked on a bed. He was about to leave when he noticed a slight movement of the blankets. Throwing them aside he found the fugitive cramped into a knot and apparently sleeping soundly.

It did not take the officer long to awaken him and in a short time the brothers were talking the matter over in a cell. When arraigned this morning Dave had an awful face. It looked as if fresh from a sausage mill. The fact was so evident that he had been in a fight that he hesitated not a moment in pleading guilty. He was fined $7.60. A like dose was tendered Slick.

Who Are Rehearsing to the Jury the Tales of the Reign of Terror in the Inverness Neighborhood Over a Year Ago.

Lisbon, November 19.—(Special.)—The jury resumed its sitting yesterday after a recess of about two weeks.

Nearly 60 witnesses are here in the case of Howard Kelly, of Inverness, Washington township, versus Sumner McPherson and the latter's father and mother, Mr. and Mrs. John McPherson, also of Inverness, Kelly having sued for $10,000 damages for malicious prosecution. The case grew out of some neighborhood troubles in which the McPherson family seems to have been annoyed considerably by the night depredations of persons who destroyed farm implements, posted white cap notices and committed other offenses evidently designed to make trouble to the McPhersons, John Clazer and others in the vicinity.

One night Sumner McPherson stood guard with a gun near his home and alleges that about 2:30 in the morning a man rode up on horseback and was in the act of fastening a paper to an oak tree on which white cap notices had frequently been fastened. McPherson called to him, but he made no reply, but hurriedly commenced to tear the paper from the tree. McPherson again hailed him as he ran toward the spot, crying, "What are you doing there?"

Still there was no answer, and when he came near the man on horseback drew a revolver and commenced shooting at him, at the same time closing in and engaging him at close quarters. McPherson says he managed to back away far enough to level his musket at the breast of his adversary and pulled the trigger, but the weapon missed fire. He then clubbed his gun and was wielding it to deal his antagonist a blow when the ramrod came out, interfering with his aim. The ramrod was left in his hand as the only means of defense.

Meantime the night marauder had fired several shots, two bullets going through McPherson's hat and cutting his scalp. He said he struck the fellow several times across the face and breast with his ramrod before the horse wheeled and galloped away with its rider.

McPherson followed some distance down the road toward the Kelly farm, and in his testimony yesterday said he recognized the horseman in the moonlight, and that he was Howard Kelly. McPherson caused Kelly's arrest, but the case was dismissed when it came up for hearing in Justice Lodge Riddle's court in Lisbon.

The events of the night that McPherson stood guard occurred a year ago the latter part of last August. Young Kelly, who is about 20 years old, was living with his little brother, Frank, alone on their father's farm in the vicinity caring for the place, their father, Rev. J. M. Kelly, being a Presbyterian preacher stationed at Clintonville, Pa. In his petition for damages Kelly says that though the case against him was dismissed he was subjected to the ignominy of being taken to jail in the sheriff's custody, meeting numerous people along the road, and to confinement in one of the cells, where he says he had to sleep in a musty, ill-smelling bunk. Particulars of the case were widely circulated, and when Kelly returned to college it was cast up to him, which was one of the many reasons for the case. He denied having been away from home on the night of McPherson's encounter and denied possessing any fire-arms that were fit for use.

Kelly told a straightforward story during the four hours he was on the witness stand, and his testimony remained unshaken through a severe cross-examination. His father and brother were also on the stand.

Fred Whitaker, a brother-in-law of McPherson's, who is not on good terms with his wife's people, having ceased to live with her, was also on the stand. He scaid the morning after the occurrences which brought the affair into court, he tracked the horse ridden by the white hap horseman to the Kelly premises. Whitaker said that Howard Kelly gave him an apple a few days before the occurrences of the night McPherson stood guard, which made him very ill when he commenced to eat it.

Court adjourned until 9 o'clock this morning with Sumner McPherson, the second witness for the defense, on the stand.

This is one of the most peculiar cases that has been in court here for many years. Inverness is a Scotch Presbyterian settlement, and is said to have been a veritable Eden before these happenings came to cause trouble in the vicinity. Whether or not anything shall be determined by the present trial as to the author of the trouble, certain it is that there has been some queer doings in that neighborhood.

A number of the white cap letters were exhibited in court this morning. John Hagenfeld found the first letter seen in the neighborhood, and identified those exhibited. They all contained profane and threatening language, and most of them were signed: "The Unknown Boy." The sentiment of some of them was to the effect that if the neighbors did not keep quiet about the white cap outrages, the writer would plunge a knife into some of them. Several of the letters were addressed to Sumner McPherson.

NEW COMPANY FORMED WITH A MILLION CAPITAL

The Object Being to Develop the Newell Tract As a Site For Potteries and Other Plants.

INTERESTED PARTIES RETICENT AS TO PLANS

That the big Newell tract of land situated on the opposite side of the river below Chester, recently purchased by Louis I. Aaron, Joseph G. Lee, Col. John N. Taylor, W. E. Wells and others, will be developed fully within the next few months, there is now no doubt. Yesterday a charter was issued to the company by the West Virginia state authorities at Charleston. The capitalization is placed at $1,000,000, and the company will, it is said, begin actual operations just as soon as the weather and other conditions will permit.

The company incorporated at Charleston bears the title of the North American Manufacturing company, of Chester, Hancock county, W. Va. The capital stock is given as $1,000,000, of which $100,000 has been subscribed and $96,000 paid in.

The incorporators are: L. I. Aaron, C. I. Aaron, of Allegheny, Pa.; Marcus Aaron, of Pittsburg; W. E. Wells, E. M. Knowles, Colonel John N. Taylor, G. W. Clark and Joseph G. Lee, of East Liverpool.

The purpose of the company, as stated in the charter, is to "mill, mine and manufacture articles incident to or connected with the glassware, brick, porcelain and pottery business."

"Our plans are not matured," said Joseph G. Lee, a member of the company, when seen by a News Review reporter this morning. "The parties associated with me in the purchase of this land made the deal some time ago, and not until yesterday was the concern chartered. Yes, you can say the territory will be developed without delay, but what form that development will take we are not now able nor disposed to give out. As I said before the plans of the company are not completed. Our purpose of incorporating was in order that we would be in shape to do business in a business way."

In answer to a query as to what would likely be done with the land, and whether a scheme was not on foot for the establishment of a mammoth pottery manufacturing concern on the land, Mr. Lee said:

"It may be a manufacturing concern. However, that is a part of the question I do not wish to discuss. No officers have been elected, but this will be attended to within a short time."

W. E. Wells also said that the plans of the company were not fully matured.

TERRIBLY USED UP IN A FIERCE FIGHT

William Boyd and Charles Funkhouser Contended and Boyd's Shoulder Was Dislocated.

SCRAPPED ABOUT DRINKS

Funkhouser Had Treated Twice And Boyd Thought He Should Do So Again—Injured Man Confined to Bed—The Other Fined.

With his right shoulder dislocated and bruises too many to enumerate, about his face and body, William Boyd, a character of much local noteriety, was given a bed at Stella Mears' place on Broadway yesterday afternoon as the result of a terriffic fight in and about the bar room.

To Charles Funkhouser, late of Rochester and a conspicuous resident of Shantytown, is due the credit for Boyd's present unhappy condition. Funkhouser turned over a new leaf a week or more ago and started out in quest of a job. There are many of them in East Liverpool and he had no difficulty in finding one. Yesterday about noon he became weary of his situation and asked for a short loaf. He also drew $5 of the $11.25 which was coming to him at the office. He went down toward the river and was spending his money fast in the saloon. He recognized all of his friends and treated.

When Boyd had already had two big drinks off the philanthropic gentleman and asked for another one Funkhouser was ready to scrap. He says that he ordered Boyd away and that instead of moving he returned the rebuke with a stiff punch straight from the shoulder. Funkhouser's ire was up in a second and the fight was started in all fury. From the barroom to the alley at the rear the pair battled, exchanging blows at extremely short intervals. The alley was muddy and in the course of events the biggest portion of the dirt was wiped clear by the men's clothing.

After Funkhouser had disabled his fearful opponent, leaving him stretched out on the ground, he made himself scarce. Officer McDermott was told of the affair and when he went to make the arrests he found Boyd confined to a bed and allowed him to remain there. He captured Funkhouser shortly afterwards and placed him in jail. This morning he pleaded guilty to the charge of fighting and gave an order for the remainder of the $11.25. Boyd will be arrested as soon as he is able to navigate and will likely receive a fine of $7.60.

A POSSIBLE CLUE

TO THE WHEREABOUTS OF THE MISSING M'GILLIVRAY.

Man of Similar Name Arrested At Lorain—Officers Are Investigating.

The wheels of justice are slowly grinding out facts that will in a short time result in the capture of George P. McGillivray, the alleged wife deserter and maker of counterfeit money, who left the city on Tuesday, November 11.

As a result of the account published exclusively in the News Review the officials of cities for hundreds of miles around are and have been on the lookout for the man and it is now thought that he has been located. From Lorain, O., there came a message yesterdy stating that a man registering his name, George B. McGillivray, had stopped at a hotel in that city. The only difference in the two names is the middle initial and it is thought that the wanted man may have made the mistake through nervousness or possibly purposely. The officials of Lorain were advised to hold the man and a photograph of McGillivray was sent them yesterday. If the man under arrest tallies with the photograph he will be brought to this city for trial.

Mrs. McGillivray, wife of the alleged criminal, with her baby, left this afternoon for Salineville where she will live in the future with her parents. She is yet very anxious that her husband be captured and states that she will do anything that is within her power to that end.

MANY CHARGES MADE

Against Her Husband By a Butler Township Wife, Who Gets Divorce.

Lisbon, November 19.—(Special.)—Mrs. Margaret Myers, of Butler township, yesterday afternoon was granted a divorce from Joseph Myers on grounds of habitual drunkenness, extreme cruelty, gross neglect of duty and unfaithfulness. They were married in Salem eight years ago, but have not been living together for three years. Her maiden name, Margaret Haley, was restored.

Married Last Evening.

Miss Edna Rue and Harry Alton, of Fifteenth street, Wellsville, were married last evening by the Rev. Charles E. Clark, pastor of the First M. E. church.

VIOLATION REPORTED

Of Clerks' Union Rules, For Which the Erring Member Was Roundly Fined.

Eight male members were taken into the membership of the Retail Grocers and Butcher Clerks' union last night at the regular meeting of that organization. The session was one of the best attended and most enthusiastic ever held.

But one violation of the new rule was reported, and in this case the member was not only reprimanded but heavily fined for the offense of working after 11 o'clock.

By an agreement endorsed last night allstores in the city will remain open until 11 o'clock on the night before Thanksgiving in order that the holiday be enjoyed by the members.

A report was received from the committee having in charge of the arrangements for the reception to be given at Columbian park next Thursday night. The details have been completed and a delightful time is promised all who attend. The membership of the union now numbers 100.

Entertained Friends.

Mr. and Mrs. M. F. Davis entertained last evening for a few of their most intimate friends at their home on Vine street. The evening was most pleasantly whiled away with ping-pong and other games. Delightful refreshments were served.

ROAD TO CANFIELD

Promoters Say That Trolley Line to That Point Is Certain.

Youngstown, November 19.—The road which is being surveyed by F. L. Krause from this city to Canfield will be a connecting link between Youngstown and the Ohio river. It has no connection with the Mahoning Valley system, according to the statements of those who are behind the deal and that it will be built is assured.

A number of the men who are interested in the building of the line were in the city Sunday, looking over the ground. Among them was Max Goodman, attorney for the projectors. Mr. Goodman was formerly a councilman of Cleveland, and is one of the most prominent attorneys of Cleveland.

The promoters of the line will say nothing about their plans, except that the line is surveyed as far as Canfield. What their plans are for the future, they have not given out. They claim to have sufficient money behind them to guarantee the building of the line which will be done within a few months. One of the men asked whether the line was ready between here and Canfield and that was all that he had to say.

Licensed to Marry.

Lisbon, November 19.—(Special)—A marriage license has been granted to H. C. Farbles, Wayne township, and Lydia Miller, Clarkson.

GETS HIS CHILD AFTER TROUBLE

Girard Man Followed His Erring Wife and a Man to Youngstown.

HAD THEM BOTH ARRESTED

The Woman Giving the Deputy Sheriff a Severe Tussle — Wife Abandons Claims on Child And on Her Husband's Property.

Lisbon, November 19.—(Special)—J. C. Augustine, of Girard, who brought action in this county to get possession of his minor child, Clyde, aged 2 years, has secured a settlement with his wife Elizabeth, whereby he gets possession of the boy.

Mrs. Augustine last week left her home in Girard and went to her parents at Columbiana. Her husband followed and complained to the Columbiana county officials. Deputy Sheriff Davidson went to Columbiana Saturday to apprehend the woman but she had gone to Youngstown. Davidson seized a trunk, which she had left at Columbiana. Augustine followed her to Youngstown, and she was found with Al Young at the Park hotel in that city Sunday night. The movements of the man and woman with the little child had not attracted attention from the hotel people and they suspected nothing until the husband appeared there with the deputy sheriff of Mahoning county.

Young and his companion were arrested, but not until the deputy sheriff had a struggle with the woman, who, it is said, scratched his face. Mrs. Augustine surrendered all claim to the child, and signed a paper relinquishing all interests in her husband's property. Augustine is said to be well to do and has provided a good home for his family.

CUT HIS THUMB

Bad Accident to an Employe of the Dawson Cooper Shop.

J. E. Hawkins left yesterday for his home in East Rochester, where he will remain for some time. Mr. Hawkins was employed at the W. F. Dawson & Son cooper shop and on Monday while engaged upon a circular saw his left hand came in contact with the rapidly revolving teeth.

His thumb was almost severed from the hand, and the member was otherwise badly lacerated.

WITH THE WORKMEN IN THE CLAY PLANTS

BIG SHIPMENTS.

Six cars of ware will be the record of shipments of ware this week at the Smith & Phillips pottery. Four of these cars have already gone out, and the other two will follow as soon as they can be packed. This record is almost unprecedented in the history of the plant and goes to show what an enormous business it has been doing of late. These shipments will not begin to clean up all the orders on the files, and there will be no abatement of the rush for the present. As is the general rule in these days the heaviest demands is for decorated goods in both dinner and toilet sets. The gilders have been working overtime to keep up with the shipments. Asked about the trade outlook for January and February, Mr. Smith stated that it was too early to make a forecast. "Some customers are going to be disappointed in not getting their orders filled in time for the holiday trade," he said, "and then the manufacturers will have to contend with countermanded orders. In most cases the dealers will be pretty well stocked up, so it is hard to tell what will be doing until spring trade opens up. The dull period, if there is one, I believe will be very short."

ALWAYS TAKES A LOOK.

"I never sit down at the table when I'm on the road," said a well known pottery salesman to a News Review reporter today, "but that what I am prompted by curiosity to turn over a plate or cup to see the name of the maker. I have often seen ware from my own home in far away places and have wondered to what remote points of the earth the products of the East Liverpool plants penetrate. Years ago when I was an operative I would ponder over the destination of the plates my jigger was making and in my imagination I followed them to all sorts and conditions of places. Those were good old days," he added reflectively, "and though the work was hard, I enjoyed them."

ENCOURAGED THE ART.

A recent biographer of Madame de Pompadore places that much abused woman in a new light. Heretofore she was regarded merely as a great beauty. Her late biographer points out that if we turn from politics to other aspects of French civilization, we can but recognize the imprint of her hand. It is to her that France is indebted for the manufacture of Sevres porcelain, an industry that promoted the potters' art in France until it enjoys an international prominence. She established the Ecole Militaire, which, in the 2 7 years of its experience, gave to the country so many distinguished officers, Napoleon among the number. In her also men of letters and artists found a generous and appreciative friend.

READY FOR MOULDMAKERS.

The new pottery plant at Salineville, in which W. H. Deidrick is hevily interested, is nearing completion and the mould makers will be started to work this week. The plant will be equipped with improved and modern machinery and a printing machine, an invention of Mr. Deidrick will be installed. Hotel specalties and vitrous china, among other things, will be manufactured. The personnel of the operatives, so far as has been announced, includes several well known East Liverpool people. W. C. Peterson is to be the manager of the clay departments and Mrs. McGally forelady of the warerooms.

BROKEN HAND.

Glayde Coleman, of the packing department at the Thompson, is suffering with a badly swollen hand, the result of an accident that befell him Tuesday evening. Several of the small bones are broken and he will be una to wor.. for a number of days.

CANTON A WITNESS.

Pat Canton, of the kiln crew at the Smith & Phillips, is at Lisbon this week in attendance upon the common pleas court. He is a witness in the suit of William Lawson against the East Liverpool Railway company.

FORELADY INSTALLED.

Miss Belle Easterday has taken charge of the glost warehouse at the Smith & Phillips pottery, having severed her relations with the Laughlin No. 1 plant. Heretofore the warehouse has been run without a forelady, so it is entirely a new departure. Miss Easterday is thoroughly qualified by experience for the situation.

NEW SLIP PUMP.

A new slip pump has recently replaced the old one at the Smith & Phillips pottery. It did not work satisfactorily the first day but the difficulty was soon found and remedied. It is the Patterson make, the style in general use in the potteries.

A CURIOSITY.

Charles McKinnon, mould runner for George Gibson at the Smith & Phillips, has constructed a wheelbarrow of a unique pattern. It is made entirely of rails with the exception of the wheel, and is quite a curiosity. He will place it on exhibition.

TOOK A DAY.

Quite a number of the clay hands at the Smith & Phillips took a day Monday on account of the failure of the slip pump to work properly. Several of the boys spent the day in Wellsville.

AMONG THE POTTERS.

Burt Bennett, one of the decorators at the Smith & Phillips, has resigned his position.

Miss Ella Hutchinson, of the glost warehouse at the Smith & Phillips, has resigned her position and will leave in a few days for Hookstown where she will visit relatives.

PROGRESS OF EDUCATION

FAST BANISHING ILLITERACY FROM UNITED STATES.

Facts That Should Encourage Every Friend of the Schools.

In regard to the progress made in education and the great work it is accomplishing, Prof. R. E. Rayman makes an interesting statement as follows:

"It is a great social blessing to have ignorance stamped out of our fair land by substituting therefor Christian education. The statement is some times made by public speakers and others that the schools are falling far short of what they should do.

"This no doubt is true, but where are the parents who do as much for their children as they desire to do? The public school is driving illiteracy from our beloved land at a very rapid pace.' We should bring the combined strength of the home, the schools and the churches to bear upon the great barrier of ignorance found in our country."

The foregoing statement is strongly supported by the last report of the census bureau. This report gives the percentage of children between the ages of 10 and 14 years of age who can read and write, as compared with the conditions 10 years previous. Who is not gratified at this report?

The statistics show that in no northern state, east or west, is there any appreciable illiteracy. In 20 there is less than 1 per cent. In several of these it is less than one-half per cent, and this need not and probably does not represent lack of school attendance, except from serious ill health, mental incapacity, or recent arrivals from Lower Canada or Europe. In 33 states it is no more than can be accounted for by these reasons. The improvement in the south is nothing less than remarkable. In the three states that are very low, the gain for the better has been greater than in any other states. Illiteracy has no place in the United States. It is as much out of place as darkness at midday. Illiteracy is passing.

WABASH EXTENSION

Toronto Sees Indications of It And a Prospective Boom at an Early Date.

Toronto, November 19.—All indications point to a big boom for Toronto in the next few months. The oil excitement is now on in earnest and already the business done, the large influx of strangers and oil men having stimulated all lines of trade. Now comes the news of the early completion of the extension of the Wabash railroad to Toronto. The contract for the section between Steubenville and this city is to be let in a few weeks, according to reports from well informed men, and then work is to be rushed until the line is completed. It is hoped to have trains running by next spring. Most of the right of way has been secured and what has not will be taken by condemnation proceedings.

Along with the oil boom and a new railroad will come new industries and there also promises to be a great deal done in the building line. Several new business houses are projected and a number of residences will be erected. Houses now are very scarce and with the constantly growing population more dwellings will be an absolute necessity.

Re-Elected Old Directors.

Cincinnati, Nov. 19.—The stockholders of the Cincinnati, New Orleans and Texas Pacific Railway company yesterday re-elected the old directors. President Spencer served notice on the trustees of the Cincinnati Southern road that unless suitable terminals shall be provided here soon the business of the road necessarily will be diverted through "other gateways to the south."

State Senator Binkley Dead.

Indianapolis, Nov. 19.—State Senator C. C. Binkley, of Richmond, died early yesterday, at Dr. W. B. Fletcher's sanitarium, in this city. The death of Senator Binkley has caused a vacancy in the state senate that will have to be filled by a special election.

C. & P. SHORT LINE

Cut-Off Will Make It the Shortest Line From Cleveland to Pittsburg.

The new Pennsylvania short line betwen Pittsburg and Cleveland is soon to become a fact. The latest announcement made last week was that the company now has four gangs of men at work on the cut-off that will shorten the route between Hudson and Ravenna. When that cut-off was announced it was said that it would give the Cleveland & Pittsburg the shortest route between Cleveland and Pittsburg, and the figures o nthe new route have shown that such is the case.

From Hudson to Ravenna it will be an air line, which will make a straight track between Cleveland and Alliance. The peculiar advantages of this new service are many. It means that the road will be low grade almost its entire length, thus facilitating the movement of freight between Cleveland and Pittsburg. It means also that the Pennsylvania will be on the same footing with the Erie for passenger business between the two points.

EAST END

COMPLAIN OF SEWER

Health Officer Bprgess Notified This Morning That Trouble Must Be Remedied at Once.

A complaint was made to Health Officer Burgess this morning about the condition of the eswer on Palissey street, near the township line. The manhole at this point has been clogged up for several days and has been giving forth an awful stench, much to the disgust and annoyance of the people of that neighborhood. It is claimed that the trouble is caused by the sewage from the township which overtaxes the capacity of the sewer. The township trustees will be appealed to and asked to provide some method of caring for their waste.

Complaints are also being heard about the condition of Lake Run. It is stated that it has become filled with all kinds of filth and trash and that it is a menance to the health of the community.

COULDN'T SPELL "AERIE"

Three Contestants at the P. H. C. Spelling Bee Failed on the Word.

The initiation of twenty-five candidates and the old fashioned spelling bee attracted a large number of members of the Protected Home circle, to the quarters of Eureka court, No. 86, in Larkin & Ferguson hall last evening. The invitation extended to neighboring courts was liberally responded to and the Wellsville, Calcutta, East Liverpool and Chester courts were well represented. After the regular order of business and the initiation were disposed of Miss Odessa Owens and Attorney J. E. Davis, who had been selected as captains divided the house for the spelling bee. Attorney W. E. Warren was selected to pronounce the words. There were about twenty contestants on each side when the first word was announced.

Mrs. M. E. Mowen was the first to mispell a word and was awarded the consolation prize, a small piece of statuary. The word was "cuckoo." The side chosen by Att'y Davis was victorious and after the enemy had been vanquished he and two of his soldiers, Mrs. William Baird and S. S. Carnahan, remained. All three failed on the word "aerie," but as it was given to Mrs. Baird last, she was declared the winner and awrded the prize, a handsome picture. Refreshments of sandwiches and coffee were served.

Those present will long remember the evening as one of the pleasantest they ever spent and will unanimously agree that the members of Eureka court know how to provide the best entertainment for their guests.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

WORK COMMENCED TODAY

Street Railway Company Installing Derailing Switches at the Street Crossing.

A force of men from the East Liverpool Street Railroad company started to work this morning at the Mulberry street crossing to make the necessary excavations for laying the derailing device that is to be used in connection with the safety gates erected by the C. & P. Most of the rails, frogs, etc., are on the ground, and it is likely that the work will not be delayon by lack of material.

The force is large enough to complete this part of the work in three or four days. The tower from which the gates will be operated has not yet been completed at the Wellsville shops.

Will Meet Tonight.

The second meeting of Hoyt Court No. 1101, of the Orient, will be held tonight in the P. H. C. hall. Since the meeting a week ago the work has been improved, the degree team has been hard at work and tonight those who ride the goat will get their "bumps" in the most approved style. There are at least thirty applications in for membership, which includes a number from down town.

Quarantine Removed.

The quarantine was lifted from the home of Mrs. J. T. White, on Ohio avenue, this morning by Health Officer Burgess. The house has been isolated since November 5, on account of the illness with scarlet fever of Mrs. White's little daughter. Only three houses are now under quarantine in the East End and they are all from scarlet fever.

Fine Game Cocks.

Messrs. Robert Larkin and William Ferguson received two coops of fine game roosters yesterday from F. E. Grist, of Fort Gaines, Ga., who is quite famous for his fighting birds. Both gentlemen are fanciers of fine fowls and they will not be used in the pit.

EAST END AFFAIRS.

Mrs. A. Mountford, of Ohio avenue, is a visitor to Pittsburg today.

E. J. Owens left this morning on a business trip to down the river points.

Otis Robey went to work today in the biscuit kiln crew at Laughlin No. 2.

Miss Mary Williams has returned to her home in Steubenville after a pleasant visit with her brother Fred, of Calhoun addition.

Harry Huff, a turner at the National pottery, is not able to be at work on account of illness. He is threatened with an attack of fever.

The Headlight club has announced a dance for Thursday evening in Larkin & Ferguson hall. The Calcutta orchestra will furnish themusic.

Flora, the little daughter of Captain and Mrs. William Terrance, who has been very ill for the past week with catarrhal fever, is not so well today.

Marian, the little daughter of Mr. and Mrs. J. T. Lacey, of Pennsylvania avenue, who has been threatened with pneumonia, is reported better today and will likely escape the dread disease.

The Nonpariel club will hold another one of its pleasant dances this evening in Larkin & Ferguson hall.

Meetings Grow in Interest.

The evangelistic meetings in progress at the McKinley avenue union chapel draw large crowds nightly. Rev. A. A. Steele, who has charge of the services, each evening has met with extraordinary success, and many persons have been converted. The meeting last night was in the form of a praise service. Oliver Johnson sang a solo in a pleasing manner and the other musical numbers were fine. Five accessions were made at last evening's meeting. The services will continue indefinitely. It is understood Rev. Mr. Steele will continue in the evangelistic field.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

WEDNESDAY, NOVEMBER 19, 1902.

Nobody need be alarmed over the tariff war against the United States which an element of the German people is trying to start. Under the leadership of the agrarians, the reichstag in Berlin has passed, by a vote of 192 to 71, a provision in the new tariff bill authorizing the German government to retailiate upon any country discriminating against German goods. The agrarians are old enemies of this country, but they are not able to shape the tariff legislation of their own land, let alone interference with ours.

Under the new apportionment Pennsylvania will have no congressman-at-large, and it is probable that the venerable Galusha A. Grow, who first entered congress in 1851 and afterward served as speaker of the house, will be retired to private life. If Pennsylvania were as particular about giving good men positions as she is about finding a place for politicians, she would continue to elect Grow to congress. His faithful service deserves the reward.

By no possible combination of politics is there anything left in national contests for the solid south idea. It is played out, and the sooner the people of the south realize its utter vanity the better for themselves and their material interests and general affairs. Thirty of the forty-five states are Republican.

Some of the students of international affairs claim to see the source of danger to American interests in the establishment of a German naval squadron in the West Indies and another on the Pacific coast. There is no occasion for alarm. The kaiser has had the Monroe doctrine thoroughly explained to him.

Under a new Maryland law employers are compelled to insure their workpeople against death by accident. Employers are thus free from direct liability at the cost of about $2.40 a year on each employe. The first payment out of the insurance fund has been made, indicating that the plan works.

The manufacturers of the United States are sending abroad each day an average of $1,153,000 of their products and this field for their activties is steadiiy expanding. Ten years ago the demand for American manufactured articles was only one-third as great as now.

No matter who is elected speaker of the house, he is sure to be a man who is well-equipped for the position. The Republicans in congress will not select any other kind, knowing full well that the office is one of the most important under the government.

Over 60,000 persons were examined for civil service positions in the United States last year and over 40,000 were found competent. With this number to select from incompetents ought to be conspicuous by their absence from public positions.

Over in West Virginia the women also have gone hunting. Every time a woman aims at a quail the farmers take to their heels. The ammunition dealers and the quail, however, are happy.

A crusade has begun in some of the Ohio cities against the sale of intoxicating liquor to minors. Any saloonkeeper guilty of this practice deserves the severest penalty the law can give him.

Editor Watterson, of Louisville, wants Gorman nominated by the Democracy as its presidential candidate. This settles it. The man Watterson wants is never nominated.

Democratic newspapers which, a few weeks ago, were insisting on Tom Johnson running for the governorship or the presidency are now strangely silent upon that theme.

Chicago anarchists are showing signs of activity once more. It is time that drastic laws were made and enforced against them.

Dowie, the religious quack, is attacking Gen. Booth, of the Salvation Army. Attacks from such a quarter are a high tribute.

OBITUARY

David McDevitt.

David McDevitt, one of the oldest and most highly respected pioneer residents of Columbiana county, died at his home near Lisbon yesterday morning from an attack of pneumonia. Mr. McDevitt was 73 years of age, and with the exception of three years spent in Michigan has been a resident of this county all his life. He died upon the farm which his father owned before him, and on which he was born. Mr. McDevitt was held in high esteem by all, being respected and loved by his family and friends for his many excellent traits of character. Besides his immediate family Mr. McDevitt is survived by one brother, John McDevitt, father of David McDevitt, of this city, and Mrs. Elizabeth Carlisle, of Salem, mother of Al Carlisle. Of his family his wife, six sons and two daughters survive. Three sons, Burton, Elmer and Isaac, reside in this city. James is a resident of Canton, while David lives near the old home just out of Lisbon, and Reuben, whose home is in Lisbon. The daughters are Mrs. Oscar Birch, of Calcutta, and Miss Millie McDevitt.

Funeral services will be held at the late home at 2 o'clock tomorrow afternoon and interment will be made at Pleasant Grove cemetery.

Joseph Kinney.

Joseph, the 4-year-old son of Mr. and Mrs. Thomas Kinney, of Chester, died this morning at about 12:30 o'clock from dropsy. The funeral and burial will take place at Steubenville and the body will be taken to that city tomorrow on the noon train.

Will Get an Export Drawback.

Ogdensburg, N. Y., Nov. 19.—Seventy-three all iron flat cars have arrived here for transfer through Canada to Newfoundland. They were made at Berwick, Pa., the iron for their manufacture being imported from Newfoundland in pigs, paying a duty of $4 a ton. Now that this iron has been made into iron cars the manufacturers are entitled to an export drawback of $3.96 a ton.

General Wright Welcomed Home.

Memphis, Tenn., Nov. 19.—The homecoming of General Luke E. Wright, after three years' absence in the Philippines, was made memorable last night by the citizens of Memphis. Cannon boomed a salute of 17 guns, bonfires were lighted on the principal thoroughfares and the streets were lined with people, who shouted an enthusiastic welcome to the vice governor

FRATERNAL VISIT

Of East Palestine Sons of Veterans Paid to Garfield Camp in This City.

Captain R. C. Taggart camp No. 106, S. of V., of East Palestine, paid a fraternal visit to its sister organization in this city last night and a very enjoyable social session was held.

Addresses were made by a number of members of both camps, and in addition a most pleasing vocal solo was rendered by Albert Kapp, one of the visitors. When the business meeting had been concluded a fine luncheon, such as only Garfield camp is able to spread, was enjoyed. This with a goodly supply of cigars made the hours pass very pleasantly.

A committee representing the Salem, East Palestine and East Liverpool camps was appointed to make arrangements for a reunion and outing which will be held as soon as the weather permits.

Among the visitors from East Palestine were: E. J. Davis, Dr. C. E. Johnson, Dr. G. W. Rowland, Charles Rowe, Paul Wallace, L. F. Keys, William Ward, O. L. Butts, William Tennis, Frank Smith, W. H. Bowen.

AT THE THEATER

The Chicago Stock company presented "Carmen" at the Grand last evening, and the audience, which was a large one, was more than pleased. It had not been expected that the company could handle the piece as it should be done, as so many companies have made woeful failures wth it, and the admirable way in which it was presented and the clever acting was a pleasing surprise. Norbert E. Dorente as Don Jose Libengoa and Clara Prae Dorente as Carmen were excellent in their heavy parts. They are both players of unusual ability and merited the applause so freely accorded them last night.

The play of "Jesse James" will be presented at the opera house tonight. The first act opens in a saloon in Kansas City and shows several very exciting scenes wherein Jesse James shows some of the good side of his character. The second act is the famous railroad hold-up, while the third act shows the cave of the Quantrell gang and the battle for supremacy between the rival forces. The last act depicts the famous shooting of Jesse James and is a melodramatic climax of deepest interest. The comedy element is said to be strong throughout the play.

TWENTIETH CENTURY GIRL

Theme of Dr. Tracy Drew a Great Crowd to the Opera House.

One of the best lectures that Dr. N. W. Tracy has given during his stay in this city was that of last evening when he discussed the topic "Twentieth Century Girls." The opera house was packed, the crowd being chiefly composed of young ladies who were anxious to hear what the noted evangelist had to say about the girls of today.

The music furnished by the selected choir was greatly appreciated. Miss Everson is winning laurels by her careful handling of this very important part of the program.

Dr. Tracy will only be in the city six more days and those who have not already heard him should take advantage of the opportunity. His lectures are all very instructive. They are all illustrated with his stereopticon apparatus.

Dr. Tracy will talk this evening upon the subject "The Mississippi of Intemperance."

NOTES OF THE UNIONS

Potters Arrange for Another Entertainment—Other Meetings Tonight.

Local union No. 24, N. B. of O. P., held their regular meeting last evening in Potters' hall. Aside from the routine order of business the report of the entertainment given by the local Monday evening was read and approved. Arrangements were also made to give the second of the series of musical and literary entertainments to be given by the local this winter. The date of the next entertainment has not been fully decided upon.

THAT SMALLPOX BILL

Columbiana County Can Only Escape It By Proving Hall a Non-Resident.

Since the announcement of the board of health of Steubenville that it intended to call upon the commissioners of Columbiana county to pay the expense of keeping and treating Clarence T. Hall in the Steubenville pest house while he was sick with smallpox there has been considerable talk locally concerning the matter. It seems that none are positive as to the outcome.

A city official said last evening that there will be but one way for this county to escape paying the bill, which amounts to nearly $400. If it can be proven that Hall was not a legal resident of the county before going to Steubenville, the county cannot be held responsible. But if the fact cannot be proven there will be no way out of it. Columbiana county was once defeated on a case very similar to this one and it seems evident that if a fight is made that the same result will occur.

When the dispute arose over the payment of a bill from Beaver county the case was hotly contested but Columbiana lost upon a ruling of the supreme court. It has not yet been definitely announced when the commissioners of this county and Jefferson will meet to hold a conference on the subject but it will not be many weeks. It has been rumored that the case will be taken to the courts, but upon good authority it is stated that if possible the two boards of commissioners will arbitrate.

The law governing the case was made in order that county authorities would not send the indigent sick into adjoining counties for the latter to assume the care and protection of them. In the minds of the people in general it is an excellent law, and there will be no howl raised if the Jefferson county officials furnish sufficient proof of Hall's residence prior to his landing in Steubenville.

THE FEDERATION OF LABOR.

Special Committee to Settle Dispute Between Gompers and Shaffer Selects Fifth Member.

New Orleans, Nov. 19.—The salary of the president of the American Federation of Labor yesterday afternoon was increased from $2,100 per annum to $3,000, and the salary of the secretary from $1,800 to $2,500.

The special committee having before it the dispute between President Gompers and President Shaffer, of the Amalgamated association, finally organized yesterday afternoon by selecting E. A. Tangueray, of the telegraphers, as the fifth member.

It spent the entire afternoon in taking testimony, but does not expect to be able to present a report before Thursday morning. It is considered almost a foregone conclusion that the report will be in favor of President Gompers.

A large number of resolutions pertaining to labels were submitted and matters of like importance were transacted, and at 6:30 the convention adjourned until today.

THANKSGIVING SERVICES

Of the Jr. O. U. A. M., of West Virginia to Be Observed Nov. 30.

State Councilor O. O. Allison, of the Jr. O. U. A. M., of West Virginia, has issued his proclamation to the subordinate councils throughout the state. In accordance with the usual custom of the order in each year is to select and observe a day of Thanksgiving and praise, he calls upon the members of the order to assemble in such places of worship as they may select on Sunday, November 30, 1902, and there render thanks to Him whose care has been over them as an order and a nation, and pray for even greater blessings and prosperity in years to come.

The services of the Chester council will be held in the M. E. church, Carolina avenue, at 11 a. m. The order will first assemble at the hall and go in a body to the church.

A HEARTLESS HOG

Porker Lived Without the Necessary Organ Until a Butcher Killed It.

Talk about your East End freak calf! It is not in it with the Southside heartless hog. J. W. Owings was butchering some porkers yesterday. James Prosser was engaged to do the work. Upon dressing one of the hogs no heart could be found by Mr. Prosser. A number of men were called to testify to the fact.

Mr. Prosser insists that a hog may live without a heart and that the animal was short that organ in his anatomy.

Trying to Locate the Line.

Workmen are engaged in trying to locates the corner stone between the W. P. Gardner and Pusey property on the river beach. As there has been some dispute as to the original location of this line, it becomes necessary to have it settled permanently, since sand from the river bed has long since covered up the mark. The parties are now trying to find the mark by excavating in the vicinity. Mr. Gardner is now making preparations to plot this tract for building.

Progress With Paving.

Contractor Freshwater's paving gang made fair headway yesterday, and if nothing happens will reach Second street today. They had got as far as the postoffice on Virginia avenue last night. Mr. Coates, contractor for the street railway company, laid off yesterday on account of not having brick. The full force will be at work today.

CHESTER NOTES.

C. W. McLane is having a water well drilled on his property on Montana street.

Austin Stewart, conductor on No. 6, has been on the sick list for the past few days.

Elmer Hoskinson, of Virginia avenue, is quite sick, threatened with typhoid fever.

Chas. M. Evans has purchased a fine lot on Adolphus street in the McDonald addition.

E. C. Baxter purchased three lots from J. E. McDonald yesterday on Adolphus street.

Denver Coulter's new house on Indiana avenue and Fifth street, is now ready for the roofing.

H. C. Stewart and Col. Andy Shetter, of New Cumberland, were visitors in the city yesterday.

A number of Chester citizens attended the Barnes sale yesterday. Justice W. C. Johnston was the auctioneer.

B. I. Hilliard has just returned from a pleasure trip, having visited Philadelphia, Harrisburg, Baltimore and other eastern points.

Next Sunday has been selected as rally day at the M. E. church. The young people of the congregation are preparing special exercises for that day.

AN ALLEGED ANARCHISTIC PLOT

Woman, Supposed to Be Mentally Unbalanced, Tells of Danger to President.

New York, Nov. 19.—Mrs. Lena Doxheimer, who says that until she became a member of the First Methodist Episcopal church at Hoboken, two years ago, she was associated with an anarchistic society of that place, and whose mental balance is questioned, is reported to have related to the Mothers' club and the pastor of her church a story of alleged anarchist plottings against the life of President Roosevelt. According to Mrs. Doxheimer, there have been in the last 14 months three persons asigned to the task of "removing" the president. One of these, a Frenchman named Melov, she says, she persuaded to return to Paris, where he was killed by a street car. Next, according to Mrs. Doxheimer, the assassin's task was assigned to a man named Mueller, living in Avenue B, this city, who a few days later died of poison, self-administered. The last of the three designated for the murderous work, Mrs. Doxheimer alleges, was a Mrs. Schroeder, of Harlem, who also ended her life by means of poison.

Mrs. Doxheimer asserts that among the plotters were several millionaires. Her conception of what constitutes a millionaire is indicated by her statement that these men "owned houses."

Rev. Charles L. Meade, Mrs. Doxheimer's pastor, will make no statement regarding the so-called confession.

Something You Can Readily Believe As, It's East Liverpool Evidence.

Mr. H. Rushton, of No. 387 West Market street, East Liverpool, says:—"Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store, I was bilious—head felt achy and dull. The effect of the medicine was to clear the head—give a feeling of strength, energy and new life. This I think justifies a recommendation."

BLACKER THAN EVER.

Prospects of the Inhabitants of the Island of St. Vincent Are Dismally Discouraging.

REFUGEES ARE SHORT OF WATER.

Georgetown Will Have to Be Abandoned, and It Is Doubtful if Any Part of the Island Is Out of Danger From La Soufriere.

London, Nov. 19.—The governor of the Windward islands has sent a dispatch to Colonial Secretary Chamberlain, in which he says the prospects of the inhabitants of the island of St. Vincent are blacker than they have ever been. He believes that Georgetown will have to be abandoned, while it is doubtful if any part of the island is out of the range of danger of La Soufriere, which he describes as "this terrible volcano."

The dispatch adds that the southeastern end of the island to which the inhabitants of the district around La Soufriere have fled in the hope of safety is badly off for water, and "if more people are crowded there they will not be able to exist. No term can be fixed to the action of the motion, and the people cannot go on like this indefinitely."

Old Volcano Breaks Out.

Salt Lake City, Nov. 19.—An old volcano, forming part of the Wasatch range in Southern Utah, between Beaver and Piute counties, which apparently has been extinct for centuries, has broken out afresh. Explosions, apparently emanating from the crater, have been heard for miles around, while at times columns of smoke and dust have arisen from the old volcano, and new lava formations, all very hot, have been found on the sides of the mountain.

Populace Panic Stricken.

Vienna, Nov. 19.—A dispatch to the Neue Freie Presse from Salonica, Roumelia, yesterday, announced that three violent earthquake shocks, accompanied by wind of extraordinary violence, were felt there during the night. No serious damage was done, but the populace was panic-stricken.

Bond-Hay Treaty.

St. Johns, N. F., Nov. 19.—It is understood here that the Bond-Hay treaty includes green or partly cured codfish as well as dry, or fully cured, cod. It also gives a free entry into American markets of Newfoundland's crude minerals. American fishermen are granted equal privileges in the colonial waters with the resident fishers. American imports are also guaranteed equality of treatment with those of Canada, no preferential tariff being allowed. Canadian fish does not share in the benefits of reciprocity.

North Pole Explorer.

Victoria, B. C., Nov. 19.—Captain Bernier, the Canadian explorer, who proposes to make a dash for the north pole, has written to the local Canadian council to the effect that he will build his vessel here if the city gives him financial assistance. He says the Dominion government has promised $60,000 and he has collected $30,000. The matter was referred to the finance committee.

FOURTH DAY ON STAND

President Mitchell Is Showing Signs of Weariness From Long Cross-Examination.

IS STILL BEING QUESTIONED.

Arbitrators Growing Restless In Consequence of Long Proceedings and Urge Attorneys to Confine Proceedings to New Features.

Scranton, Pa., Nov. 19.—President Mitchell, for the fourth successive day, occupied the witness stand during the two sessions of the strike commission and was cross-examined by three attorneys for as many coal companies. While a considerable amount of information for the enlightenment of the commissioners was brought out, the day was a rather quiet one, compared with those which have preceded it. The arbitrators are growing restless in consequence of the long cross-examination, which apparently does not bring out the facts as quickly as the commission would like to have them presented. Several times during the course of the day's session Chairman Gray reminded the attorneys of the value of time and suggested that cross-examination be limited to new features of those questions that have already been gone over. Mr. Mitchell has been on the stand since last Friday morning, and is showing signs of weariness from the strain of four days' cross-examination.

The commissioners yesterday for the first time entered into the discussion with the lawyers and the witness over disputed points which arose from time to time.

Mr. MacVeagh, who began his cross-examination of Mr. Mitchell on Saturday, concluded at 11 o'clock yesterday.

The recognition of the union is looked upon as the most important question before the commission, and it is quite evident from the trend of the questions thus far that the companies will oppose it to their utmost ability.

Mr. Gowan and Mr. Ross questioned Mr. Mitchell principally regarding conditions existing at the collieries of the companies they represent.

In the afternoon Mr. Ross' line of examination was for some time directed toward testing Mr. Mitchell's knowledge of bituminous mine working, the number of men employed, the wages paid, and a comparison of those with the wages paid in the anthracite fields.

At the request of counsel Mr. Mitchell gave a history of his connection with organized labor.

Mr. Mitchell reiterated his former statement that the minimum wage should be $600 a year. "We might want to go to the seashore," said he.

Speaking with a little sarcasm, Mr Mitchell said that the company had some employes who had visited Philadelphia once in 24 years and that they thereby had an important event in their lives to relate to their grandchildren.

At this point Mr. Ross took occasion to call attention to the fact that his company owned 284 houses, which were rented to the miners on an average of $5 a month.

"So you see," remarked Mr. Ross, "we haven't very many houses for the number of employes, upwards of 12,000."

"You charge enough for the ones you do have," was Mr. Mitchell's dry response, which caused merriment among the miners in the court room.

After securing an expression from the miners' president that the company paid to stockholders 26 per cent on their capital stock, Mr. Ross inquired if he was not incorrect. "I think the earnings were that," said Mr. Mitchell. "There are a good many methods for putting profits away in a railroad," he added.

Here followed a long list of questions on the subject of the demand for an eight-hour day, nothing new being developed.

Giving as a reason for the miners preferring to be paid by weight rather than by measure, Mr. Mitchell said that persons buying coal wanted it weighed, as do sellers of coal.

"What benefit is there," asked Mr. Ross, "to the miner by being paid by the ton instead of by the car?"

Mr. Mitchell said that there had been general discontent among the miners because or disagreements arising from docking, not only for impurities, but account the "topping."

"You do not know," said Mr. Ross, "that it is necessary to discipline a man?"

"Is that the reason," asked Mr. Mitchell, for impurities or because their car did not have enough in it?" He insisted that he knew of instances where the docking amounted to 3 or 4 per cent, although Mr. Ross had stated that it was eight-tenths of a cent.

Answering Judge Gray, Mr. Mitchell admitted that about 10 per cent of the total production of anthracite coal was put on the weight basis.

At 4 o'clock the commission adjourned until 10 o'clock today, Mr. Mitchell being on the stand.

REALM OF SPORTS

THANKSGIVING GAME

Steubenville And East Liverpool High School Teams to Contest in Former City.

The high school football team, which has not been defeated during the present season, will go to Steubenville on Thanksgiving day for a game with the team representing the high school of that city. The local team believe they can win from the Steubenvilles, and also that they will be able to carry off the championship of the high schools of this neighborhood for the season.

The very best material in the schools of the city is being picked. Practice is indulged in every evening, Coach Young and Captain Rigby arguing that this is the only proper course in attaining that degree of efficiency which can but result in winning football.

The management has selected the following players for the Thanksgiving game:

G. Caston, right end; C. Smith, right tackle; H. McBane, right guard; Evans, center; Cochran, left guard; Gardner, left tackle; Thompson, left end; Davidson or Smith, quarterback; Cripps or Mountford, right half; Rigby, left half; Young, full back. Subs, Powell and Smith.

WARM CONTEST EXPECTED

Brunos, of Wellsville, And Oaklands, of This City, to Play Saturday.

Arrangements are being made between the Bruno Athletic club foot ball team of Wellsville and the Oaklands of East Liverpool for a return game to be played on the fair grounds in the West End, Wellsville, Saturday afternoon. The last game played between these teams was played at East Liverpool, and the Oaklands defeated the Brunos by a score of 5 to 0. This was the first instance in which the Brunos have been scored against this season. A warm contest is expected Saturday. The Brunos will line up as follows:

Fraser, center; Kirkwood, right guard; Fairman, left guard; Heakin, right tackle; Culbertson, left tackle; Berg, right end; Murphy, left end; Bunting, quarterback; Estep, right halfback; McConnell, left halfback; Blue, fullback; Lee, Stubbins and Aten, substitutes.

BASKETBALL GAMES

To Be Arranged Between the Y. M. C. A. And Teams of This Vicinity.

Physical Director Stephens is in correspondence with the managers of a number of basket ball teams in this section of the state with a view to securing games for his team.

It had been arranged to have another game with Steubenville this week, but satisfactory plans could not be made. However, it is thought a contest can be had next week.

With the increased seating capacity, the Y. M. C. A. gymnasium is in much better shape than ever before, and it is thought the attendance at future games will be larger.

CRESCENTS WON

In a Bowling Match With the Eclipse. 439 Pins Ahead.

The Crescent and Eclipse bowling teams played an interesting match on the Imperial alleys last evening. They played a series of three games, the Crescents winning the series by 439 pns. Following are the individual scores:

Crescents—Clark, 156, 219, 180; Eagan, 132, 125, 113; Blind, 182, 149, 159; Litton, 117, 168, 164; Schultz, 192, 132, 117.

Eclipse—Dawson, 142, 150, 109; Logan, 96, 135, 102; Rose, 115, 102, 120; McNicol, 157, 151, 128; Williams, 131, 141, 87.

Boxing Bouts at Akron.

Akron, November 19.—The bout last night between Mike Collins, of Boston, and Jack Palmer, the local 118-pounder, was stopped in the fourth round to save Collins, who was being badly pummeled. Gus Ruhlin refereed. Ruhlin went three rounds with Moore, formerly of Chicago. Moore caught one of Gus's taps and went to the floor, but got up quickly. Mayor Doyle was present. There were other bouts between locals. The entertainment was given by the North End club.

For Thanksgiving Day.

A report in circulation last evening that a foot ball team will be organized for the purpose of giving East Liverpool people the opportunity of witnessing a game on Thanksgiving day was heard with satisfaction. Prof. William Dorff is said to be at the head of the project, and it is rumored that the majority of the members of the disbanded East Liverpool team will be signed for the game. Steubenville or some team from Pittsburg will be the attraction.

Will Play Against W. & J.

Alex W. Stevenson left this morning for Washington, Pa., where he will play with the Western university foot ball team against the Washington and Jefferson team. Mr. Stevenson has made quite a reputation as a right guard man and will play that position in the game.

No Game Tomorrow Night.

Manager Craig, of the East Liverpool bowling club, states that the series of games scheduled for tomorrow evening at Sebring with the crack team of that town have been cancelled. The games will likely be played some evening next week.

Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse; but I have never known of a case of female weakness which was not helped when **Lydia E. Pinkham's Vegetable Compound** was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and nervous attacks due to the severe strain on the system by some organic trouble, and for women of advanced years in the most trying time of life, it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E. Pinkham's Vegetable Compound is a household reliance in my home, and I would not be without it. In all my experience with this medicine, which covers years, I have found nothing to equal it and always recommend it."—Mrs. Laura L. Barnes, 607 Second St., N. E., Washington, D. RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Olmhausen and Hollis E. Grosshans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 29th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

Miss Ida M. Snyder.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

Sample bottle—enough for trial, free by mail.

THE TOTAL VOTE IS NOW COMPUTED

It Shows That Kirtley Led the Republican Ticket and Had 95,209 Plurality.

A POPULAR VETERAN DEAD

Col. Owen J. Hopkins the Victim of a Street Car Accident—Important Ruling of Supreme Court—Application of Cole Law.

From a Staff Correspondent.

Columbus, November 19.—The compilation of the vote cast at the recent election was completed at the office of the secretary of state late Tuesday afternoon. The total vote cast for secretary of state was 811,467 and the plurality of Secretary of State Laylin was 90,465. The total vote was 830,131. The vote for secretary of state was as follows:

Lewis C. Laylin, Republican, 436,171; Herbert S. Bigelow, Democrat, 345,706; Max S. Hayes, Socialist, 14,270; Andrew L. White, Prohibitionist, 12,336; Theodore Adams, Socialist-Labor, 2,983; scattering, 1.

The plurality of William B. Crew, Republican, to fill a vacancy on the supreme court bench was 93,921, and for the long term his plurality was 93,939. William J. Kirtley, for member of the board of public works, received a plurality of 95,209, the greatest plurality received by any candidate on the Republican ticket. Horace Ankeny, Republican, for dairy and food commissioner, received the smallest plurality, 86,135.

Samuel Borton, of Valley, near Salem, Columbiana county, who was a candidate for judge of the supreme court on the Socialist-Labor ticket, received 2,983 votes. Last year there were three candidates from Columbiana county nominated on minor tickets.

The supreme court yesterday decided a number of motions to dismiss cases brought under the Royer act, which was repealed at the special session of the legislature. The decision of the court in these cases was as follows: "All cases decided by the circuit court, but not yet filed in supreme court on error prior to May 12, may come into court now, under the regular rules. In all cases decided by the courts between the first and second acts the judgment of the circuit court is final." The decision makes the circuit court the court of last resort in the cases it decided during the period that the Royer act, which took away power from the highest court, was in effect.

As a result of a shocking accident which occurred in this city last night the state house has been plunged into gloom. As Colonel Owen J. Hopkins, a member of the adjutant general's department and inspector general of the National Guard of Ohio, was crossing North Highland street, this city, he was struck by a street car and injured so badly that he died in a short time. He was a veteran of the civil war and served three years in Garfield's regiment, the Forty-third Ohio. He also served as lieutenant in another Ohio military body. He has been connected with the Ohio National Guard for about 20 years and possessed splendid military attainments. He was a man of high character and was very popular. His death is greatly deplored. The state officials will meet and adopt suitable resolutions on his death. He leaves a wife and several children.

Attorney-General Sheets has ruled that public service companies must pay 1 per cent on their gross receipts under the Cole act, from May 1, 1901, to May 1, 1902. Some companies were of the opinion that they were only required to pay from the time between the passage of the act and May 1, 1902. Were this the case they would only be required to pay for a little over two weeks of the year ending May 1, 1902. The attorney general's construction of the law will make a difference of a half a million dollars under it.

John C. Walsh, of East Liverpool, will be one of the speakers at a banquet which will be held in this city by the retail liquor men of Franklin county on December 9. Leading liquor men of the state will be present, and plans will be discussed in the interest of the traffic.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like.

SALINEVILLE

Salineville, November 18.—Stewart Robinson, of Scroggsfield, who was recently shot by some unknown person, was taken to a hospital last Thursday and had the bullet extracted from the wound in the head. The missile had split and part of it was found under the skin near the outer edge of the opening. Dr. Walker returned home from Cleveland Saturday and reports him resting easily.

Mrs. John Thompson, of Oneida, Carroll county, and her sister, Miss Jennie Graham, of Malvern, were guests of their uncle and aunt, Mr. and Mrs. H. H. Thompson, over Sunday.

Mrs. Hozell, of Wooster, is the guest of her daughter, Mrs. W. A. McBane, wife of the cashier of the Citizens Banking company.

Mr. and Mrs. J. C. Lewton, of Wattsville, Carroll county, were at the wife's parental home Sunday at the bedside of her sister, Mrs. F. S. Bunn, who is prostrated with an attack of typhoid fever.

Mrs. W. A. Thompson, of Lisbon, accompanied by her little son, Master Bruce, and a Mr. Carter, of Mansfield, and his newly wedded wife, Miss Bessie Devery, of Cleveland, a younger sister of Mrs. Thompson drove over to this village last Saturday and were guests of their friends H. H. Kirk and Mr. McPherson.

Struble Goddard, one of the miners of the new shaft, had one of his legs injured by a fall of slate.

Mrs. Fred S. Bunn, late of Youngstown, is at the home of her parents, Mr. and Mrs. R. G. Thompson, prostrated with a serious attack of typhoid fever. Mr. Bunn arrived from Youngstown on the night train and is now at the bedside of his wife.

Studying Cleveland's Taxation.

Cleveland, Nov. 19.—For the past two days four New York tax experts have been in this city studying the system of taxation in practice in Cleveland. The results of the investigations are to be laid before Mayor Low, of New York city, although the experts are not carrying on their investigations in the capacity of a commission. The party returned to New York last night.

Shot Wife and Self.

Cleveland, Nov. 19.—Charles Benning, of No. 430 Wert street, Youngstown, shot his wife in the back and himself in the head, late yesterday afternoon. The couple had separated and jealousy on the husband's part is believed to be the motive for the crime. Benning and his wife are in the hospital, with the outcome of their wounds problematical.

Accidentally Killed Sister.

Pittsburg, Nov. 19.—While attempting to remove a cartridge from his rifle, Edward Horstman, 11 years old, shot and killed his sister Mary, 26 years old, in their home at Bridgeville yesterday afternoon. The small bullet entered her neck and severed an artery. She died in five minutes. Her brother is nearly distracted.

BEAR HUNT IS ENDED.

Last Day of Chase Was Simply a Repetition of the Three Preceding Ones.

BRUIN EVADED THE PRESIDENT.

Roosevelt Enjoyed Outing and Speaks In High Praise of Hospitality Shown Him—Special Train Left Smedes For Memphis at 9:30 Last Night.

Smedes, Miss., Nov. 19.—President Roosevelt's bear hunt in Mississippi is ended and he has not had even a shot at a bear. The last day of the chase was simply a repetition of the three preceding days, so far as his luck was concerned. Try as the hunters would, they could not get a bear within range of the president's rifle.

The dogs got a fresh trail early yesterday morning and the president and Holt Collier followed it half a dozen miles to the Big Sunflower river. The bear crossed a mile below the ford. They went to this point, and believing he was making for the canebrake on the other side, they endeavored to head it off. When they got into the brake, however, they were disgusted to find that the bear had doubled on his track and crossed the river still further down. It was then 1 o'clock, and as arrangements had been made to break camp at 2:30 o'clock, the president was reluctantly compelled to abandon further pursuit of the elusive quarry.

While the president was out after bear Major Helm, Dr. Lung and Secretary Cortelyou had a more successful deer drive on this side of the Great Sunflower river. They jumped up a buck and a doe. Major Helm killed the latter from his horse, at about 40 yards.

Although the president has failed to kill a bear on this expedition, he has enjoyed his outing and speaks in high praise of the hospitality that has been accorded him. He philosophically attributed his ill-fortune to the traditional hunter's luck, and says the next time he goes after bear he will arrange to stay long enough for the luck to change.

The deer killed yesterday and the bear killed Monday will be taken to Washington on the special train.

When all was in readiness the president and the members of the party mounted their horses and rode into Smedes, leaving the wagons to follow. The president is a hard rider, and the pace was rapid in spite of the bad trails. The distance, which is fully 12 miles, was covered in less than an hour.

Upon the president's arrival here he found fully 500 people, practically all the negroes from the surrounding plantations, assembled to greet him. He thanked them for their demonstrations, but made no remarks. They waited around his car on the siding until dark, hoping he would make a speech.

Mr. Fish last night gave a dinner in his private car to the president and members of his party.

At 9:30 o'clock the special train started for Memphis, having added the record of a presidential bear hunt to the fame of Smedes, which first became known to the outside world through the story that here the experiment of teaching monkeys to pick cotton was to be tried.

MASTER BUILDERS EXCHANGE

Directors Adopt Stringent Measures Looking to Protection of Contractors From Strikers.

Philadelphia, Nov. 19.—The directors of the Master Builders' Exchange, at a meeting yesterday, decided to adopt stringent measures looking to the protection of contractors whose employes resort to strikes to gain their demands. All of the 23 members of the board of directors were present and the vote to lock out striking workmen was unanimous.

There was a heated discussion over the question of full recognition of labor unions in the building trades, and final action on this subject was referred to the members of the exchange at the next quarterly meeting, Tuesday. To meet the demands of the council of allied building trades, which is the parent body of all the building trades unions, it was decided that a similar organization of bosses be formed on substantially the same basis as the council of allied building trades. In the event of a dispute the bosses will appoint a committee of five to meet a committee of workmen. Should the meeting fail of results a committee of five from the builders' exchange is to act as a court of last resort. If this committee should be unable to solve the difficulty and a strike be ordered by the labor union the bosses will order a general lockout, which will be continued until the employes' unions are willing to make concessions.

Charged With Larceny.

Harrisburg, Nov. 19.—The repeated disappearance of valuable packages from the local warehouse of the Adams Express company led to an investigation, which terminated in the arrest yesterday of Joseph J. Sansom and W. Dean Pierce, clerks in the company's employ, on a charge of larceny. Watches and jewelry consigned to a Harrisburg jeweler are alleged to have been found in the lockers of the accused men at the company warehouse in this city.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. **OUR NEW METHOD TREATMENT** is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 280,000 Cured.**

MERIT SYSTEM IN THE NEW CODE

Important Regulations Applying to the Appointment of Police and Firemen.

CHIEFS HAVE HIGH POWER

But the Mayor Is Above Them in Authority—Several Causes Which Disqualify Men from Service in Either Department.

Among the numerous provisions made by the Nash code which are attracting much attention and discussion in the city at the present time is that pertaining to the merit system of appointing officers under the two heads, the fire department and the police department.

Chief of Police Thompson and Fire Chief Morley state that they think the system a model one, and that it will give general satisfaction when placed in vogue. According to the provision of the act on the question, the men best qualified for the several positions will receive the appointments. This will not only give the public better service under all heads of protection, but it will be an incentive to the city officers to strive for the highest position.

Under the code it is the duty of the police to preserve the peace, protect persons and property and enforce all ordinances of council and all criminal laws of the state and the United States, and the fire department will be required to protect the lives and property of the people in case of fire. Both the police and fire department are to perform such other duties as council by ordinance may prescribe.

The requirements are the same as have been in vogue, but when the code goes into effect, it will be the duty of the officials having jurisdiction over the police and firemen to see that they do as prescribed or stand liable to suspension.

Both the chief of the fire department and police will have exclusive right to suspend any of the deputies, officers or employes in his respective department and under his management and control, for incompetence, gross neglect of duty, gross immorality, habitual drunkenness, failure to obey orders given him by the proper authorities or for any other reasonable or just cause. The power of the chiefs is almost unlimited. However, the suspension will not hold good unless acted upon by the mayor in their favor. To the mayor the chiefs will be compelled to look for the safety of their official heads. The mayor will have the exclusive right to suspend the chiefs for the same offenses designated for the police and firemen. The board of public service will act upon the mayor's ruling.

The number of police and firemen to serve in this city will be decided upon by council, but the directors of public safety shall classify the service each shall take and shall regulate the rules of such departments.

Section 160 provides that no person habitually using intoxicating beverages to excess shall be appointed to or be retained in any office, appointment or employment to which the provisions of the merit system are applicable, nor shall any vender of intoxicating liquors be appointed or retained.

DRUNKS DEALT WITH

Mayor Imposes the Usual Fines Upon a Trio of Inebriates.

James Wilson, who for many months was star boarder at the hotel run by Simon Haught and his estimable wife, Sarah, the janitress at the city hall, and who received his walking papers on account of arrearages claimed to be due them, was arrested last evening by Officers Mahoney and Aufderheide. Jim was merely drunk, but this morning the mayor caused him to shudder and wish that he had never been born when he told him there was a charge of attempted murder against him. The inebriate thought over the charge a moment and said: "I always knew that my drinking would lead me to something terrible." When he was told that his fine was only $5.60 a great load was taken from his mind.

George Randall, a potter, who has been working at Peoria and Sebring for some time, arrived in the city yesterday and got drunk much sooner than usual. The only explanation that he could give Officer Betteridge was that East Liverpool champagne is stronger than what he has been accustomed to. He was fined $1 and costs. A man giving his name as Hokey Pokey was arrested by Officer Saulsberry for being drunk. He will remain an inmate of the city jail until he liquidates $5.60.

THE NEW YORK STOCK MARKET.

Time Money Scarce and Loaning at 7 to 8 Per Cent For 60 and 90 Days—Bonds Heavy.

New York, Nov. 19.—The most noteworthy feature of yesterday's market was the steady and persistent, though moderate, liquidation.

Aside from the scarcity of time money, which is loaning at rates practically equal to 7 and 8 per cent for 60 and 90 days, there was no very unfavorable news. Call money was easy and in very moderate demand, and gold exports seemed no nearer than they have been for weeks past. Opening prices were irregular and rather under the London level.

Features of the early trading were Erie, United States Steel issues and Colorado Fuel, all of which showed improvement. On the other hand, Reading, Union Pacific, Canadian Pacific and St. Paul were heavy, though not to a marked degree.

Railroad bonds showed heaviness throughout the day, but declines in the active issues were small. Total sales, par value, $2,090,000.

United States bonds were all unchanged on the last call.

tion of their land in St. Clair township to the city proper, in order that residents of that locality might reach the city conveniently and without encountering the steep grades and dangerous curves of the hill districts.

The Youngstown capitalists were not long in securing an audience with the officers of the company, with the result that a meeting was arranged for last night, at which time it was thought that General Asa W. Jones, president of the Youngstown & Southern, would be present. General Jones was delayed, however, and did not arrive until this morning. A meeting was held in the office of the company this forenoon, and an agreement reached whereby the right of way held by the Bloomfield Land company will be turned over to the railroad company within the next 48 hours. The land company made one stipulation, it being that assurance must be given that the railroad people meant business and really wanted the rights for the purpose of constructing the line. General Jones promptly satisfied all present of the good faith and abundant capital behind the project, and the deal was closed.

The right of way secured includes the privileges from a point at the northerly edge of the Bloomfield Land company's possessions, and extending 1,600 feet through that tract. From there the route follows the course of California hollow to the city and ends at Sheridan avenue. It represents two-thirds of the foot frontage between the points named.

Papers providing for the transfer will be made out at once, and it is thought the Youngstown men will be in possession of the privileges sought within the next two days at most.

So far as the preliminaries are concerned there will be no drawback from this course. The promoters of the enterprise have met with remarkable success in the securing of their rights of way, and while they are not giving information to the public concerning the exact route, it is known that in every locality privileges have been granted without hesitation, on account of the thorough reliability of the projectors. It is the intention of the company to commence the erection of its power plants at once, and if the plans as now formed do not miscarry as many of these buildings as are necessary to furnish all the power needed will be completed by next spring. This will clear away one of the largest obstacles in the way of an early completion of the road, as the preparation of the road bed and the laying of track may be commenced and finished early next year.

An ordinance granting the privilege of traversing city streets will likely be prepared and presented to the council at an early date, and from the expressions of those members of council who have been interviewed there will be no difficulty in securing its passage.

19TH YEAR. NO. 274 EAST LIVERPOOL, O., WEDNESDAY, NOVEMBER 19, 1902. TWO CENTS.

RIGHT OF WAY GRANTED IN CALIFORNIA HOLLOW

Work on the Youngstown and Southern Street Railway Is to Be Commenced Without Delay.

VISIT HERE OF CHIEF OFFICERS OF THE ROAD

The hopes cherished by the people of East Liverpool for years that a cross-county railroad would finally be built, have at last been realized, and work upon the construction of this line will be commenced within a few months.

Accounts have appeared in the News Review from time to time to tell of the progress being made by the Youngstown & Southern railway in the matter of securing rights of way from Youngstown to the Ohio river at this point. It would seem that these reports have not been exaggerated in the least, and that even more headway had been made than the general public had any idea of. There has never been a better example of the fact that a company of this character which means business, and has the capital to back it up, can accomplish its aims in a remarkably short time.

J. H. Ruhlman, secretary of the company, and J. R. Long, in charge of the real estate department, arrived in the city yesterday morning, as was exclusively announced in the News Review, for the purpose of securing rights of way and special privileges from the city for an entrance and southern terminal of the Youngstown & Southern electric railroad.

Agents of these officials had been here previously, and reports to their superiors tended to show that when the real powers arrived they would meet with encouragement for their project from the people of the Crockery City. They had not been misinformed, for shortly after landing it was apparent that anything within reason which might be asked would be freely given.

Preparations were made for the securing of the right of way down California hollow, but had not progressed far when it was discovered that a right of way from a point out in St. Clair township to Sheridan avenue in this city was already in possession of a land company of East Liverpool, and could be had for the asking.

Some time last spring the Bloomfield Land company, composed of George H. Owen, N. G. Macrum, J. W. Gipner, O. C. Vodrey, Phil Morley and W. H. Vodrey, all men of excellent business judgment, conceived the idea of obtaining if possible this right of way. The main object at that time was to gain an entrance to the city from the loca-

TERRIBLY USED UP IN A FIERCE FIGHT

William Boyd and Charles Funkhouser Contended and Boyd's Shoulder Was Dislocated.

SCRAPPED ABOUT DRINKS

Funkhouser Had Treated Twice And Boyd Thought He Should Do So Again—Injured Man Confined to Bed—The Other Fined.

With his right shoulder dislocated and bruises too many to enumerate, about his face and body, William Boyd, a character of much local noteriety, was given a bed at Stella Mears' place on Broadway yesterday afternoon as the result of a terrific fight in and about the bar room.

To Charles Funkhouser, late of Rochester and a conspicuous resident of Shantytown, is due the credit for Boyd's present unhappy condition. Funkhouser turned over a new leaf a week or more ago and started out in quest of a job. There are many of them in East Liverpool and he had no difficulty in finding one. Yesterday about noon he became weary of his situation and asked for a short loaf. He also drew $5 of the $11.25 which was coming to him at the office. He went down toward the river and was spending his money fast in the saloon. He recognized all of his friends and treated.

When Boyd had already had two big drinks off the philanthropic gentleman and asked for another one Funkhouser was ready to scrap. He says that he ordered Boyd away and that instead of moving he returned the rebuke with a stiff punch straight from the shoulder. Funkhouser's ire was up in a second and the fight was started in all fury. From the barroom to the alley at the rear the pair battled, exchanging blows at extremely short intervals. The alley was muddy and in the course of events the biggest portion of the dirt was wiped clear by the men's clothing.

After Funkhouser had disabled his fearful opponent, leaving him stretched out on the ground, he made himself scarce. Officer McDermott was told of the affair and when he went to make the arrests he found Boyd confined to a bed and allowed him to remain there. He captured Funkhouser shortly afterwards and placed him in jail. This morning he pleaded guilty to the charge of fighting and gave an order for the remainder of the $11.25. Boyd will be arrested as soon as he is able to navigate and will likely receive a fine of $7.60.

A POSSIBLE CLUE

TO THE WHEREABOUTS OF THE MISSING M'GILLIVRAY.

Man of Similar Name Arrested At Lorain—Officers Are Investigating.

The wheels of justice are slowly grinding out facts that will in a short time result in the capture of George P. McGillivray, the alleged wife deserter and maker of counterfeit money, who left the city on Tuesday, November 11.

As a result of the account published exclusively in the News Review the officials of cities for hundreds of miles around are and have been on the lookout for the man and it is now thought that he has been located. From Lorain, O., there came a message yesterdy stating that a man registering his name, George B. McGillivray, had stopped at a hotel in that city. The only difference in the two names is the middle initial and it is thought that the wanted man may have made the mistake through nervousness or possibly purposely. The officials of Lorain were advised to hold the man and a photograph of McGillivray was sent them yesterday. If the man under arrest tallies with the photograph he will be brought to this city for trial.

Mrs. McGillivray, wife of the alleged criminal, with her baby, left this afternoon for Salineville where she will live in the future with her parents. She is yet very anxious that her husband be captured and states that she will do anything that is within her power to that end.

MANY CHARGES MADE

Lisbon, November 19.—(Special.)—Mrs. Margaret Myers, of Butler township, yesterday afternoon was granted a divorce from Joseph Myers on grounds of habitual drunkenness, extreme cruelty, gross neglect of duty and unfaithfulness. They were married in Salem eight years ago, but have not been living together for three years. Her maiden name, Margaret Haley, was restored.

FURIOUS BATTLE BETWEEN BROTHERS

The Woolleys of the Shantyboat District Engage in a Fierce Conflict.

ONE OF THEM BADLY USED

Stones Were Used And Dave Woolley's Head Showed Their Effect—His Brother Found Hiding in Bed When Officer Sought Him.

Shantytown broke loose again yesterday afternoon when the Woolleys, after spending a few hours in resorts on Smoky row, started in for a free-for-all mixup at their house boat, located near the old flint mill. Although "Slick" and Dave Woolley, brothers, were the principals in the melee, their mother and several others had a hand during the clashes and it has been many weeks since more excitement prevailed in the vicinity.

In stature Dave excels his brother, but as a fighter he will have to take a back seat. They came together on the beach a few yards from the boat and the battle that followed is perhaps without a precedent among brothers in this locality. Slick became very much enraged, it is said, because Dave had been abusing their mother, and as he always detested anything brutal, thought that nothing but a sound thrashing should be administered. If the face of Dave is proof he without doubt carried out his idea.

No ring was marked off for the two combatants, but they stayed within a circle of 20 feet. Ungloved but armed with large stones they fiercely struck at each other and many blows were landed. However, one landed on Dave's right cheek bone and put an end to the scrimmage. Like a water soaked log he dropped to the ground and Slick scampered away to the boat with the bout to his credit.

The fight was over and everything was quiet on the banks of the Ohio when Officer McDermott was called. The big and handsome cop had no trouble in laying hands on Dave. In the same spot where he had fallen he still rested. But Slick had gone into hiding. Mrs. Woolley came to the officer's rescue and told him that her beloved offspring was in the boat, feigning sleep. Into the boat dashed the officer and for a moment hunted in vain. He could see nothing but a big bundle of bed clothing stacked on a bed. He was about to leave when he noticed a slight movement of the blankets. Throwing them aside he found the fugitive cramped into a knot and apparently sleeping soundly.

It did not take the officer long to awaken him and in a short time the brothers were talking the matter over in a cell. When arraigned this morning Dave had an awful face. It looked as if fresh from a sausage mill. The fact was so evident that he had been in a fight that he hesitated not a moment in pleading guilty. He was fined $7.60. A like dose was tendered Slick.

VIOLATION REPORTED

Of Clerks' Union Rules, For Which the Erring Member Was Roundly Fined.

Eight male members were taken into the membership of the Retail Grocers and Butcher Clerks' union last night at the regular meeting of that organization. The session was one of the best attended and most enthusiastic ever held.

But one violation of the new rule was reported, and in this case the member was not only reprimanded but heavily fined for the offense of working after 11 o'clock.

By an agreement endorsed last night allstores in the city will remain open until 11 o'clock on the night before Thanksgiving in order that the holiday be enjoyed by the members.

A report was received from the committee having in charge of the arrangements for the reception to be given at Columbian park next Thursday night. The details have been completed and a delightful time is promised all who attend. The membership of the union now numbers 100.

Entertained Friends.

Mr. and Mrs. M. F. Davis entertained last evening for a few of their most intimate friends at their home on Vine street. The evening was most pleasantly whiled away with ping-pong and other games. Delightful refreshments were served.

WHITECAP CASE AGAIN IN COURT

Howard Kelly Is Prosecuting the McPhersons, Seeking $10,000 Damages For His Arrest.

NUMBER OF WITNESSES

Who Are Rehearsing to the Jury the Tales of the Reign of Terror in the Inverness Neighborhood Over a Year Ago.

Lisbon, November 19.—(Special.)—The jury resumed its sitting yesterday after a recess of about two weeks.

Nearly 60 witnesses are here in the case of Howard Kelly, of Inverness, Washington township, versus Sumner McPherson and the latter's father and mother, Mr. and Mrs. John McPherson, also of Inverness, Kelly having sued for $10,000 damages for malicious prosecution. The case grew out of some neighborhood troubles in which the McPherson family seems to have been annoyed considerably by the night depredations of persons who destroyed farm implements, posted white cap notices and committed other offenses evidently designed to make trouble to the McPhersons, John Clazer and others in the vicinity.

One night Sumner McPherson stood guard with a gun near his home and alleges that about 2:30 in the morning a man rode up on horseback and was in the act of fastening a paper to an oak tree on which white cap notices had frequently been fastened. McPherson called to him, but he made no reply, but hurriedly commenced to tear the paper from the tree. McPherson again hailed him as he ran toward the spot, crying, "What are you doing there?"

Still there was no answer, and when he came near the man on horseback drew a revolver and commenced shooting at him, at the same time closing in and engaging him at close quarters. McPherson says he managed to back away far enough to level his musket at the breast of his adversary and pulled the trigger, but the weapon missed fire. He then clubbed his gun and was wielding it to deal his antagonist a blow when the ramrod came out, interfering with his aim. The ramrod was left in his hand as the only means of defense.

Meantime the night marauder had fired several shots, two bullets going through McPherson's hat and cutting his scalp. He said he struck the fellow several times across the face and breast with his ramrod before the horse wheeled and galloped away with its rider.

McPherson followed some distance down the road toward the Kelly farm, and in his testimony yesterday said he recognized the horseman in the moonlight, and that he was Howard Kelly. McPherson caused Kelly's arrest, but the case was dismissed when it came up for hearing in Justice Lodge Riddle's court in Lisbon.

The events of the night that McPherson stood guard occurred a year ago the latter part of last August. Young Kelly, who is about 20 years old, was living with his little brother, Frank, alone on their father's farm in the vicinity caring for the place, their father, Rev. J. M. Kelly, being a Presbyterian preacher stationed at Clintonville, Pa. In his petition for damages Kelly says that though the case against him was dismissed he was subjected to the ignominy of being taken to jail in the sheriff's custody, meeting numerous people along the road, and to confinement in one of the cells, where he says he had to sleep in a musty, ill-smelling bunk. Particulars of the case were widely circulated, and when Kelly returned to college it was cast up to him, which was one of the many reasons for the case. He denied having been away from home on the night of McPherson's encounter and denied possessing any fire-arms that were fit for use.

Kelly told a straightforward story during the four hours he was on the witness stand, and his testimony remained unshaken through a severe cross-examination. His father and brother were also on the stand.

Fred Whitaker, a brother-in-law of McPherson's, who is not on good terms with his wife's people, having ceased to live with her, was also on the stand. He said the morning after the occurrences which brought the affair into court, he tracked the horse ridden by the white hap horseman to the Kelly premises. Whitaker said that Howard Kelly gave him an apple a few days before the occurrences of the night McPherson stood guard, which made him very ill when he commenced to eat it.

Court adjourned until 9 o'clock this morning with Sumner McPherson, the second witness for the defense, on the stand.

This is one of the most peculiar cases that has been in court here for many years. Inverness is a Scotch Presbyterian settlement, and is said to have been a veritable Eden before these happenings came to cause trouble in the vicinity. Whether or not anything shall be determined by the present trial as to the author of the trouble, certain it is that there has been some queer doings in that neighborhood.

A number of the white cap letters were exhibited in court this morning. John Hagenfeld found the first letter seen in the neighborhood, and identified those exhibited. They all contained profane and threatening language, and most of them were signed: "The Unknown Boy." The sentiment of some of them was to the effect that if the neighbors did not keep quiet about the white cap outrages, the writer would plunge a knife into some of them. Several of the letters were addressed to Sumner McPherson.

NEW COMPANY FORMED WITH A MILLION CAPITAL

The Object Being to Develop the Newell Tract As a Site For Potteries and Other Plants.

INTERESTED PARTIES RETICENT AS TO PLANS

That the big Newell tract of land situated on the opposite side of the river below Chester, recently purchased by Louis I. Aaron, Joseph G. Lee, Col. John N. Taylor, W. E. Wells and others, will be developed fully within the next few months, there is now no doubt. Yesterday a charter was issued to the company by the West Virginia state authorities at Charleston. The capitalization is placed at $1,000,000, and the company will, it is said, begin actual operations just as soon as the weather and other conditions will permit.

The company incorporated at Charleston bears the title of the North American Manufacturing company, of Chester, Hancock county, W. Va. The capital stock is given as $1,000,000, of which $100,000 has been subscribed and $96,000 paid in.

The incorporators are: L. I. Aaron, C. I. Aaron, of Allegheny, Pa.; Marcus Aaron, of Pittsburg; W. E. Wells, E. M. Knowles, Colonel John N. Taylor, G. W. Clark and Joseph G. Lee, of East Liverpool.

The purpose of the company, as stated in the charter, is to "mill, mine and manufacture articles incident to or connected with the glassware, brick, porcelain and pottery business."

"Our plans are not matured," said Joseph G. Lee, a member of the company, when seen by a News Review reporter this morning. "The parties associated with me in the purchase of this land made the deal some time ago, and not until yesterday was the concern chartered. Yes, you can say the territory will be developed without delay, but what form that development will take we are not now able nor disposed to give out. As I said before the plans of the company are not completed. Our purpose of incorporating was in order that we would be in shape to do business in a business way."

In answer to a query as to what would likely be done with the land, and whether a scheme was not on foot for the establishment of a mammoth pottery manufacturing concern on the land, Mr. Lee said:

"It may be a manufacturing concern. However, that is a part of the question I do not wish to discuss. No officers have been elected, but this will be attended to within a short time."

W. E. Wells also said that the plans of the company were not fully matured.

ROAD TO CANFIELD

Promoters Say That Trolley Line to That Point Is Certain.

Youngstown, November 19.—The road which is being surveyed by F. L. Krause from this city to Canfield will be a connecting link between Youngstown and the Ohio river. It has no connection with the Mahoning Valley system, according to the statements of those who are behind the deal and that it will be built is assured.

A number of the men who are interested in the building of the line were in the city Sunday, looking over the ground. Among them was Max Goodman, attorney for the projectors. Mr. Goodman was formerly a councilman of Cleveland, and is one of the most prominent attorneys of Cleveland.

The promoters of the line will say nothing about their plans, except that the line is surveyed as far as Canfield. What their plans are for the future, they have not given out. They claim to have sufficient money behind them to guarantee the building of the line which will be done within a few months. One of the men asked whether the line was ready between here and Canfield and that was all that he had to say.

Licensed to Marry.

Lisbon, November 19.—(Special)—A marriage license has been granted to H. C. Farbles, Wayne township, and Lydia Miller, Clarkson.

GETS HIS CHILD AFTER TROUBLE

Girard Man Followed His Erring Wife and a Man to Youngstown.

HAD THEM BOTH ARRESTED

The Woman Giving the Deputy Sheriff a Severe Tussle — Wife Abandons Claims on Child And on Her Husband's Property.

Lisbon, November 19.—(Special)—J. C. Augustine, of Girard, who brought action in this county to get possession of his minor child, Clyde, aged 2 years, has secured a settlement with his wife Elizabeth, whereby he gets possession of the boy.

Mrs. Augustine last week left her home in Girard and went to her parents at Columbiana. Her husband followed and complained to the Columbiana county officials. Deputy Sheriff Davidson went to Columbiana Saturday to apprehend the woman but she had gone to Youngstown. Davidson seized a trunk, which she had left at Columbiana. Augustine followed her to Youngstown, and she was found with Al Young at the Park hotel in that city Sunday night. The movements of the man and woman with the little child had not attracted attention from the hotel people and they suspected nothing until the husband appeared there with the deputy sheriff of Mahoning county.

Young and his companion were arrested, but not until the deputy sheriff had a struggle with the woman, who, it is said, scratched his face. Mrs. Augustine surrendered all claim to the child, and signed a paper relinquishing all interests in her husband's property. Augustine is said to be well to do and has provided a good home for his family.

CUT HIS THUMB

Bad Accident to an Employe of the Dawson Cooper Shop.

J. E. Hawkins left yesterday for his home in East Rochester, where he will remain for some time. Mr. Hawkins was employed at the W. F. Dawson & Son cooper shop and on Monday while engaged upon a circular saw his left hand came in contact with the rapidly revolving teeth.

His thumb was almost severed from the hand, and the member was otherwise badly lacerated.

WITH THE WORKMEN IN THE CLAY PLANTS

BIG SHIPMENTS.

Six cars of ware will be the record of shipments of ware this week at the Smith & Phillips pottery. Four of these cars have already gone out, and the other two will follow as soon as they can be packed. This record is almost unprecedented in the history of the plant and goes to show what on enormous business it has been doing of late. These shipments will not begin to clean up all the orders on the files, and there will be no abatement of the rush for the present. As is the general rule in these days the heaviest demands is for decorated goods in both dinner and toilet sets. The gilders have been working overtime to keep up with the shipments. Asked about the trade outlook for January and February, Mr. Smith stated that it was too early to make a forecast. "Some customers are going to be disappointed in not getting their orders filled in time for the holiday trade," he said, "and then the manufacturers will have to contend with countermanded orders. In most cases the dealers will be pretty well stocked up, so it is hard to tell what will be doing until spring trade opens up. The dull period, if there is one, I believe will be very short."

ALWAYS TAKES A LOOK.

"I never sit down at the table when I'm on the road," said a well known pottery salesman to a News Review reporter today, "but that what I am prompted by curiosity to turn over a plate or cup to see the name of the maker. I have often seen ware from my own home in far away places and have wondered to what remote points of the earth the products of the East Liverpool plants penetrate. Years ago when I was an operative I would ponder over the destination of the plates my jigger was making and in my imagination I followed them to all sorts and conditions of places. Those were good old days," he added reflectively, "and though the work was hard, I enjoyed them."

ENCOURAGED THE ART.

A recent biographer of Madame de Pompadore places that much abused woman in a new light. Heretofore she was regarded merely as a great beauty. Her late biographer points out that if we turn from politics to other aspects of French civilization, we can but recognize the imprint of her hand. It is to her that France is indebted for the manufacture of Sevres porcelain, an industry that promoted the potters' art in France until it enjoys an international prominence. She established the Ecole Militaire, which, in the 2 7 years of its experience, gave to the country so many distinguished officers, Napoleon among the number. In her also men of letters and artists found a generous and appreciative friend.

READY FOR MOULDMAKERS.

The new pottery plant at Salineville, in which W. H. Deidrick is hevily interested, is nearing completion and the mould makers will be started to work this week. The plant will be equipped with improved and modern machinery and a printing machine, an invention of Mr. Deidrick will be installed. Hotel specalties and vitrous china, among other things, will be manufactured. The personnel of the operatives, so far as has been announced, includes several well known East Liverpool people. W. C. Peterson is to be the manager of the clay departments and Mrs. McGally forelady of the warerooms.

BROKEN HAND.

Glayde Coleman, of the packing department at the Thompson, is suffering with a badly swollen hand, the result of an accident that befell him Tuesday evening. Several of the small bones are broken and he will be una to wor for a number of days.

CANTON A WITNESS.

Pat Canton, of the kiln crew at the Smith & Phillips, is at Lisbon this week in attendance upon the common pleas court. He is a witness in the suit of William Lawson against the East Liverpool Railway company.

FORELADY INSTALLED.

Miss Belle Easterday has taken charge of the glost warehouse at the Smith & Phillips pottery, having severed her relations with the Laughlin No. 1 plant. Heretofore the warehouse has been run without a forelady, so it is entirely a new departure. Miss Easterday is thoroughly qualified by experience for the situation.

NEW SLIP PUMP.

A new slip pump has recently replaced the old one at the Smith & Phillips pottery. It did not work satisfactorily the first day but the difficulty was soon found and remedied. It is the Patterson make, the style in general use in the potteries.

A CURIOSITY.

Charles McKinnon, mould runner for George Gibson at the Smith & Phillips, has constructed a wheelbarrow of a unique pattern. It is made entirely of rails with the exception of the wheel, and is quite a curiosity. He will place it on exhibition.

TOOK A DAY.

Quite a number of the clay hands at the Smith & Phillips took a day Monday on account of the failure of the slip pump to work properly. Several of the boys spent the day in Wellsville.

AMONG THE POTTERS.

Burt Bennett, one of the decorators at the Smith & Phillips, has resigned his position.

Miss Ella Hutchinson, of the glost warehouse at the Smith & Phillips, has resigned her position and will leave in a few days for Hookstown where she will visit relatives.

PROGRESS OF EDUCATION

FAST BANISHING ILLITERACY FROM UNITED STATES.

Facts That Should Encourage Every Friend of the Schools.

In regard to the progress made in education and the great work it is accomplishing, Prof. R. E. Rayman makes an interesting statement as follows:

"It is a great social blessing to have ignorance stamped out of our fair land by substituting therefor Christian education. The statement is some times made by public speakers and others that the schools are falling far short of what they should do.

"This no doubt is true, but where are the parents who do as much for their children as they desire to do? The public school is driving illiteracy from our beloved land at a very rapid pace. We should bring the combined strength of the home, the schools and the churches to bear upon the great barrier of ignorance found in our country."

The foregoing statement is strongly supported by the last report of the census bureau. This report gives the percentage of children between the ages of 10 and 14 years of age who can read and write, as compared with the conditions 10 years previous. Who is not gratified at this report?

The statistics show that in no northern state, east or west, is there any appreciable illiteracy. In 20 there is less than 1 per cent. In several of these it is less than one-half per cent, and this need not and probably does not represent lack of school attendance, except from serious ill health, mental incapacity, or recent arrivals from Lower Canada or Europe. In 33 states it is no more than can be accounted for by these reasons. The improvement in the south is nothing less than remarkable. In the three states that are very low, the gain for the better has been greater than in any other states. Illiteracy has no place in the United States. It is as much out of place as darkness at midday. Illiteracy is passing.

WABASH EXTENSION

Toronto Sees Indications of It And a Prospective Boom at an Early Date.

Toronto, November 19.—All indications point to a big boom for Toronto in the next few months. The oil excitement is now on in earnest and already the business done, the large influx of strangers and oil men having stimulated all lines of trade. Now comes the news of the early completion of the extension of the Wabash railroad to Toronto. The contract for the section between Steubenville and this city is to be let in a few weeks, according to reports from well informed men, and then work is to be rushed until the line is completed. It is hoped to have trains running by next spring. Most of the right of way has been secured and what has not will be taken by condemnation proceedings.

Along with the oil boom and a new railroad will come new industries and there also promises to be a great deal done in the building line. Several new business houses are projected and a number of residences will be erected. Houses now are very scarce and with the constantly growing population more dwellings will be an absolute necessity.

Re-Elected Old Directors.

Cincinnati, Nov. 19.—The stockholders of the Cincinnati, New Orleans and Texas Pacific Railway company yesterday re-elected the old directors. President Spencer served notice on the trustees of the Cincinnati Southern road that unless suitable terminals shall be provided here soon the business of the road necessarily will be diverted through "other gateways to the south."

State Senator Binkley Dead.

Indianapolis, Nov. 19.—State Senator C. C. Binkley, of Richmond, died early yesterday, at Dr. W. B. Fletcher's sanitarium, in this city. The death of Senator Binkley has caused a vacancy in the state senate that will have to be filled by a special election.

C. & P. SHORT LINE

Cut-Off Will Make It the Shortest Line From Cleveland to Pittsburg.

The new Pennsylvania short line betwen Pittsburg and Cleveland is soon to become a fact. The latest announcement made last week was that the company now has four gangs of men at work on the cut-off that will shorten the route between Hudson and Ravenna. When that cut-off was announced it was said that it would give the Cleveland & Pittsburg the shortest route between Cleveland and Pittsburg, and the figures o nthe new route have shown that such is the case.

From Hudson to Ravenna it will be an air line, which will make a straight track between Cleveland and Alliance. The peculiar advantages of this new service are many. It means that the road will be low grade almost its entire length, thus facilitating the movement of freight between Cleveland and Pittsburg. It means also that the Pennsylvania will be on the same footing with the Erie for passenger business between the two points.

COMPLAIN OF SEWER

Health Officer Bprgess Notified This Morning That Trouble Must Be Remedied at Once.

A complaint was made to Health Officer Burgess this morning about the condition of the eswer on Palissey street, near the township line. The manhole at this point has been clogged up for several days and has been giving forth an awful stench, much to the disgust and annoyance of the people of that neighborhood. It is claimed that the trouble is caused by the sewage from the township which overtaxes the capacity of the sewer. The township trustees will be appealed to and asked to provide some method of caring for their waste.

Complaints are also being heard about the condition of Lake Run. It is stated that it has become filled with all kinds of filth and trash and that it is a menance to the health of the community.

COULDN'T SPELL "AERIE"

Three Contestants at the P. H. C. Spelling Bee Failed on the Word.

The initiation of twenty-five candidates and the old fashioned spelling bee attracted a large number of members of the Protected Home circle, to the quarters of Eureka court, No. 86, in Larkin & Ferguson hall last evening. The invitation extended to neighboring courts was liberally responded to and the Wellsville, Calcutta, East Liverpool and Chester courts were well represented. After the regular order of business and the initiation were disposed of Miss Odessa Owens and Attorney J. E. Davis, who had been selected as captains divided the house for the spelling bee. Attorney W. E. Warren was selected to pronounce the words. There were about twenty contestants on each side when the first word was announced.

Mrs. M. E. Mowen was the first to mispell a word and was awarded the consolation prize, a small piece of statuary. The word was "cuckoo." The side chosen by Att'y Davis was victorious and after the enemy had been vanquished he and two of his soldiers, Mrs. William Baird and S. S. Carnahan, remained. All three failed on the word "aerie," but as it was given to Mrs. Baird last, she was declared the winner and awrded the prize, a handsome picture. Refreshments of sandwiches and coffee were served.

Those present will long remember the evening as one of the pleasantest they ever spent and will unanimously agree that the members of Eureka court know how to provide the best entertainment for their guests.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

WORK COMMENCED TODAY

Street Railway Company Installing Derailing Switches at the Street Crossing.

A force of men from the East Liverpool Street Railroad company started to work this morning at the Mulberry street crossing to make the necessary excavations for laying the derailing device that is to be used in connection with the safety gates erected by the C. & P. Most of the rails, frogs, etc., are on the ground, and it is likely that the work will not be delayon by lack of material.

The force is large enough to complete this part of the work in three or four days. The tower from which the gates will be operated has not yet been completed at the Wellsville shops.

Will Meet Tonight.

The second meeting of Hoyt Court No. 1101, of the Orient, will be held tonight in the P. H. C. hall. Since the meeting a week ago the work has been improved, the degree team has been hard at work and tonight those who ride the goat will get their "bumps" in the most approved style. There are at least thirty applications in for membership, which includes a number from down town.

Quarantine Removed.

The quarantine was lifted from the home of Mrs. J. T. White, on Ohio avenue, this morning by Health Officer Burgess. The house has been isolated since November 5, on account of the illness with scarlet fever of Mrs. White's little daughter. Only three houses are now under quarantine in the East End and they are all from scarlet fever.

Fine Game Cocks.

Messrs. Robert Larkin and William Ferguson received two coops of fine game roosters yesterday from F. E. Grist, of Fort Gaines, Ga., who is quite famous for his fighting birds. Both gentlemen are fanciers of fine fowls and they will not be used in the pit.

EAST END AFFAIRS.

Mrs. A. Mountford, of Ohio avenue, is a visitor to Pittsburg today.

E. J. Owens left this morning on a business trip to down the river points.

Otis Robey went to work today in the biscuit kiln crew at Laughlin No. 2.

Miss Mary Williams has returned to her home in Steubenville after a pleasant visit with her brother Fred, of Calhoun addition.

Harry Huff, a turner at the National pottery, is not able to be at work on account of illness. He is threatened with an attack of fever.

The Headlight club has announced a dance for Thursday evening in Larkin & Ferguson hall. The Calcutta orchestra will furnish themusic.

Flora, the little daughter of Captain and Mrs. William Terrance, who has been very ill for the past week with catarrhal fever, is not so well today.

Marian, the little daughter of Mr. and Mrs. J. T. Lacey, of Pennsylvania avenue, who has been threatened with pneumonia, is reported better today and will likely escape the dread disease.

The Nonpariel club will hold another one of its pleasant dances this evening in Larkin & Ferguson hall.

Meetings Grow in Interest.

The evangelistic meetings in progress at the McKinley avenue union chapel draw large crowds nightly. Rev. A. A. Steele, who has charge of the services, each evening has met with extraordinary success, and many persons have been converted. The meeting last night was in the form of a praise service. Oliver Johnson sang a solo in a pleasing manner and the other musical numbers were fine. Five accessions were made at last evening's meeting. The services will continue indefinitely. It is understood Rev. Mr. Steele will continue in the evangelistic field.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

WEDNESDAY, NOVEMBER 19, 1902.

Nobody need be alarmed over the tariff war against the United States which an element of the German people is trying to start. Under the leadership of the agrarians, the reichstag in Berlin has passed, by a vote of 192 to 71, a provision in the new tariff bill authorizing the German government to retailiate upon any country discriminating against German goods. The agrarians are old enemies of this country, but they are not able to shape the tariff legislation of their own land, let alone interference with ours.

Under the new apportionment Pennsylvania will have no congressman-at-large, and it is probable that the venerable Galusha A. Grow, who first entered congress in 1851 and afterward served as speaker of the house, will be retired to private life. If Pennsylvania were as particular about giving good men positions as she is about finding a place for politicians, she would continue to elect Grow to congress. His faithful service deserves the reward.

By no possible combination of politics is there anything left in national contests for the solid south idea. It is played out, and the sooner the people of the south realize its utter vanity the better for themselves and their material interests and general affairs. Thirty of the forty-five states are Republican.

Some of the students of international affairs claim to see the source of danger to American interests in the establishment of a German naval squadron in the West Indies and another on the Pacific coast. There is no occasion for alarm. The kaiser has had the Monroe doctrine thoroughly explained to him.

Under a new Maryland law employers are compelled to insure their workpeople against death by accident. Employers are thus free from direct liability at the cost of about $2.40 a year on each employe. The first payment out of the insurance fund has been made, indicating that the plan works.

The manufacturers of the United States are sending abroad each day an average of $1,153,000 of their products and this field for their activties is steadily expanding. Ten years ago the demand for American manufactured articles was only one-third as great as now.

No matter who is elected speaker of the house, he is sure to be a man who is well equipped for the position. The Republicans in congress will not select any other kind, knowing full well that the office is one of the most important under the government.

Over 60,000 persons were examined for civil service positions in the United States last year and over 40,000 were found competent. With this number to select from incompetents ought to be conspicuous by their absence from public positions.

Over in West Virginia the women also have gone hunting. Every time a woman aims at a quail the farmers take to their heels. The ammunition dealers and the quail, however, are happy.

A crusade has begun in some of the Ohio cities against the sale of intoxicating liquor to minors. Any saloonkeeper guilty of this practice deserves the severest penalty the law can give him.

Editor Watterson, of Louisville, wants Gorman nominated by the Democracy as its presidential candidate. This settles it. The man Watterson wants is never nominated.

Democratic newspapers which, a few weeks ago, were insisting on Tom Johnson running for the governorship or the presidency are now strangely silent upon that theme.

Chicago anarchists are showing signs of activity once more. It is time that drastic laws were made and enforced against them.

Dowie, the religious quack, is attacking Gen. Booth, of the Salvation Army. Attacks from such a quarter are a high tribute.

Carnegie is coming back to America, and scores of towns without free libraries are hopeful.

East Liverpool as a railway center! Well, stranger things have happened.

After 400 years Spain gives Columbus a first-class funeral.

OBITUARY

David McDevitt.

David McDevitt, one of the oldest and most highly respected pioneer residents of Columbiana county, died at his home near Lisbon yesterday morning from an attack of pneumonia. Mr. McDevitt was 73 years of age, and with the exception of three years spent in Michigan has been a resident of this county all his life. He died upon the farm which his father owned before him, and on which he was born. Mr. McDevitt was held in high esteem by all, being respected and loved by his family and friends for his many excellent traits of character. Besides his immediate family Mr. McDevitt is survived by one brother, John McDevitt, father of David McDevitt, of this city, and Mrs. Elizabeth Carlisle, of Salem, mother of Al Carlisle. Of his family his wife, six sons and two daughters survive. Three sons, Burton, Elmer and Isaac, reside in this city. James is a resident of Canton, while David lives near the old home just out of Lisbon, and Reuben, whose home is in Lisbon. The daughters are Mrs. Oscar Birch, of Calcutta, and Miss Millie McDevitt.

Funeral services will be held at the late home at 2 o'clock tomorrow afternoon and interment will be made at Pleasant Grove cemetery.

Joseph Kinney.

Joseph, the 4-year-old son of Mr. and Mrs. Thomas Kinney, of Chester, died this morning at about 12:30 o'clock from dropsy. The funeral and burial will take place at Steubenville and the body will be taken to that city tomorrow on the noon train.

Will Get an Export Drawback.

Ogdersburg, N. Y., Nov. 19.—Seventy-three all iron flat cars have arrived here for transfer through Canada to Newfoundland. They were made at Berwick, Pa., the iron for their manufacture being imported from Newfoundland in pigs, paying a duty of $4 a ton. Now that this iron has been made into iron cars the manufacturers are entitled to an export drawback of $3.96 a ton.

General Wright Welcomed Home.

Memphis, Tenn., Nov. 19.—The homecoming of General Luke E. Wright, after three years' absence in the Philippines, was made memorable last night by the citizens of Memphis. Cannon boomed a salute of 17 guns, bonfires were lighted on the principal thoroughfares and the streets were lined with people, who shouted an enthusiastic welcome to the vice governor

FRATERNAL VISIT

Of East Palestine Sons of Veterans Paid to Garfield Camp in This City.

Captain R. C. Taggart camp No. 106, S. of V., of East Palestine, paid a fraternal visit to its sister organization in this city last night and a very enjoyable social session was held.

Addresses were made by a number of members of both camps, and in addition a most pleasing vocal solo was rendered by Albert Kapp, one of the visitors. When the business meeting had been concluded a fine luncheon, such as only Garfield camp is able to spread, was enjoyed. This with a goodly supply of cigars made the hours pass very pleasantly.

A committee representing the Salem, East Palestine and East Liverpool camps was appointed to make arrangements for a reunion and outing which will be held as soon as the weather permits.

Among the visitors from East Palestine were: E. J. Davis, Dr. C. E. Johnson, Dr. G. W. Rowland, Charles Rowe, Paul Wallace, L. F. Keys, William Ward, O. L. Butts, William Tennis, Frank Smith, W. H. Bowen.

AT THE THEATER

The Chicago Stock company presented "Carmen" at the Grand last evening, and the audience, which was a large one, was more than pleased. It had not been expected that the company could handle the piece as it should be done, as so many companies have made woeful failures wth it, and the admirable way in which it was presented and the clever acting was a pleasing surprise. Norbert E. Dorente as Don Jose Libengoa and Clara Prae Dorente as Carmen were excellent in their heavy parts. They are both players of unusual ability and merited the applause so freely accorded them last night.

The play of "Jesse James" will be presented at the opera house tonight. The first act opens in a saloon in Kansas City and shows several very exciting scenes wherein Jesse James shows some of the good side of his character. The second act is the famous railroad hold-up, while the third act shows the cave of the Quantrell gang and the battle for supremacy between the rival forces. The last act depicts the famous shooting of Jesse James and is a melodramatic climax of deepest interest. The comedy element is said to be strong throughout the play.

TWENTIETH CENTURY GIRL

Theme of Dr. Tracy Drew a Great Crowd to the Opera House.

One of the best lectures that Dr. N. W. Tracy has given during his stay in this city was that of last evening when he discussed the topic "Twentieth Century Girls." The opera house was packed, the crowd being chiefly composed of young ladies who were anxious to hear what the noted evangelist had to say about the girls of today.

The music furnished by the selected choir was greatly appreciated. Miss Everson is winning laurels by her careful handling of this very important part of the program.

Dr. Tracy will only be in the city six more days and those who have not already heard him should take advantage of the opportunity. His lectures are all very instructive. They are all illustrated with his stereopticon apparatus.

Dr. Tracy will talk this evening upon the subject "The Mississippi of Intemperance."

NOTES OF THE UNIONS

Potters Arrange for Another Entertainment—Other Meetings Tonight.

Local union No. 24, N. B. of O. P., held their regular meeting last evening in Potters' hall. Aside from the routine order of business the report of the entertainment given by the local Monday evening was read and approved. Arrangements were also made to give the second of the series of musical and literary entertainments to be given by the local this winter. The date of the next entertainment has not been fully decided upon.

Local union No. 384, Brotherhood of Painters, Decorators and Paper Hangers of America, will hold its regular meeting this evening in the same hall. No special business will be brought up.

The Carpenters' and Joiners' local union, No. 405, will hold their meeting Friday evening.

THAT SMALLPOX BILL

Columbiana County Can Only Escape It By Proving Hall a Non-Resident.

Since the announcement of the board of health of Steubenville that it intended to call upon the commissioners of Columbiana county to pay the expense of keeping and treating Clarence T. Hall in the Steubenville pest house while he was sick with smallpox there has been considerable talk locally concerning the matter. It seems that none are positive as to the outcome.

A city official said last evening that there will be but one way for this county to escape paying the bill, which amounts to nearly $400. If it can be proven that Hall was not a legal resident of the county before going to Steubenville, the county cannot be held responsible. But if the fact cannot be proven there will be no way out of it. Columbiana county was once defeated on a case very similar to this one and it seems evident that if a fight is made that the same result will occur.

When the dispute arose over the payment of a bill from Beaver county the case was hotly contested but Columbiana lost upon a ruling of the supreme court. It has not yet been definitely announced when the commissioners of this county and Jefferson will meet to hold a conference on the subject but it will not be many weeks. It has been rumored that the case will be taken to the courts, but upon good authority it is stated that if possible the two boards of commissioners will arbitrate.

The law governing the case was made in order that county authorities would not send the indigent sick into adjoining counties for the latter to assume the care and protection of them. In the minds of the people in general it is an excellent law, and there will be no howl raised if the Jefferson county officials furnish sufficient proof of Hall's residence prior to his landing in Steubenville.

THE FEDERATION OF LABOR.

Special Committee to Settle Dispute Between Gompers and Shaffer Selects Fifth Member.

New Orleans, Nov. 19.—The salary of the president of the American Federation of Labor yesterday afternoon was increased from $2,100 per annum to $3,000, and the salary of the secretary from $1,800 to $2,500.

The special committee having before it the dispute between President Gompers and President Shaffer, of the Amalgamated association, finally organized yesterday afternoon by selecting E. A. Tangueray, of the telegraphers, as the fifth member.

It spent the entire afternoon in taking testimony, but does not expect to be able to present a report before Thursday morning. It is considered almost a foregone conclusion that the report will be in favor of President Gompers.

A large number of resolutions pertaining to labels were submitted and matters of like importance were transacted, and at 6:30 the convention adjourned until today.

THANKSGIVING SERVICES

Of the Jr. O. U. A. M., of West Virginia to Be Observed Nov. 30.

State Councilor O. O. Allison, of the Jr. O. U. A. M., of West Virginia, has issued his proclamation to the subordinate councils throughout the state. In accordance with the usual custom of the order in each year is to select and observe a day of Thanksgiving and praise, he calls upon the members of the order to assemble in such places of worship as they may select on Sunday, November 30, 1902, and there render thanks to Him whose care has been over them as an order and a nation, and pray for even greater blessings and prosperity in years to come.

The services of the Chester council will be held in the M. E. church, Carolina avenue, at 11 a. m. The order will first assemble at the hall and go in a body to the church.

A HEARTLESS HOG

Porker Lived Without the Necessary Organ Until a Butcher Killed It.

Talk about your East End freak calf! It is not in it with the Southside heartless hog. J. W. Owings was butchering some porkers yesterday. James Prosser was engaged to do the work. Upon dressing one of the hogs no heart could be found by Mr. Prosser. A number of men were called to testify to the fact.

Mr. Prosser insists that a hog may live without a heart and that the animal was short that organ in his anatomy.

Trying to Locate the Line.

Workmen are engaged in trying to locates the corner stone between the W. P. Gardner and Pusey property on the river beach. As there has been some dispute as to the original location of this line, it becomes necessary to have it settled permanently, since sand from the river bed has long since covered up the mark. The parties are now trying to find the mark by excavating in the vicinity. Mr. Gardner is now making preparations to plot this tract for building.

Progress With Paving.

Contractor Freshwater's paving gang made fair headway yesterday, and if nothing happens will reach Second street today. They had got as far as the postoffice on Virginia avenue last night. Mr. Coates, contractor for the street railway company, laid off yesterday on account of not having brick. The full force will be at work today.

CHESTER NOTES.

C. W. McLane is having a water well drilled on his property on Montana street.

Austin Stewart, conductor on No. 6, has been on the sick list for the past few days.

Elmer Hoskinson, of Virginia avenue, is quite sick, threatened with typhoid fever.

Chas. M. Evans has purchased a fine lot on Adolphus street in the McDonald addition.

E. C. Baxter purchased three lots from J. E. McDonald yesterday on Adolphus street.

Denver Coulter's new house on Indiana avenue and Fifth street, is now ready for the roofing.

H. C. Stewart and Col. Andy Shetter, of New Cumberland, were visitors in the city yesterday.

A number of Chester citizens attended the Barnes sale yesterday. Justice W. C. Johnston was the auctioneer.

B. I. Hilliard has just returned from a pleasure trip, having visited Philadelphia, Harrisburg, Baltimore and other eastern points.

Next Sunday has been selected as rally day at the M. E. church. The young people of the congregation are preparing special exercises for that day.

AN ALLEGED ANARCHISTIC PLOT

Woman, Supposed to Be Mentally Unbalanced, Tells of Danger to President.

New York, Nov. 19.—Mrs. Lena Doxheimer, who says that until she became a member of the First Methodist Episcopal church at Hoboken, two years ago, she was associated with an anarchistic society of that place, and whose mental balance is questioned, is reported to have related to the Mothers' club and the pastor of her church a story of alleged anarchist plottings against the life of President Roosevelt. According to Mrs. Doxheimer, there have been in the last 14 months three persons asigned to the task of "removing" the president. One of these, a Frenchman named Melov, she says she persuaded to return to Paris, where he was killed by a street car. Next, according to Mrs. Doxheimer, the assassin's task was assigned to a man named Mueller, living in Avenue B, this city, who a few days later died of poison, self-administered. The last of the three designated for the murderous work, Mrs. Doxheimer alleges, was a Mrs. Schroeder, of Harlem, who also ended her life by means of poison.

Mrs. Doxheimer asserts that among the plotters were several millionaires. Her conception of what constitutes a millionaire is indicated by her statement that these men "owned houses."

Rev. Charles L. Meade, Mrs. Doxheimer's pastor, will make no statement regarding the so-called confession.

BLACKER THAN EVER.

Prospects of the Inhabitants of the Island of St. Vincent Are Dismally Discouraging.

REFUGEES ARE SHORT OF WATER.

Georgetown Will Have to Be Abandoned, and It Is Doubtful if Any Part of the Island Is Out of Danger From La Soufriere.

London, Nov. 19.—The governor of the Windward islands has sent a dispatch to Colonial Secretary Chamberlain, in which he says the prospects of the inhabitants of the island of St. Vincent are blacker than they have ever been. He believes that Georgetown will have to be abandoned, while it is doubtful if any part of the island is out of the range of danger of La Soufriere, which he describes as "this terrible volcano."

The dispatch adds that the southeastern end of the island to which the inhabitants of the district around La Soufriere have fled in the hope of safety is badly off for water, and "if more people are crowded there they will not be able to exist. No term can be fixed to the action of the motion, and the people cannot go on like this indefinitely."

Old Volcano Breaks Out.

Salt Lake City, Nov. 19.—An old volcano, forming part of the Wasatch range in Southern Utah, between Beaver and Piute counties, which apparently has been extinct for centuries, has broken out afresh. Explosions, apparently emanating from the crater, have been heard for miles around, while at times columns of smoke and dust have arisen from the old volcano, and new lava formations, all very hot, have been found on the sides of the mountain.

Populace Panic Stricken.

Vienna, Nov. 19.—A dispatch to the Neue Freie Presse from Salonica, Roumelia, yesterday, announced that three violent earthquake shocks, accompanied by wind of extraordinary violence, were felt there during the night. No serious damage was done, but the populace was panic-stricken.

Bond-Hay Treaty.

St. Johns, N. F., Nov. 19.—It is understood here that the Bond-Hay treaty includes green or partly cured codfish as well as dry, or fully cured, cod. It also gives a free entry into American markets of Newfoundland's crude minerals. American fishermen are granted equal privileges in the colonial waters with the resident fishers. American imports are also guaranteed equality of treatment with those of Canada, no preferential tariff being allowed. Canadian fish does not share in the benefits of reciprocity.

North Pole Explorer.

Victoria, B. C., Nov. 19.—Captain Bernier, the Canadian explorer, who proposes to make a dash for the north pole, has written to the local Canadian council to the effect that he will build his vessel here if the city gives him financial assistance. He says the Dominion government has promised $60,000 and he has collected $30,000. The matter was referred to the finance committee.

FOURTH DAY ON STAND

President Mitchell Is Showing Signs of Weariness From Long Cross-Examination.

IS STILL BEING QUESTIONED.

Arbitrators Growing Restless In Consequence of Long Proceedings and Urge Attorneys to Confine Proceedings to New Features.

Scranton, Pa., Nov. 19.—President Mitchell, for the fourth successive day, occupied the witness stand during the two sessions of the strike commission and was cross-examined by three attorneys for as many coal companies. While a considerable amount of information for the enlightenment of the commissioners was brought out, the day was a rather quiet one, compared with those which have preceded it. The arbitrators are growing restless in consequence of the long cross-examination, which apparently does not bring out the facts as quickly as the commission would like to have them presented. Several times during the course of the day's session Chairman Gray reminded the attorneys of the value of time and suggested that cross-examination be limited to new features of those questions that have already been gone over. Mr. Mitchell has been on the stand since last Friday morning, and is showing signs of weariness from the strain of four days' cross-examination.

The commissioners yesterday for the first time entered into the discussion with the lawyers and the witness over disputed points which arose from time to time.

Mr. MacVeagh, who began his cross-examination of Mr. Mitchell on Saturday, concluded at 11 o'clock yesterday.

The recognition of the union is looked upon as the most important question before the commission, and it is quite evident from the trend of the questions thus far that the companies will oppose it to their utmost ability.

Mr. Gowan and Mr. Ross questioned Mr. Mitchell principally regarding conditions existing at the collieries of the companies they represent.

In the afternoon Mr. Ross' line of examination was for some time directed toward testing Mr. Mitchell's knowledge of bituminous mine working, the number of men employed, the wages paid, and a comparison of those with the wages paid in the anthracite fields.

At the request of counsel Mr. Mitchell gave a history of his connection with organized labor.

Mr. Mitchell reiterated his former statement that the minimum wage should be $600 a year. "We might want to go to the seashore," said he.

Speaking with a little sarcasm, Mr Mitchell said that the company had some employes who had visited Philadelphia once in 24 years and that they thereby had an important event in their lives to relate to their grandchildren.

At this point Mr. Ross took occasion to call attention to the fact that his company owned 284 houses, which were rented to the miners on an average of $5 a month.

"So you see," remarked Mr. Ross, "we haven't very many houses for the number of employes, upwards of 12,000."

"You charge enough for the ones you do have," was Mr. Mitchell's dry response, which caused merriment among the miners in the court room.

After securing an expression from the miners' president that the company paid to stockholders 26 per cent on their capital stock, Mr. Ross inquired if he was not incorrect. "I think the earnings were that," said Mr. Mitchell. "There are a good many methods for putting profits away in a railroad," he added.

Here followed a long list of questions on the subject of the demand for an eight-hour day, nothing new being developed.

Giving as a reason for the miners preferring to be paid by weight rather than by measure, Mr. Mitchell said that persons buying coal wanted it weighed, as do sellers of coal.

"What benefit is there," asked Mr. Ross, "to the miner by being paid by the ton instead of by the car?"

Mr. Mitchell said that there had been general discontent among the miners because of disagreements arising from docking, not only for impurities, but account the "topping."

"You do not know," said Mr. Ross, "that it is necessary to discipline a man?"

"Is that the reason," asked Mr. Mitchell, for impurities or because their car did not have enough in it?" He insisted that he knew of instances where the docking amounted to 3 or 4 per cent, although Mr. Ross had stated that it was eight-tenths of a cent.

Answering Judge Gray, Mr. Mitchell admitted that about 10 per cent of the total production of anthracite coal was put on the weight basis.

At 4 o'clock the commission adjourned until 10 o'clock today, Mr. Mitchell being on the stand.

REALM OF SPORTS

THANKSGIVING GAME

Steubenville And East Liverpool High School Teams to Contest in Former City.

The high school football team, which has not been defeated during the present season, will go to Steubenville on Thanksgiving day for a game with the team representing the high school of that city. The local team believe they can win from the Steubenvilles, and also that they will be able to carry off the championship of the high schools of this neighborhood for the season.

The very best material in the schools of the city is being picked. Practice is indulged in every evening, Coach Young and Captain Rigby arguing that this is the only proper course in attaining that degree of efficiency which can but result in winning football.

The management has selected the following players for the Thanksgiving game:

G. Caston, right end; C. Smith, right tackle; H. McBane, right guard; Evans, center; Cochran, left guard; Gardner, left tackle; Thompson, left end; Davidson or Smith, quarterback; Cripps or Mountford, right half; Rigby, left half; Young, full back. Subs, Powell and Smith.

WARM CONTEST EXPECTED

Brunos, of Wellsville, And Oaklands, of This City, to Play Saturday.

Arrangements are being made between the Bruno Athletic club foot ball team of Wellsville and the Oaklands of East Liverpool for a return game to be played on the fair grounds in the West End, Wellsville, Saturday afternoon. The last game played between these teams was played at East Liverpool, and the Oaklands defeated the Brunos by a score of 5 to 0. This was the first instance in which the Brunos have been scored against this season. A warm contest is expected Saturday. The Brunos will line up as follows:

Fraser, center; Kirkwood, right guard; Fairman, left guard; Heakin, right tackle; Culbertson, left tackle; Berg, right end; Murphy, left end; Bunting, quarterback; Estep, right halfback; McConnell, left halfback; Blue, fullback; Lee, Stubbins and Aten, substitutes.

BASKETBALL GAMES

To Be Arranged Between the Y. M. C. A. And Teams of This Vicinity.

Physical Director Stephens is in correspondence with the managers of a number of basket ball teams in this section of the state with a view to securing games for his team.

It had been arranged to have another game with Steubenville this week, but satisfactory plans could not be made. However, it is thought a contest can be had next week.

With the increased seating capacity, the Y. M. C. A. gymnasium is in much better shape than ever before, and it is thought the attendance at future games will be larger.

CRESCENTS WON

In a Bowling Match With the Eclipse. 439 Pins Ahead.

The Crescent and Eclipse bowling teams played an interesting match on the Imperial alleys last evening. They played a series of three games, the Crescents winning the series by 439 pns. Following are the individual scores:

Crescents—Clark, 156, 219, 180; Eagan, 132, 125, 113; Blind, 182, 149, 159; Litton, 117, 168, 164; Schultz, 192, 132, 117.

Eclipse—Dawson, 142, 150, 109; Logan, 96, 135, 102; Rose, 115, 102, 120; McNicol, 157, 151, 128; Williams, 131, 141, 87.

Boxing Bouts at Akron.

Akron, November 19.—The bout last night between Mike Collins, of Boston, and Jack Palmer, the local 118-pounder, was stopped in the fourth round to save Collins, who was being badly pummeled. Gus Ruhlin refereed. Ruhlin went three rounds with Moore, formerly of Chicago. Moore caught one of Gus's taps and went to the floor, but got up quickly. Mayor Doyle was present. There were other bouts between locals. The entertainment was given by the North End club.

For Thanksgiving Day.

A report in circulation last evening that a foot ball team will be organized for the purpose of giving East Liverpool people the opportunity of witnessing a game on Thanksgiving day was heard with satisfaction. Prof. William Dorff is said to be at the head of the project, and it is rumored that the majority of the members of the disbanded East Liverpool team will be signed for the game. Steubenville or some team from Pittsburg will be the attraction.

Will Play Against W. & J.

Alex W. Stevenson left this morning for Washington, Pa., where he will play with the Western university foot ball team against the Washington and Jefferson team. Mr. Stevenson has made quite a reputation as a right guard man and will play that position in the game.

No Game Tomorrow Night.

Manager Craig, of the East Liverpool bowling club, states that the series of games scheduled for tomorrow evening at Sebring with the crack team of that town have been cancelled. The games will likely be played some evening next week.

Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse; but I have never known of a case of female weakness which was not helped when **Lydia E. Pinkham's Vegetable Compound** was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and nervous attacks due to the severe strain on the system by some organic trouble, and for women of advanced years in the most trying time of life, it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E. Pinkham's Vegetable Compound is a household reliance in my home, and I would not be without it. In all my experience with this medicine, which covers years, I have found nothing to equal it and always recommend it."—MRS. LAURA L. BARNES, 607 Second St., N. E., Washington, D. C.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

RESOLUTION.

Resolved by the Council of the City of East Liverpool, Ohio, W. A. Calhoun, Geo. Olnhausen and Hollis E. Grosshans, three disinterested freeholders of the corporation be, and they are hereby appointed, to act as an equalizing board, to hear the objections to the estimated assessment heretofore reported to Council of the costs and expense of improving Pennsylvania avenue from lot No. 1589 to the East End public building and to equalize the same in such manner that the assessment upon any lot or parcel of land shall not exceed the special benefit conferred thereon by said improvement and distribute the assessment amongst the several lots and parcels of land in the proportion that the special benefit of each lot or parcel of land bears to the whole special benefit so conferred by said improvement, the objections to be determined and the assessments equalized according to law.

Said board shall meet at City Hall, East Liverpool, Ohio, on the 29th day of November, 1902, at 10 o'clock a. m., and shall report such equalized assessment to Council at the earliest period of completion.

MISS IDA M. SNYDER,
Treasurer of the Brooklyn East End Art Club.

Miss Ida M. Snyder.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular $1.00 size bottles—less than a cent a dose.

THE TOTAL VOTE IS NOW COMPUTED

It Shows That Kirtley Led the Republican Ticket and Had 95,209 Plurality.

A POPULAR VETERAN DEAD

Col. Owen J. Hopkins the Victim of a Street Car Accident—Important Ruling of Supreme Court—Application of Cole Law.

From a Staff Correspondent.

Columbus, November 19.—The compilation of the vote cast at the recent election was completed at the office of the secretary of state late Tuesday afternoon. The total vote cast for secretary of state was 811,467 and the plurality of Secretary of State Laylin was 90,465. The total vote was 830,131. The vote for secretary of state was as follows:

Lewis C. Laylin, Republican, 436,171; Herbert S. Bigelow, Democrat, 345,706; Max S. Hayes, Socialist, 14,270; Andrew L. White, Prohibitionist, 12,336; Theodore Adams, Socialist-Labor, 2,983; scattering, 1.

The plurality of William B. Crew, Republican, to fill a vacancy on the supreme court bench was 93,921, and for the long term his plurality was 93,939. William J. Kirtley, for member of the board of public works, received a plurality of 95,209, the greatest plurality received by any candidate on the Republican ticket. Horace Ankeny, Republican, for dairy and food commissioner, received the smallest plurality, 86,135.

Samuel Borton, of Valley, near Salem, Columbiana county, who was a candidate for judge of the supreme court on the Socialist-Labor ticket, received 2,983 votes. Last year there were three candidates from Columbiana county nominated on minor tickets.

The supreme court yesterday decided a number of motions to dismiss cases brought under the Royer act, which was repealed at the special session of the legislature. The decision of the court in these cases was as follows: "All cases decided by the circuit court, but not yet filed in supreme court on error prior to May 12, may come into court now, under the regular rules. In all cases decided by the courts between the first and second acts the judgment of the circuit court is final." The decision makes the circuit court the court of last resort in the cases it decided during the period that the Royer act, which took away power from the highest court, was in effect.

As a result of a shocking accident which occurred in this city last night the state house has been plunged into gloom. As Colonel Owen J. Hopkins, a member of the adjutant general's department and inspector general of the National Guard of Ohio, was crossing North Highland street, this city, he was struck by a street car and injured so badly that he died in a short time. He was a veteran of the civil war and served three years in Garfield's regiment, the Forty-third Ohio. He also served as lieutenant in another Ohio military body. He has been connected with the Ohio National Guard for about 20 years and possessed splendid military attainments. He was a man of high character and was very popular. His death is greatly deplored. The state officials will meet and adopt suitable resolutions on his death. He leaves a wife and several children.

Attorney-General Sheets has ruled that public service companies must pay 1 per cent on their gross receipts under the Cole act, from May 1, 1901, to May 1, 1902. Some companies were of the opinion that they were only required to pay from the time between the passage of the act and May 1, 1902. Were this the case they would only be required to pay for a little over two weeks of the year ending May 1, 1902. The attorney general's construction of the law will make a difference of a half a million dollars under it.

John C. Walsh, of East Liverpool, will be one of the speakers at a banquet which will be held in this city by the retail liquor men of Franklin county on December 9. Leading liquor men of the state will be present, and plans will be discussed in the interest of the traffic.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

SALINEVILLE

Salineville, November 18.—Stewart Robinson, of Scroggsfield, who was recently shot by some unknown person, was taken to a hospital last Thursday and had the bullet extracted from the wound in the head. The missile had split and part of it was found under the skin near the outer edge of the opening. Dr. Walker returned home from Cleveland Saturday and reports him resting easily.

Mrs. John Thompson, of Oneida, Carroll county, and her sister, Miss Jennie Graham, of Malvern, were guests of their uncle and aunt, Mr. and Mrs. H. H. Thompson, over Sunday.

Mrs. Hozell, of Wooster, is the guest of her daughter, Mrs. W. A. McBane, wife of the cashier of the Citizens Banking company.

Mr. and Mrs. J. C. Lewton, of Wattsville, Carroll county, were at the wife's parental home Sunday at the bedside of her sister, Mrs. F. S. Bunn, who is prostrated with an attack of typhoid fever.

Mrs. W. A. Thompson, of Lisbon, accompanied by her little son, Master Bruce, and a Mr. Carter, of Mansfield, and his newly wedded wife, Miss Bessie Devery, of Cleveland, a younger sister of Mrs. Thompson drove over to this village last Saturday and were guests of their friends H. H. Kirk and Mr. McPherson.

Struble Goddard, one of the miners of the new shaft, had one of his legs injured by a fall of slate.

Mrs. Fred S. Bunn, late of Youngstown, is at the home of her parents, Mr. and Mrs. R. G. Thompson, prostrated with a serious attack of typhoid fever. Mr. Bunn arrived from Youngstown on the night train and is now at the bedside of his wife.

Studying Cleveland's Taxation.

Cleveland, Nov. 19.—For the past two days four New York tax experts have been in this city studying the system of taxation in practice in Cleveland. The results of the investigations are to be laid before Mayor Low, of New York city, although the experts are not carrying on their investigations in the capacity of a commission. The party returned to New York last night.

Shot Wife and Self.

Cleveland, Nov. 19.—Charles Benning, of No. 430 Wert street, Youngstown, shot his wife in the back and himself in the head, late yesterday afternoon. The couple had separated and jealousy on the husband's part is believed to be the motive for the crime. Benning and his wife are in the hospital, with the outcome of their wounds problematical.

Accidentally Killed Sister.

Pittsburg, Nov. 19.—While attempting to remove a cartridge from his rifle, Edward Horstman, 11 years old, shot and killed his sister Mary, 20 years old, in their home at Bridgeville yesterday afternoon. The small bullet entered her neck and severed an artery. She died in five minutes. Her brother is nearly distracted.

BEAR HUNT IS ENDED.

Last Day of Chase Was Simply a Repetition of the Three Preceding Ones.

BRUIN EVADED THE PRESIDENT.

Roosevelt Enjoyed Outing and Speaks In High Praise of Hospitality Shown Him—Special Train Left Smedes For Memphis at 9:30 Last Night.

Smedes, Miss., Nov. 19.—President Roosevelt's bear hunt in Mississippi is ended and he has not had even a shot at a bear. The last day of the chase was simply a repetition of the three preceding days, so far as his luck was concerned. Try as the hunters would, they could not get a bear within range of the president's rifle.

The dogs got a fresh trail early yesterday morning and the president and Holt Collier followed it half a dozen miles to the Big Sunflower river. The bear crossed a mile below the ford. They went to this point, and believing he was making for the canebrake on the other side, they endeavored to head it off. When they got into the brake, however, they were disgusted to find that the bear had doubled on his track and crossed the river still further down. It was then 1 o'clock, and as arrangements had been made to break camp at 2:30 o'clock, the president was reluctantly compelled to abandon further pursuit of the elusive quarry.

While the president was out after bear Major Helm, Dr. Lung and Secretary Cortelyou had a more successful deer drive on this side of the Great Sunflower river. They jumped up a buck and a doe. Major Helm killed the latter from his horse, at about 40 yards.

Although the president has failed to kill a bear on this expedition, he has enjoyed his outing and speaks in high praise of the hospitality that has been accorded him. He philosophically attributed his ill-fortune to the traditional hunter's luck, and says the next time he goes after bear he will arrange to stay long enough for the luck to change.

The deer killed yesterday and the bear killed Monday will be taken to Washington on the special train.

When all was in readiness the president and the members of the party mounted their horses and rode into Smedes, leaving the wagons to follow. The president is a hard rider, and the pace was rapid in spite of the bad trails. The distance, which is fully 12 miles, was covered in less than an hour.

Upon the president's arrival here he found fully 500 people, practically all the negroes from the surrounding plantations, assembled to greet him. He thanked them for their demonstrations, but made no remarks. They waited around his car on the siding until dark, hoping he would make a speech.

Mr. Fish last night gave a dinner in his private car to the president and members of his party.

At 9:30 o'clock the special train started for Memphis, having added the record of a presidential bear hunt to the fame of Smedes, which first became known to the outside world through the story that here the experiment of teaching monkeys to pick cotton was to be tried.

MASTER BUILDERS EXCHANGE

Directors Adopt Stringent Measures Looking to Protection of Contractors From Strikers.

Philadelphia, Nov. 19.—The directors of the Master Builders' Exchange, at a meeting yesterday, decided to adopt stringent measures looking to the protection of contractors whose employes resort to strikes to gain their demands. All of the 23 members of the board of directors were present and the vote to lock out striking workmen was unanimous.

There was a heated discussion over the question of full recognition of labor unions in the building trades, and final action on this subject was referred to the members of the exchange at the next quarterly meeting, Tuesday. To meet the demands of the council of allied building trades, which is the parent body of all the building trades unions, it was decided that a similar organization of bosses be formed on substantially the same basis as the council of allied building trades. In the event of a dispute the bosses will appoint a committee of five to meet a committee of workmen. Should the meeting fail of results a committee of five from the builders' exchange is to act as a court of last resort. If this committee should be unable to solve the difficulty and a strike be ordered by the labor union the bosses will order a general lockout, which will be continued until the employes' unions are willing to make concessions.

Charged With Larceny.

Harrisburg, Nov. 19.—The repeated disappearance of valuable packages from the local warehouse of the Adams Express company led to an investigation, which terminated in the arrest yesterday of Joseph J. Sanson and W. Dean Pierce, clerks in the company's employ, on a charge of larceny. Watches and jewelry consigned to a Harrisburg jeweler are alleged to have been found in the lockers of the accused men at the company warehouse in this city.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. **OUR NEW METHOD TREATMENT** is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 280,000 Cured.**

MERIT SYSTEM IN THE NEW CODE

Important Regulations Applying to the Appointment of Police and Firemen.

CHIEFS HAVE HIGH POWER

But the Mayor Is Above Them in Authority—Several Causes Which Disqualify Men from Service in Either Department.

Among the numerous provisions made by the Nash code which are attracting much attention and discussion in the city at the present time is that pertaining to the merit system of appointing officers under the two heads, the fire department and the police department.

Chief of Police Thompson and Fire Chief Morley state that they think the system a model one, and that it will give general satisfaction when placed in vogue. According to the provision of the act on the question, the men best qualified for the several positions will receive the appointments. This will not only give the public better service under all heads of protection, but it will be an incentive to the city officers to strive for the highest position.

Under the code it is the duty of the police to preserve the peace, protect persons and property and enforce all ordinances of council and all criminal laws of the state and the United States, and the fire department will be required to protect the lives and property of the people in case of fire. Both the police and fire department are to perform such other duties as council by ordinance may prescribe.

The requirements are the same as have been in vogue, but when the code goes into effect, it will be the duty of the officials having jurisdiction over the police and firemen to see that they do as prescribed or stand liable to suspension.

Both the chief of the fire department and police will have exclusive right to suspend any of the deputies, officers or employes in his respective department and under his management and control, for incompetence, gross neglect of duty, gross immorality, habitual drunkenness, failure to obey orders given him by the proper authorities or for any other reasonable or just cause. The power of the chiefs is almost unlimited. However, the suspension will not hold good unless acted upon by the mayor in their favor. To the mayor the chiefs will be compelled to look for the safety of their official heads. The mayor will have the exclusive right to suspend the chiefs for the same offenses designated for the police and firemen. The board of public service will act upon the mayor's ruling.

The number of police and firemen to serve in this city will be decided upon by council, but the directors of public safety shall classify the service each shall take and shall regulate the rules of such departments.

Section 160 provides that no person habitually using intoxicating beverages to excess shall be appointed to or be retained in any office, appointment or employment to which the provisions of the merit system are applicable, nor shall any vender of intoxicating liquors be appointed or retained.

DRUNKS DEALT WITH

Mayor Imposes the Usual Fines Upon a Trio of Inebriates.

James Wilson, who for many months was star boarder at the hotel run by Simon Haught and his estimable wife, Sarah, the janitress at the city hall, and who received his walking papers on account of arrearages claimed to be due them, was arrested last evening by Officers Mahoney and Aufderheide. Jim was merely drunk, but this morning the mayor caused him to shudder and wish that he had never been born when he told him there was a charge of attempted murder against him. The inebriate thought over the charge a moment and said: "I always knew that my drinking would lead me to something terrible." When he was told that his fine was only $5.60 a great load was taken from his mind.

George Randall, a potter, who has been working at Peoria and Sebring for some time, arrived in the city yesterday and got drunk much sooner than usual. The only explanation that he could give Officer Betteridge was that East Liverpool champagne is stronger than what he has been accustomed to. He was fined $1 and costs. A man giving his name as Hokey Pokey was arrested by Officer Saulsberry for being drunk. He will remain an inmate of the city jail until he liquidates $5.60.

SOCIAL EVENTS

In a Teacher's Honor.

A pleasant evening was spent last night at the home of Miss Cheryl Bennett, on Norton street. The entertainment was given in honor of Miss Bennett's Sunday school teacher, Miss Jennie Rowe, and also the members of the class, which are of the Methodist Protestant church. A musical program was rendered.

An Enjoyable Affair.

The smoker and social session held by Peabody lodge No. 19, K. of P., at its hall last evening was a most enjoyable affair. No regular program had been prepared, but each individual member contributed his share toward the evening's pleasantries. Lunch was served at a late hour.

Officers Entertained.

The Girls' Friendly society of St. Stephen's church, on Monday evening entertained in honor of Miss Ham, of Toledo, who is president of the organization, and Mrs. Curtis, the secretary. The evening was spent in music and social chat, after which luncheon was served.

To Entertain at Luncheon.

Mrs. F. A. Leonard, of West Market street, this evening will entertain the following party of ladies from Pittsburg at luncheon: Mrs. R. S. Smith, Mrs. James P. Orr, Mrs. J. J. Campbell and Mrs. T. D. Carnahan, sister of the hostess.

Missionary Tea.

A missionary tea will be held at the home of Mrs. John Patterson on Walnut street tomorrow afternoon by the Woman's Home Missionary society of the First M. E. church.

THE NEW YORK STOCK MARKET.

Time Money Scarce and Loaning at 7 to 8 Per Cent For 60 and 90 Days—Bonds Heavy.

New York, Nov. 19.—The most noteworthy feature of yesterday's market was the steady and persistent, though moderate, liquidation.

Aside from the scarcity of time money, which is loaning at rates practically equal to 7 and 8 per cent for 60 and 90 days, there was no very unfavorable news. Call money was easy and in very moderate demand, and gold exports seemed no nearer than they have been for weeks past. Opening prices were irregular and rather under the London level.

Features of the early trading were Erie, United States Steel issues and Colorado Fuel, all of which showed improvement. On the other hand, Reading, Union Pacific, Canadian Pacific and St. Paul were heavy, though not to a marked degree.

Railroad bonds showed heaviness throughout the day, but declines in the active issues were small. Total sales, par value, $2,090,000.

United States bonds were all unchanged on the last call.

RIGHT OF WAY GRANTED IN CALIFORNIA HOLLOW

Continued from First Page.

tion of their land in St. Clair township to the city proper, in order that residents of that locality might reach the city conveniently and without encountering the steep grades and dangerous curves of the hill districts.

The Youngstown capitalists were not long in securing an audience with the officers of the company, with the result that a meeting was arranged for last night, at which time it was thought that General Asa W. Jones, president of the Youngstown & Southern, would be present. General Jones was delayed, however, and did not arrive until this morning. A meeting was held in the office of the company this forenoon, and an agreement reached whereby the right of way held by the Bloomfield Land company will be turned over to the railroad company within the next 48 hours. The land company made one stipulation, it being that assurance must be given that the railroad people meant business and really wanted the rights for the purpose of constructing the line. General Jones promptly satisfied all present of the good faith and abundant capital behind the project, and the deal was closed.

The right of way secured includes the privileges from a point at the northerly edge of the Bloomfield Land company's possessions, and extending 1,600 feet through that tract. From there the route follows the course of California hollow to the city and ends at Sheridan avenue. It represents two-thirds of the foot frontage between the points named.

Papers providing for the transfer will be made out at once, and it is thought the Youngstown men will be in possession of the privileges sought within the next two days at most.

So far as the preliminaries are concerned there will be no drawback from this course. The promoters of the enterprise have met with remarkable success in the securing of their rights of way, and while they are not giving information to the public concerning the exact route, it is known that in every locality privileges have been granted without hesitation, on account of the thorough reliability of the projectors. It is the intention of the company to commence the erection of its power plants at once, and if the plans as now formed do not miscarry as many of these buildings as are necessary to furnish all the power needed will be completed by next spring. This will clear away one of the largest obstacles in the way of an early completion of the road, as the preparation of the road bed and the laying of track may be commenced and finished early next year.

An ordinance granting the privilege of traversing city streets will likely be prepared and presented to the council at an early date, and from the expressions of those members of council who have been interviewed there will be no difficulty in securing its passage.
